RESOLUTION NO. -2014, ESTABLISHING GUIDELINES FOR THE USE OF METHOPRENE IN SUFFOLK COUNTY

WHEREAS, the County of Suffolk, through its Vector Control Division, performs activities intended to minimize the threat of mosquito borne infections pursuant to an approved work plan; and

WHEREAS, that work plan includes the application of the larvicide Methoprene; and

WHEREAS, community members and environmental organizations have raised concerns regarding the use of Methoprene in estuarine environments; and

WHEREAS, the Division of Vector Control believes that some use of Methoprene may be necessary to protect the public health; and

WHEREAS, the County's Long Term Vector Control Plan limits the use of Methoprene for Stage I and II larvae, preferring the use of bacterial larvicides; and

WHEREAS, the states of Connecticut and Maine, as well as other communities throughout New England, have established guidelines to limit the use of Methoprene in marine environments; and

WHEREAS, these guidelines should be used by the County to protect the ecology of our delicate estuaries; now, therefore be it

1st RESOLVED, that Methoprene formulations may be applied in the following circumstances:

1. To treat Stage I and II mosquito larvae, Methoprene may only be aerially applied in estuaries, defined for the purpose of this Resolution as a semi-enclosed coastal water body where freshwater and saltwater meet and mix, when: 1) one or more disease threats, including, but not limited to, West Nile Virus and Eastern Equine Encephalitis, have been positively identified in local mosquito populations, or 2) bacterial larvicide treatments have been unsuccessful in limiting mosquito population numbers sampled at the wetland site;

2. To Stage III and IV mosquito larvae; and be it further

2nd RESOLVED, that the Division of Vector Control shall, prior to any use of Methoprene in estuaries, consult with the Department of Health Services Office of Ecology on the potential effects of Methoprene use on the life cycle of marine invertebrates during that time period and identify areas or time frames of special concern. Such information shall be used in making any decisions regarding the application of Methoprene and consultation may occur immediately prior to the application of Methoprene or prior to the beginning of larvicide application by the Division of Vector Control in a given year; and be it further

3rd **RESOLVED**, that the Commissioner of the Department of Health Services may waive the restrictions contained in the 1st RESOLVED clause of this Resolution provided that the Commissioner certifies, in writing, that failure to utilize Methoprene may result in a public health emergency; and be it further

4th **RESOLVED**, that any certification made by the Commissioner pursuant to the 3rd RESOLVED clause of this Resolution shall be filed with the Clerk of the Legislature no more than two business days after any application of Methoprene, and any such certification shall state with particularity the location of the application of Methoprene and the rationale for its use; and be it further

5th **RESOLVED**, that the restrictions set forth in this Resolution shall be included in all yearly Vector Control plans promulgated on or after the effective date of this Resolution; and be it further

RESOLUTION NO. -2014, ADOPTING LOCAL LAW NO. -2014, A LOCAL LAW TO STRENGTHEN POLICY AGAINST DUAL PUBLIC SALARIES

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2014, a proposed local law entitled, "**A LOCAL LAW TO STRENGTHEN POLICY AGAINST DUAL PUBLIC SALARIES**;" now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO STRENGTHEN POLICY AGAINST DUAL PUBLIC SALARIES

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the County of Suffolk unanimously enacted Local Law No. 31-2011 which prohibits County elected officials from collecting another publicly-funded salary while serving the residents of Suffolk County.

This Legislature finds that Local Law No. 31-2011 exempted public school teachers and professors at public universities from this prohibition.

This Legislature further finds that it was never envisioned or intended by this Legislature that an individual employed full-time in any publicly-funded position, including teachers in public school districts and public university professors, might consider simultaneously serving the residents in Suffolk County in an elected capacity.

This Legislature seeks to hold itself to the highest ethical standards and believes that allowing an elected official of Suffolk County to serve in a full-time capacity in any other publicly-funded position would constitute a breach of the public trust and would deprive the residents he or she represents of the full personal attention required by the challenges of the day.

This Legislature wishes to reaffirm its commitment to the taxpayers and residents of Suffolk County and state unequivocally that it is neither legal nor ethical for a member of this Legislature or any Countywide official to remain employed in a full-time capacity by, and collect a full-time salary from, any other level of the government.

Therefore, the purpose of this law is to amend the County ethics statute and expressly prohibit the County's elected officials from working full-time as a teacher in a public school district or as a professor at a public university.

Section 2. Amendments.

Chapter 77 of the SUFFOLK COUNTY CODE is hereby amended as follows:

Chapter 77: Ethics and Accountability

Part 1: Code of Ethics and Financial Disclosure

Article 1: Code of Ethics

* * * *

§ 77-4 Prohibition on dual office-holding; other provisions relating to political party officials.

* * * *

B. No elected official shall hold another paid position of employment with the County or a paid position of employment with any department, office, commission, board or agency of the United States of America, New York State, any town or village government, or public benefit corporation created under the provisions of New York State law. This provision shall not apply to an elected official who also holds a part-time position as a teacher in a public school district or a professor at a public university or college working less than 20 hours a week.

* * * *

Section 3. Applicability.

This law shall apply to actions occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality

(CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect immediately upon filing in the Office of the Secretary of State.

This proposed local law would amend the County's ethics code provision that bars elected officials from holding another paid position of public employment. Specifically, this law would narrow the existing exemption for public school teachers and public university professors, to exempt only those who hold part-time teaching positions.[1]

This law will take effect immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2014, ADOPTING LOCAL LAW NO. -2014, A CHARTER LAW TO PROVIDE FOR FAIR AND EQUITABLE DISTRIBUTION OF PUBLIC SAFETY SALES AND COMPENSATING USE TAX REVENUES

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on , 2014, a proposed local law entitled, "**A CHARTER LAW TO PROVIDE FOR FAIR AND EQUITABLE DISTRIBUTION OF PUBLIC SAFETY SALES AND COMPENSATING USE TAX REVENUES**;" and said local law in final form is the same as when presented and introduced; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW TO PROVIDE FOR FAIR AND EQUITABLE DISTRIBUTION OF PUBLIC SAFETY SALES AND COMPENSATING USE TAX REVENUES

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the County of Suffolk is authorized to allocate between one-eighth and three-eighths of the revenue generated from the County's additional 1% sales and compensating use tax for public safety purposes.

This Legislature also finds that because sales taxes are collected from all over Suffolk County, sales tax revenue generated for public safety purposes should be allocated equitably between the Suffolk County Police District and those towns and villages that maintain their own police forces.

This Legislature determines that Local Law No. 18-1998 attempted to establish an equitable formula for distributing public safety sales tax revenues but, unfortunately, the formula was confusing and compliance with the law has been uneven, at best.

This Legislature also determines that it is necessary to update and clarify the County's formula for allocating public safety sales tax revenues.

This Legislature also determines that in order to assure adequate funding for public safety, at least one-quarter of the revenues generated by the County's additional 1% sales and compensating use tax should be dedicated to police services on an annual basis.

Therefore, the purpose of this law is to amend the Suffolk County Charter to require that at least one-quarter of the revenues generated by the County's additional 1% sales and compensating use tax be dedicated to police services and to establish a fair, population-

based formula that will ensure that public safety sales tax revenues are shared equitably between the Suffolk County Police District and the towns and villages lying outside the district.

Section 2. Amendments.

I. Section C4-6(J) of the SUFFOLK COUNTY CHARTER is hereby amended to read as follows:

* * * *

§ C4-6. Submission of proposed County budget by County Executive.

* * * *

J. The proposed expense budget for any fiscal year shall allocate, as authorized by §1262-j of NEW YORK TAX LAW, no less than one-fourth of the revenues generated by the County's additional 1% sales and compensating use tax to the Suffolk County Police District to support the operations of the Suffolk County Police Department and to make special payments to the following municipalities to support their police services: Towns of Riverhead, Southampton, Shelter Island, Southold and East Hampton and the Villages of Amityville, Ocean Beach, Saltaire, Head of Harbor, Nissequogue, Asharoken, Huntington Bay, Lloyd Harbor, Northport, Westhampton Beach, Quogue, Sag Harbor, Southampton, and East Hampton. The special payments shall be computed by multiplying the amount of sales tax revenue allocated to the Police District Fund by a fraction equal to the total population residing within the aforesaid municipalities divided by the total population of the County. This amount shall then be divided among the municipalities based upon the respective percentage that the population of each municipality bears to all others as determined by the most recent published federal census.

* * * *

II. Section C4-10 of the SUFFOLK COUNTY CODE is hereby amended to include a new subsection (k) to read as follows:

C4-10. Action by County Legislature on proposed budget.

* * * *

K. The adopted expense budget for any fiscal year shall allocate, as authorized by §1262-j of NEW YORK TAX LAW, no less than one-fourth of the revenues generated by the County's additional 1% sales and compensating use tax to the Suffolk County Police District to support the operations of the Suffolk County Police Department and to make special payments to the following municipalities to support their police services: Towns of Riverhead, Southampton, Shelter Island, Southold and East Hampton and the Villages of Amityville, Ocean Beach, Saltaire, Head of Harbor, Nissequogue, Asharoken, Huntington Bay, Lloyd Harbor, Northport, Westhampton Beach, Quogue, Sag Harbor, Southampton, and East Hampton. The special payments shall be computed by multiplying the amount of sales tax revenue allocated to the Police District Fund by a fraction equal to the total population residing within the aforesaid municipalities divided by the total population of the County. This amount shall then be divided among the municipalities based upon the respective percentage that the population of each

municipality bears to all others as determined by the most recent published federal census.

Section 3. Applicability.

This law shall apply to expense budgets proposed and adopted on or after the effective date of the law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall not take effect until at least sixty (60) days after its adoption, nor until approved by the affirmative vote of a majority of the qualified electors of the County of Suffolk voting on a proposition for its approval if within sixty (60) days after its adoption there is filed with the Clerk of the County Legislature a petition protesting against this law in conformity with the provisions of Section 34(4) of the NEW YORK MUNICIPAL HOME RULE LAW and upon filing in the Office of the Secretary of State.

This proposed law would amend and clarify the County's charter provisions relating to the allocation of public safety revenues generated by the County's additional 1% sales tax for public safety purposes.[1]

Specifically, this law would require:

1) that no less than one-fourth of the revenues generated by the County's additional 1% sales tax go to support the operations of the Suffolk County Police Department and to make special payments to the towns and villages outside the Police District to support their police services; and

2) that the towns and villages located outside the Suffolk County Police District receive a proportionate share of the public safety sales tax revenues, based on population.[2] The County Executive would be required to propose, and the Legislature would be required to adopt, an operating budget that provides for such payments.

This law is made subject to a permissive referendum and would apply to operating budgets proposed and adopted after the law takes effect.

[1] Section 1262-j of NEW YORK TAX LAW authorizes the County to use between one-eighth and three-eighths of the revenue generated by the additional 1% sales and compensating use tax for public safety purposes.

[2] The payments to towns and villages will be calculated by multiplying the amount of sales tax revenues allocated to the Police District by a fraction equal to the population residing within these municipalities divided by the total population of Suffolk County. This amount will then be divided among the towns and villages based upon their respective populations.

RESOLUTION NO. -2014, ADOPTING LOCAL LAW NO. -2014, A LOCAL LAW TO REGULATE PET DEALERS AND PET STORES IN THE COUNTY OF SUFFOLK

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on February 11, 2014, a proposed local law entitled, "**A LOCAL LAW TO REGULATE PET DEALERS AND PET STORES IN THE COUNTY OF SUFFOLK**;" now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO REGULATE PET DEALERS AND PET STORES IN THE COUNTY OF SUFFOLK

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that pets, especially dogs and cats, are a part of many families throughout Suffolk County.

This Legislature also finds and determines that many families choose to purchase their dog or cat at a pet store.

This Legislature further finds and determines that pet stores vary widely in their care and treatment of the animals they sell, with some treating their animals like extended family while others barely meet State requirements.

This Legislature finds that dog and cat breeders that cater to pet stores also vary significantly in their treatment of newborn animals and the way they breed new litters.

This Legislature determines that some pet breeders operate substandard commercial facilities that expose animals to inhuman and unsafe living conditions to increase profit margins.

This Legislature also finds that it can be difficult for consumers to judge how a pet store cares for the animals it sells or how the animal was treated at their breeder's facility.

This Legislature further finds that the New York State Legislature recently enacted legislation which, for the first time, empowers local governments to regulate pet dealers.

This Legislature also determines that the County of Suffolk should enact a reasonable framework for pet dealers and the operation of pet stores that supplements existing state regulations and which serves to protect both consumers and the animals offered for sale.

Therefore, the purpose of this law is to establish requirements for pet dealers and pet stores operating in the County of Suffolk.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

"ANIMAL" shall mean a cat or dog.

"BREEDER" shall mean any person who breeds nine (9) or more cats or dogs per year.

"BROKER" shall mean any person who imports, buys, sells or trades cats, dogs, kittens or puppies in wholesale channels. Brokers are not required to take physical possession of the animals to be deemed as such.

"CAT" shall mean an animal of the genus Felis of the family Felidae.

"DOG" shall mean an animal of the genus Canis of the family Canidae.

"PERSON" shall mean natural person, individual, corporation, unincorporated association, proprietorship, firm, partnership, joint venture, joint stock association, or other entity or business organization of any kind.

"PET DEALER" shall mean any person who engages in the sale or offering for sale of more than nine (9) animals per year for profit to the public. Such definition shall include breeders who sell or offer to sell animals; except a breeder who sells or offers to sell directly to consumers fewer than 25 animals per year that are born and raised on the breeder's residential premises shall not be considered a pet dealer. Such definition shall further not include duly incorporated humane societies dedicated to the care of unwanted animals which make such animals available for adoption whether or not a fee is charged for such adoption.

"PET STORE" shall mean a business establishment owned and/or operated by a pet dealer.

Section 3. General Requirements.

A. No animal shall be offered for sale, trade or give-away by a pet dealer or pet store unless the animal is at least 14 weeks old, is in good health and has been weaned from its mother.

B. Any animal offered for sale, trade or give-away by a pet dealer or pet store shall have daily access to appropriate amounts of clean, fresh water and clean, fresh food.

C. Any pet dealer or pet store offering animals for sale, trade or give-away shall provide to the consumer a copy of the most recent inspection report conducted by the USDA for the breeder and/or broker from which the subject animal came.

Section 4. Primary Animal Enclosures Requirements.

A. Any primary animal enclosure used to house an animal offered for sale, trade, or to be given away shall house only one animal at a time.

B. A primary animal enclosure must be large enough for the animal to lie, stretch, walk and engage in natural movements.

C. Any enclosure made from wire must contain a resting pad of sufficient size for the contained animal to fulfill the requirements of paragraph (B) of this section without touching the containment structure or wire.

D. Animal enclosures shall be stacked no more than 2 enclosures high. The top most stacked enclosure must have a solid floor that will not permit food or debris to fall into any lower cage.

E. Any primary animal enclosure shall have a tag with the following information about the animal who is housed therein:

1. Date of the animal's birth;
2. Date of arrival to the pet dealer or pet store;
3. The name, address, phone number and USDA license number of the breeder; and
4. The name, address, phone number and USDA license number of the broker, if applicable.

Section 5. Enforcement.

A. This law shall be enforced by the Department of Labor, Licensing and Consumer Affairs.

B. The Department of Labor, Licensing and Consumer Affairs shall inspect each pet store operating in the County of Suffolk at least once annually and shall make additional inspections of any pet store should it observe or receive credible evidence of violations.

Section 6. Rules and Regulations.

The Commissioner of the Department of Labor, Licensing and Consumer Affairs is hereby authorized, empowered and directed to promulgate such rules and regulations as he or she deems necessary to implement the provisions of this law.

Section 7. Penalties.

A. Any pet dealer or pet store which violates any provision of this law shall be assessed a civil fine of $500 per violation. Each individual violation of the provisions shall be considered a separate and distinct offense.

B. A civil penalty shall only be assessed by the Commissioner of the Department of Labor, Licensing and Consumer Affairs following a hearing and opportunity for an alleged violator to be heard.

Section 8. Applicability.

This law shall apply to all actions occurring on or after the effective date of this law.

Section 9. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 10. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 11. Effective Date.

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

Chapter 556 of the 2013 Laws of the State of New York, for the first time, authorized local governments to regulate pet dealers operating within their jurisdictions.

This proposed local law would impose certain restrictions and requirements on pet dealers to supplement existing state regulations. Specifically, this law would:

- bar the sale, trade or give-away of an animal[1] by a pet dealer[2] unless the animal is at least 14 weeks old, in good health and weaned from its mother.
- require pet dealers to give animals daily access to appropriate amounts of clean, fresh water and food.
- require pet dealers to provide consumers with a copy of the most recent inspection report provided by the USDA for the breeder and/or broker from which the subject animal came.

Additionally, this law would require that animal enclosures house only one animal at a time; be large enough to allow animals to lie, stretch, walk and engage in its natural movement; and contain a resting pad of sufficient size to allow the animal to lie, stretch, walk and engage in its natural movement. Further, pet dealers could not stack more than two animal enclosures; the top enclosure would have to have a solid floor. Finally, all enclosures would have to be tagged with pertinent information about the animal (its date of birth, the date of its arrival at the pet store, and breeder and broker information).

---

[1] "Animal" shall mean a cat or dog.

[2] "Pet dealer" shall mean any person who engages in the sale or offering for sale of more than nine (9) animals per year for profit to the public. Such definition shall include breeders who sell or offer to sell animals; except a breeder who sells or offers to sell directly to consumers fewer than 25 animals per year that are born and raised on the breeder's residential premises shall not be considered a pet dealer. Such definition shall further not include duly incorporated humane societies dedicated to the care of unwanted animals which make such animals available for adoption whether or not a fee is charged for such adoption.

This law would be enforced by the Department of Labor, Licensing and Consumer Affairs and the Department would be required to inspect every pet store at least once annually. Pet dealers violating this law would be subject to a civil penalty of $500 per violation, following a hearing held by the Department.

This law would take effect immediately upon its filing in the Office of the Secretary of State.

2014 INTERGOVERNMEMTAL RELATIONS MEMORANDUM OF SUPPORT

TITLE OF BILL: **ACCEPTING AND APPROPRIATING 100% FEDERAL FUNDS AWARDED AS PASS-THRU FUNDING BY THE NEW YORK STATE DIVISION OF CRIMINAL JUSTICE SERVICES TO THE SUFFOLK COUNTY DEPARTMENT OF PROBATION AND AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE RELATED AGREEMENTS.**

PURPOSE OR GENERAL IDEA OF BILL: The Director of Probation has requested the acceptance of funds in connection with the GTSC Ignition Interlock Device Monitoring Program. These federal funds will be used to engage in Breath Alcohol Ignition Interlock Device monitoring activities in Suffolk County for DWI-related offenders sentenced, pursuant to Chapter 496 of the 2009 Laws of New York State, and whose sentence requires the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender.

SUMMARY OF SPECIFIC PROVISIONS: This Legislation requests the acceptance and allocation of $356,749 of funding for the 2013-2014 Federal fiscal period. This funding will facilitate reimbursement at a rate of $110.21 per Ignition Interlock Device order to further this initiative.

JUSTIFICATION: The Probation Department has participated in the GTSC Ignition Interlock Device Monitoring Program since the program inception, as required by State Law, and receives an annual allocation of funding for cost reimbursement to the County for Ignition Interlock device monitoring. For the funding period of October 1, 2013 through September 30, 2014 the participation in the GTSC Ignition Interlock Device Monitoring Program has again been extended.

FISCAL IMPLICATIONS: The funding will allow for an offset to the cost of the monitoring vendors contract and has in the past provided additional funds to the County. This grant does not allow for the direct claim of staff or contractual costs. Compliance is based on the reporting of the actual court ordered Ignition Interlock conditions and compliance with monitoring of the devices actually installed. A portion of the allocated funding was not included in the adopted 2014 Operating Budget. The Legislation requests the appropriation of the additional $231,749 to expenses and recognition of the allowable total of $356,749 in revenue.

RE: Contract Number C523696

Dear Mr. Cohen:

I am pleased to inform you that your locality has been awarded a Governor's Traffic Safety Committee (GTSC) Ignition Interlock Device Monitoring award in the amount of $356,749 to support probation supervision and monitoring services. This year's allocations are the same as last year's awards. The award will be for the contract period October 1, 2013 to September 30, 2014.

Statutory changes as a result of the enactment of Chapter 169 of the 2013 Laws of New York State modified "Leandra's Law". The revisions include a clarification that Youthful Offenders are subject to Ignition Interlock Device (IID) installation and monitoring, as well as the provision that IID may be ordered for anyone in advance of the sentence. Your contract's work plan will reflect these amendments to the law. The work plan also emphasizes the utilization of certain DMV data sources to assist counties in their monitoring efforts.

In order to facilitate the development of the new contract, please go into the Grants Management System (GMS) under your contract number and ensure that all contact information for your program is accurate under the *Participant* tab of your GMS record, or update as necessary.

Please note the following information with regard to reporting and vouchering:

- *Vouchers/Claims* - Please refrain from submitting claims/vouchers to the Division of Criminal Justice Services' (DCJS) Finance Office until you receive executed contracts. Fiscal claims and vouchers should be submitted quarterly to:

  NYS Division of Criminal Justice Services
  Finance Office, 10th Floor
  80 South Swan Street
  Albany, New York 12210

- *Progress Reports* - All programs must submit quarterly Progress Reports via GMS within 30 days of the end of the calendar quarter as follows:

Calendar Quarter	Report Due
January 1 - March 31	April 30
April 1 - June 30	July 30
July 1 - September 30	October 30
October 1 - December 31	January 30

- *Office of Probation and Correctional Alternatives (OPCA) Quarterly Reports* - In addition to the four (4) work plan based progress reports referenced in contract Appendix A-1 which are required to be submitted in GMS, the grantee is also required to submit quarterly reports with program data involving receiving logs on the form: ***County Monitors' Report of Ignition Interlock Device Pre-Sentence/Sentencing Orders Received and Installation Status***. This form is being modified to reflect changes to the law and will be forwarded to you with instructions from OPCA. This form must be sent to OPCA at dcjsopcaiidreports@dcjs.ny.gov within 30 days after the close of each quarter.

Please note that these funds are dependent upon awards made through the Governor's Traffic Safety Committee (GTSC) each year, therefore, there is no guarantee of future funding for this program. All grantees should make every effort to manage funds efficiently and seek ways to sustain the ignition interlock program with other resources wherever possible.

Congratulations on your award! We are looking forward to continuing our work with you on this important initiative.

Very truly yours,

Michael C. Green
Executive Deputy Commissioner

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, 'the contract' or 'this contract') agree to be bound by the following clauses which are hereby made a part of the contract (the word 'Contractor' herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appro¬priated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6.a).

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevail-ing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at indepen¬dently and without collusion aimed at restricting competition. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, 'the Records'). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspec¬tion, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Offi¬cers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

Grantee Name Suffolk County

APPENDIX D - Work Plan

Goal

To enhance public safety by providing Ignition Interlock Device (IID) monitoring activities for DWI offenders (including Youthful Offenders) who have been sentenced pursuant to Chapter 496 of the Laws of 2009 or otherwise ordered by a court pursuant to Chapter 169 of the Laws of 2013 to install and maintain an ignition interlock device in advance of sentencing or at sentencing in any motor vehicle which they own or operate.

Objective #1

To provide Ignition Interlock Device monitoring activities in Suffolk County for all DWI criminal offenders pursuant to Leandra's Law who have been: a)Sentenced to Probation or Conditional Discharge on or after October 1, 2013, and having conditions requiring the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender or, b)Ordered by the Court to install and maintain an Ignition Interlock Device in advance of sentencing in relation to commission of a Leandra's Law crime which occurred on or after November 1, 2013.

Task #1 for Objective #1

Designated monitoring agencies in the county will coordinate with their local judiciary and district attorney's office to receive pre-sentence/sentencing orders from the criminal courts pertaining to DWI criminal offenders pursuant to Leandra's Law who have been ordered to install and maintain ignition interlock devices in advance of sentencing, or as a condition of their Probation or Conditional Discharge sentence, in any motor vehicles which they own or operate.

#	Performance Measure
1	The number of Probation and Conditional Discharge sentencing orders, and other judicial orders in advance of sentencing having IID related conditions received by the jurisdiction's IID monitor(s) from all criminal courts within Suffolk County.

Task #2 for Objective #1

To coordinate the reimbursement for Ignition Interlock Device (IID) court orders received for designated monitoring agencies within Suffolk County as follows: The grantee will complete the quarterly reporting form entitled COUNTY MONITORS REPORT OF IGNITION INTERLOCK DEVICE PRE-SENTENCE/ SENTENCING ORDERS RECEIVED AND INSTALLATION STATUS which should be submitted to DCJS in Microsoft excel spreadsheet format. This form will provide the DCJS Office of Probation and Correctional Alternatives (OPCA) with basic data as to the monitoring services provided and will also be the basis upon which reimbursement claims are made. Offenders should only be entered in one quarterly report - cases which receive monitoring services subsequent to that initial entry should NOT be entered on subsequent quarterly reports. Grantees will indicate on the report form as provided, whether the offender has been ordered to install the ignition interlock device in advance of sentencing or at sentencing. During the reporting period for each quarter of the contract year, Suffolk County will submit the required fiscal paperwork including vouchers and supporting documentation to DCJS Finance Office and upon receiving reimbursement from DCJS distribute monies to the designated monitoring agency(ies), whichever is applicable. A case may only be claimed for reimbursement a single time when the installation of the IID is ordered by the court. If a case has been claimed in advance of sentencing, it cannot be again claimed following sentencing. Further, only the jurisdiction where installation of the IID is ordered in advance of sentencing or at sentence may claim reimbursement. Subsequent intrastate transfer of the IID case does not qualify the receiving jurisdiction to claim reimbursement.

#	Performance Measure
1	The number of cases submitted for reimbursement according to the procedures outlined in Task #2 above.

Task #3 for Objective #1

All operators court ordered to have an ignition interlock device installed pursuant to "Leandra's Law" and/or its amendments shall be registered in the New York State (NYS) Department of Motor Vehicles (DMV) License Event Notification System (LENS), or comparable system for the duration of the period of Probation, Conditional Discharge, or the pre-sentence Ignition Interlock order, where the probation department or other monitoring agency is permitted access to LENS.

#	Performance Measure

1 The number of vehicle operators court ordered to have an ignition interlock device installed pursuant to such aforementioned laws who are registered in NYS' DMV LENS, or comparable system by the applicable monitor each quarter.

Task #4 for Objective #1

For all operators ordered to install an IID pursuant to such aforementioned laws, but who have not had such devices installed because of operator's claim that they do not own or operate any vehicle(s), the applicable monitor will make inquiries to NYS DMV at least once per quarter to ensure that no vehicles are registered or titled to such person.

#	Performance Measure
1	The number of operators ordered to install an IID pursuant to such aforementioned laws who have not had such devices installed, regarding whom the applicable monitor has made inquiries to the NYS DMV to ensure that no vehicles are registered or titled to such person during each quarter.

Task #5 for Objective #1

For vehicles found registered or titled to those operators ordered to install an IID pursuant to such aforementioned laws, but who have not had such device installed because of operator's claim that they do not own or operate any vehicle(s), the applicable monitor will notify the court and district attorney forthwith and consider instituting violation actions where appropriate.

#	Performance Measure
1	The number of notifications made by the applicable monitor to courts and district attorneys regarding those operators with vehicles found registered or titled to them but who have not had an IID installed because of the operator's claim that they do not own or operate any vehicle(s).

APPENDIX A

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, 'the contract' or 'this contract') agree to be bound by the following clauses which are hereby made a part of the contract (the word 'Contractor' herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, 'the Records'). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.
(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin,

sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of 'a', 'b', and 'c' above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the 'Work') except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ('CPLR'), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a 'procurement contract' as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS. To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of

perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

MEMORANDUM OF SUPPORT

Title Of Bill: Accepting and appropriating a grant in the amount of $23,670 from the New York State Governor's Traffic Safety Committee (GTSC FFY2014) Police Traffic Safety (PTS) Program Grant with 100% support for the Sheriff's Traffic Safety Initiative.

PURPOSE OR GENERAL IDEA OF BILL:

Grant funding in the amount of $23,670 will be used to participate in the statewide Police Traffic Services (PTS) Program. The goal is to increase seat belt usage and reduce aggressive, speeding, distracted and other dangerous driving behaviors in an effort to reduce serious injury and death from traffic crashes.

SUMMARY OF SPECIFIC PROVISIONS:

The Sheriff's Office will participate in the Governor's Traffic Safety Committee (GTSC) Federal Fiscal Year 2014 Police Traffic Services (PTS) Program which incorporates planned enforcement activities targeting identified crash causing traffic violations and /or behaviors at their specific times and places of occurrence and active enforcement of the State's seat belt and child restraint laws.

JUSTIFICATION:

Over the past several decades New York has implemented laws and programs to impact highway safety and has experienced reductions in the number of serious injuries and fatalities due to motor vehicle crashes. Despite this success, the consequences of motor vehicle crashes continue to be a problem in New York State. A large percentage of these traffic crashes can be directly attributed to aggressive, speeding, distracted and other dangerous driving behaviors. In addition, motor vehicle occupants who are properly restrained in a motor vehicle crash have a better chance of survival with less serious injuries than those who are unrestrained. Directed traffic law enforcement is the proven key to reducing these dangerous behaviors, motor vehicle crashes and their tragic results.

INTENT

In light of the June 30, 2010 changes to the Empire Zone program, it is the intent of the parties to this MOU to outline and provide for the management of the Suffolk County/Town of Riverhead Empire Zone. Further, the parties wish to clarify their respective obligations with respect to the management of the zone.

HISTORY

WHEREAS, on September 16, 1997, pursuant to General Municipal Law §958(c), et seq., and the regulations promulgated to implement same, the Suffolk County Legislature adopted Resolution 803-1997 setting forth Empire Zone boundaries (previously known as Economic Development Zone) and authorizing the Suffolk County Executive to submit an application for Economic Development Zone designation with the County of Suffolk as the primary applicant. The Town of Riverhead, as joint applicant, adopted Local Law 12-1997 on September 29, 1997 concurring with the boundaries set forth by the County as primary applicant; and

WHEREAS, the Riverhead Town Attorney was designated the Zone Certifying Officer and the generic composition of the Empire Zone Administrative Board ("ZAB") was established pursuant to the application, aforementioned local laws and Town of Riverhead Resolution Nos. 747-98, 1098-98, and 519-99; and

1090

Town of Babylon; 68 acres in downtown Riverhead; 9 acres in Riverside (7 grandfathered and 2 applied to real property) within the Town of Southampton; and 20 acres in Melville within the Town of Huntington; and

WHEREAS, on June 30, 2010 the New York State Legislature allowed the legislation establishing the Empire Zone program to sunset, but required local zone administration boards to continue reporting on member businesses; and

WHEREAS, the Comptroller of the Town of Riverhead reported that there exists a fund balance of $89,000 in the Town of Riverhead's Empire Zone Accounts; and

WHEREAS, the parties wish to clarify their respective obligations with respect to Empire Zones management and finances;

NOW, THEREFORE, IT IS HEREBY AGREED

1. Term of Agreement

This agreement shall take effect retroactively from July 1, 2010 and shall remain in full force and effect until there are no longer any currently certified businesses within the Zone Program.

2. Purpose of Agreement

A. Effect on January 15, 2010 Empire Zone Memorandum of Understanding

This agreement shall supersede the January 15, 2010 MOU entered into by the Town of Riverhead and the County of Suffolk and ratified by the Town of Southampton, TOWN OF HUNTINGTON and the Town of Babylon relating to the operations of the Suffolk County/Town of Riverhead Empire Zone. The January 15, 2010 MOU shall no longer have full force and effect and shall be deemed to have been terminated upon the execution of this agreement.

3. Administration of the Empire Zone.

A. Day-to-day operation of the Empire Zone

The Town of Riverhead will continue to be responsible for the administration of the Empire Zone on behalf of the parties to this agreement until there are no longer any certified businesses in the program. The Town of Riverhead will administer any obligations under the Empire Zone Program either directly through a town employee or through other mechanisms approved by the Empire Zone Administrative Board. The Town will allocate and utilize the fund balance of $89,000 as compensation for the Zone administration.

B. Empire Zone Certifying Officer

The Town Attorney for the Town of Riverhead shall continue to act as the Zone Certifying Officer during the term of this agreement.

1090

C. Empire Zone Board Composition

Consistent with the Suffolk County/Town of Riverhead Empire Zone local legislation, the County of Suffolk will retain the Chairmanship of the ZAB and the Suffolk County Legislature will appoint one representative each from the Towns of Babylon, Huntington and Southampton, which shall be recommended by the Towns of Babylon, Huntington and Southampton. The Riverhead Town Supervisor, or his designee, will continue to hold the position of Vice Chair of the ZAB. The Town of Riverhead shall appoint all remaining ZAB members in accordance with the local laws. The parties further agree that they shall not take any action to amend any local laws relating to the composition of the Empire Zone Board without first amending this agreement.

4. Contribution obligations for administration of the Empire Zone Program:

A. The budget for the term of the agreement shall be $89,000. This reflects the fund balance in the Empire Zone account administered by the Town of Riverhead as of September 22, 2011. The Town shall be solely responsible for the administration of the Empire Zone program, as per its request, and it shall not solicit further funding from Suffolk County or any other municipality in which a certified business is located.

Intro. Res. No. -2014
Introduced by Legislator Hahn

Laid on Table 2/11/14

RESOLUTION NO. - 2014, ADOPTING LOCAL LAW NO. -2014, A LOCAL LAW TO ESTABLISH HEALTHY FOOD STANDARDS AT SUFFOLK COUNTY FACILITIES

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2014, a proposed local law entitled, "**A LOCAL LAW TO ESTABLISH HEALTHY FOOD STANDARDS AT SUFFOLK COUNTY FACILITIES**" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO ESTABLISH HEALTHY FOOD STANDARDS AT SUFFOLK COUNTY FACILITIES

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that obesity is an epidemic throughout the United States among both children and adults, which can cause significant health problems such as diabetes and cardiovascular disease.

This Legislature also finds and determines that over 59% of Suffolk County residents are overweight or obese pursuant to body mass index (BMI) calculations.

This Legislature further finds that the County of Suffolk should adopt a leadership role in promoting good health and fighting obesity.

This Legislature finds that the County of Suffolk operates a network of parks, many of which feature concession stands that allow visitors to purchase a convenient meal. Other County facilities have cafeterias and vending machines that make food and beverages available to visitors and employees.

This Legislature also finds that concession stands in other areas of the country that offer healthy food and beverages are finding their businesses thriving, with increased profits and reduced production costs.

This Legislature determines that County park concessions, cafeterias and vending machines should offer healthy menu items that are readily available for purchase by visitors and employees to encourage consumption of fresh fruits, vegetables and whole grains and promote a healthy, active lifestyle.

This Legislature also finds that improving the food offerings available at County facilities will also showcase our vibrant local farming community, expose residents to organic foods and produce, and contribute to the improvement of Long Island's economy.

Therefore, the purpose of this law is to require that healthy food standards be incorporated into all future agreements with concession, cafeteria and vending machine operators.

Section 2. Contract Requirements.

RE: CP 1130 – Civil Court Renovations and Addition – Courtrooms, Riverhead

---

Attached for your review is a draft resolution appropriating the sum of $1,300,000 for planning and construction to continue and expand the on-going Phase III - Exterior Restoration and Weatherproofing of the Supreme Court Complex on Griffing Avenue, Riverhead.

The additional funding will further progress the exterior building façade restorations and replacement of slate roofs on the Commissioner of Jurors building (C0003) and Administrative building (C0004). Restorations are being designed, supervised and executed to preserve the historic fabric of the older buildings which have been damaged over time from weather exposure and water infiltration.

The Old Supreme Courthouse (C0002) interior and exterior was completed in 2013 with some minor work still ongoing. The Courts are now fully occupying this building with five additional courtrooms.

This action is considered a Type II Action under SEQRA in accordance with NYCRR, Part 617.5(c) (1) and (2).

An e-mail copy of the resolution has been sent to CE RESO Review sent under the title Reso-DPW-CP 1130 Civil Ct Reno.doc.

EXECUTIVE DEPUTY COMMISSIONER

December 13, 2013

Mr. James Burke
Chief
Suffolk County Police Department
30 Yaphank Avenue
Yaphank, NY 11980

Dear Chief Burke:

The New York State Division of Criminal Justice Services (DCJS) is pleased to advise you that Suffolk County Police Department has been awarded *$143,200* in SFY 2013-14 Motor Vehicle Theft and Insurance Fraud grant funds. This award is in collaboration with the New York State Motor Vehicle Theft and Insurance Fraud Prevention Board (the Board) through funding available from the Motor Vehicle Theft and Insurance Fraud Demonstration Program (MVTIFDP) to support the program proposal described in your recent grant application. The award will be for the contract period January 1, 2014 to December 31, 2014. **We also wanted to make you aware that a press release is scheduled to be issued about these awards, so it is possible you may get inquiries from local reporters on the award.**

Over $4.2 million in grant funding was requested as compared to the approximately $3.9 million available for awards in this contract cycle. As a result of this response your application request may have been reduced to accommodate the funds available. In the very near future, an Office of Program Development and Funding (OPDF) Criminal Justice Program Representative (CJPR) will contact your office to assist you in the development of the grant contract. We will work with you to help structure your proposed program consistent with the award amount.

Please note the following requirements are part of the final 2013-14 contract conditions:

- **Reports and Vouchers**: Grantees are required to submit quarterly progress reports and vouchers within 30 days of completion of each quarter.

- **M/WBE**: Effective April 1, 2013, all NYS grant recipients must demonstrate good faith efforts to promote opportunities for minority- and women-owned businesses and the employment of minority group members and women in the performance of DCJS contracts. Grantees receiving in excess of $25,000 must submit a M/WBE Equal Employment Opportunity Staffing Plan (DCJS-3300), a Local Assistance M/WBE Subcontractor/Supplier Utilization Proposal Form (DCJS-3301) and a Local Assistance M/WBE NPS Discretionary Budget Determination Worksheet (DCJS-3309). Your program representative will advise you if the forms submitted during the

1102

application process are acceptable, or will assist you if revisions are needed. M/WBE forms 3300, 3301 and 3309 may be found on the DCJS public website at http://www.criminaljustice.ny.gov/ofpa/mwbe/mwbe-forms.htm.

- All grant recipients are required to enter investigative targets in the Secure Automated Fast Event Tracking Network (SAFETNet).

- During the contract period, grantees will be expected to produce substantiated information, both statistical and programmatic, on the effectiveness of the initiatives implemented by the grant program. This information is essential to demonstrate the success of your program and may influence the continued support of your program initiatives in future funding cycles.

The CJPR will assist the primary contact for your project in the development of the final MVTIFP grant contract. If you have any questions related to the Motor Vehicle Theft and Insurance Fraud Prevention Program, please call the MVTIF Program staff at (518) 457-8404.

Congratulations on your award! We look forward to working with you in the upcoming year to keep New York State the safest large state in the nation.

Very truly yours,

Michael C. Green

AGREEMENT

STATE OF NEW YORK
AGREEMENT
This AGREEMENT is hereby made by and between the State of New York agency (STATE) and the public or private agency (CONTRACTOR) identified on the face page hereof.
WITNESSETH:
WHEREAS, the STATE has the authority to regulate and provide funding for the establishment and operation of program services and desires to contract with skilled parties possessing the necessary resources to provide such services; and
WHEREAS, the CONTRACTOR is ready, willing and able to provide such program services and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services required pursuant to the terms of this AGREEMENT;
NOW THEREFORE, in consideration of the promises, responsibilities and covenants herein, the STATE and the CONTRACTOR agree as follows:
I. Conditions of Agreement
A. This AGREEMENT may consist of successive periods (PERIOD), as specified within the AGREEMENT or within a subsequent Modification Agreement(s) (Appendix X) Amendment. Each additional or superseding PERIOD shall be on the forms specified by the particular State agency, and shall be incorporated into this AGREEMENT.
B. Funding for the first PERIOD shall not exceed the funding amount specified on the face page hereof. Funding for each subsequent PERIOD, if any, shall not exceed the amount specified in the appropriate appendix amendment for that PERIOD.
C. This AGREEMENT incorporates the face page attached as presented in the Grants Management System (GMS) AWARD online printable report, and all of the marked appendices identified on the face page hereof.
D. For each succeeding PERIOD of this AGREEMENT, the parties shall prepare new appendices, to the extent that any require modification, and a Modification Agreement. Any terms of this AGREEMENT not modified shall remain in effect for each PERIOD of the AGREEMENT.
To modify the AGREEMENT within an existing PERIOD, the parties shall revise or complete the appropriate appendix form(s). Any change in the amount of consideration to be paid, change in scope, or change in term is subject to the approval of the Office of the State Comptroller. Any other modifications shall be processed in accordance with agency guidelines as stated in Appendix A-1.
E. The CONTRACTOR shall perform all services to the satisfaction of the STATE. The CONTRACTOR shall provide services and meet the program objectives summarized in the Program Workplan (Appendix D) in accordance with: provisions of the AGREEMENT; relevant laws, rules and regulations, administrative and fiscal guidelines; and where applicable, operating certificates for facilities or licenses for an activity or program.
F. If the CONTRACTOR enters into subcontracts for the performance of work pursuant to this AGREEMENT, the CONTRACTOR shall take full responsibility for the acts and omissions of its subcontractors. Nothing in the subcontract shall impair the rights of the STATE under this AGREEMENT. No contractual relationship shall be deemed to exist between the subcontractor and the STATE.
G. Appendix A (Standard Clauses as required by the Attorney General for all State contracts) takes precedence over all other parts of the AGREEMENT.
II. Payment and Reporting
A. The CONTRACTOR, to be eligible for payment, shall submit to the STATE's designated payment office (identified in Appendix C) any appropriate documentation as required by the Payment and Reporting Schedule (Appendix C) and by agency fiscal guidelines, in a manner acceptable to the STATE.
B. The STATE shall make payments and any reconciliations in accordance with the Payment and Reporting Schedule (Appendix C). The STATE shall pay the CONTRACTOR, in consideration of contract services for a given PERIOD, a sum not to exceed the amount noted on the face page hereof or in the respective Appendix designating the payment amount for that given PERIOD. This sum shall not duplicate reimbursement from other sources for CONTRACTOR costs and services provided pursuant to this AGREEMENT.
C. The CONTRACTOR shall meet the audit requirements specified by the STATE.
III. Terminations
A. This AGREEMENT may be terminated at any time upon mutual written consent of the STATE and the CONTRACTOR.
B. The STATE may terminate the AGREEMENT immediately, upon written notice of termination to the CONTRACTOR, if the CONTRACTOR fails to comply with the terms and conditions of this AGREEMENT and/or with any laws, rules, regulations, policies or procedures affecting this AGREEMENT.
C. The STATE may also terminate this AGREEMENT for any reason in accordance with provisions set forth in Appendix A-1.
D. Written notice of termination, where required, shall be sent by personal messenger service or by certified mail, return receipt

requested. The termination shall be effective in accordance with the terms of the notice.
E. Upon receipt of notice of termination, the CONTRACTOR agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the STATE.
F. The STATE shall be responsible for payment on claims pursuant to services provided and costs incurred pursuant to terms of the AGREEMENT. In no event shall the STATE be liable for expenses and obligations arising from the program(s) in this AGREEMENT after the termination date.
IV. Indemnification
A. The CONTRACTOR shall be solely responsible and answerable in damages for any and all accidents and/or injuries to persons (including death) or property arising out of or related to the services to be rendered by the CONTRACTOR or its subcontractors pursuant to this AGREEMENT. The CONTRACTOR shall indemnify and hold harmless the STATE and its officers and employees from claims, suits, actions, damages and costs of every nature arising out of the provision of services pursuant to this AGREEMENT.
B. The CONTRACTOR is an independent contractor and may neither hold itself out nor claim to be an officer, employee or subdivision of the STATE nor make any claim, demand or application to or for any right based upon any different status.
V. Property
Any equipment, furniture, supplies or other property purchased pursuant to this AGREEMENT is deemed to be the property of the STATE except as may otherwise be governed by Federal or State laws, rules or regulations, or as stated in Appendix A-1.
VI Safeguards for Services and Confidentiality
A. Services performed pursuant to this AGREEMENT are secular in nature and shall be performed in a manner that does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular religious beliefs.

APPENDIX A

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, 'the contract' or 'this contract') agree to be bound by the following clauses which are hereby made a part of the contract (the word 'Contractor' herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220 -e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor

and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, 'the Records'). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.
(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State

Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of 'a', 'b', and 'c' above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the 'Work') except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ('CPLR'), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and

2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. 24. PROCUREMENT LOBBYING. To the extent this agreement is a 'procurement contract' as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS. To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

APPENDIX A1
AGENCY-SPECIFIC CLAUSES

1. If this Agreement exceeds $50,000, it shall not take effect until it is executed by the parties hereto and approved by the Attorney General and the Comptroller of the State of New York. If this Agreement is for $50,000 or less, it shall not take effect until it is executed by both parties.

2. This Agreement sets forth the entire understanding of the parties and may not be altered or amended except in format approved by DCJS and the NYS Office of the State Comptroller, and electronically signed by the parties hereto.

3. The failure of a party to enforce a contractual obligation shall not eliminate the other party's obligation to perform such contractual obligation.

4. In the event that any provision of this Agreement is determined to be null and void, all remaining provisions shall continue to be in full force and effect.

5. The Grantee must notify DCJS in writing of any change in the number, title, job duties or rate of remuneration of project staff which changes the Personal Service Project Budget line by 10 percent or under. Any change in the number, title, job duties or rate of remuneration of project staff which changes the Project Budget line more than 10 percent must be approved in writing by DCJS prior to implementation. The Grantee agrees to provide DCJS with resumes and supporting documentation upon request.

6. The Grantee shall submit detailed itemization forms for personal service and fringe benefit expenditures, in a format determined by DCJS, with any voucher and Fiscal Cost Reports requesting payment for expenditures.

7. The Grantee must maintain specific documentation as support for project related personal service expenditures, depending upon whether this grant contract project is supported by State or Federal funds:

A. For State funded grants:

For all Grantee's staff whose salaries are paid in whole or in part from grant funds provided under this Agreement, the Grantee shall maintain a time recording system which shows the time devoted to the grant project. The system shall consist of time sheets, computerized workload distribution reports, or equivalent systems. The time devoted to grant activities must be determinable and verifiable by DCJS. If time sheets are used, each must be signed by the individual and certified by the individual's supervisor in a higher level position at the end of each time reporting period.

B. For Federally funded grants:

Depending upon the nature or extent of personal service provided under this Agreement, the Grantee shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with the requirements of the Federal Office of Management and Budget (OMB) Circulars A-21, A-87 or A-122, as applicable:

1. OMB Circular A-21 [Item J, General provisions for selected items of cost] identifies documentation required for educational institutions as support for grant project personnel costs.

2. OMB Circular A-87 [Attachment B, Selected Items of Cost] identifies the documentation required for local government agencies as support for grant project personnel costs.

3. OMB Circular A-122 [Attachment B, Selected Items of Cost] identifies the documentation required for non-profit organizations as support for grant project personnel costs.

The most current version of these Federal OMB Circulars may be viewed on-line at: http://www.whitehouse.gov/omb/circulars_default/. The Grantee is to ensure full compliance with specific personal service documentation requirements of these OMB Circulars as applicable directly to the Grant recipient and to any sub-recipient (or collaborative agency/organization). Failure to do so may result in disallowance of costs upon audit.

8. Budget amendments are governed as follows:

A. Any proposed modification to the contract must be submitted for prior approval by DCJS and the NYS Office of the State Comptroller (OSC) when:

1. The amount of the modification is equal to or greater than ten percent of the total value of the contract for contracts of less than five million dollars; or

2. The amount of the modification is equal to or greater than five percent of the total value of the contract for contracts of five million dollars or more.

An Appendix X setting forth the proposed amendment must be electronically signed via the Grants Management System by the Grantee for approval by DCJS and the NYS Office of the State Comptroller before the next voucher and/or fiscal cost report will be approved.

B. For proposed modifications to the contract below the DCJS/OSC approval thresholds as set forth in 8 (A), the following shall apply:

1. The Grantee is not permitted to reallocate funds between Personal Service and Non-Personal Service budget categories without the prior approval of DCJS. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.

2. The Grantee is not permitted to reallocate funds between Non-Personal Service budget categories without the prior approval of DCJS when the amount of the modification is equal to or greater than ten percent of the category. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.

3. Prior approval by DCJS is not required for Non-Personal Service budget changes which are less than 10 percent. These changes, however, must be submitted to DCJS with the next voucher or fiscal cost report submission.

Requests for modifications must be made in writing by an authorized representative of the Grantee.

9. Space rental provided by this Agreement must be supported by a written lease, maintained on file and made available by the Grantee upon request.

10. The Grantee's request for travel, meals or lodging reimbursement shall be in accordance with Appendix B, Budget, and, unless prior written authorization has been received from DCJS, shall not exceed rates authorized by the NYS Office of the State Comptroller.

11. The Grantee's employment of a consultant must be supported by a written agreement executed by the Grantee and the consultant. A consultant is defined as an individual or organization hired by the Grantee for the stated purpose of accomplishing a specific task relative to the funded project. A copy of the agreement must be submitted to DCJS with the appropriate voucher for payment. All consultant services must be obtained in a manner that provides for fair and open competition. The Grantee shall retain copies of all solicitations seeking a consultant, written agreements and documentation justifying the cost and selection of the consultant. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Agreement and the Grantee must guarantee the work of the consultant as if it were its own.

A. The rate for a consultant should not exceed $450 for an eight-hour day (not including travel and subsistence costs). A rate exceeding $450 per eight-hour day requires prior written approval from DCJS and may be approved on a case-by-case basis where adequate justification is provided and expenses are reasonable and allowable.

B. In addition to the above requirements, a Grantee that is a local government or a not-for-profit must adhere to the following guidelines at a minimum when obtaining consultant services:

1. Consultant services that cost up to $999 under this grant agreement can be obtained at the Grantee's discretion.

2. Consultant services that cost between $1,000 and $4,999 under this grant agreement must be supported by at least three telephone quotes and a record created of such quotes.

3. Consultant services that cost between $5,000 and $9,999 under this grant agreement must be supported by at least three written quotes on a vendor's stationery and a record created of competitive procurement process utilized.

4. A Grantee obtaining consultant services that cost in excess of $10,000 must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

C. A Grantee who proposes to obtain consultant services from a particular vendor without competitive bidding, must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and basis upon which the price was determined to be reasonable. Further, such consultant services must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS' approval must also be submitted with the voucher for payment.

D. Notwithstanding the provisions of this paragraph, the Parties agree that DCJS' prior written approval is not required for the employment of a consultant when such employment is secured in relationship to a criminal matter as an expert witness, consultant or investigator. The Parties agree that the employment shall be supported by a written agreement and that all requests for reimbursement shall be supported by documentation identifying the criminal matter involved, services provided, time commitment and schedule. Such agreement and documentation shall be submitted to DCJS with the appropriate voucher for payment.

12. All procurements, other than consultant services, shall be conducted in the following manner. Written justification and documentation for all procurements must be maintained on file and made available upon request. Detailed itemization forms for non-personal service expenditures, in a format determined by DCJS, shall accompany each voucher and Fiscal Cost Report requesting payment. All procurements must be made in a fair and open manner and in accordance with the pre-determined methodology established for evaluating bids (e.g., lowest responsive bidder or best value).

A. A Grantee that is a state entity must make all procurements in accordance with State Finance Law Article 11, and any other applicable regulations.

B. A Grantee that is a local government must make procurements in accordance with General Municipal Law Article 5-A and any other applicable regulations.

C. In addition, a Grantee that is a not-for-profit must also make all procurements as noted below:

1. If the Grantee is eligible to purchase an item or service from a government contract or is able to purchase such item or service elsewhere at a lower than or equal price, then such purchase may be made immediately.

2. A Grantee may purchase any single piece of equipment, single service or multiples of each that cost up to $999 at its discretion.

3. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between $1,000 and $4,999, a Grantee must secure at least three telephone quotes and create a record for audit of such quotes.

4. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between $5,000 and $9,999, the Grantee must secure at least three written quotes on a vendor's stationery and maintain a record of the competitive procurement process for audit purposes.

5. A Grantee spending in aggregate of $10,000 and above must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

6. A Grantee who proposes to purchase from a particular vendor without competitive bidding must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. Further, such procurement must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS' approval must also be submitted with the voucher for payment.

13. Applicable equipment purchased with funds provided by this Agreement as listed in Appendix B, Budget, shall be assigned a unique inventory number. The Grantee shall list all applicable equipment purchased with such funds in the GMS Property Module

at the time the last program progress report is filed or sooner. Items of equipment costing less than $500 do not need to be listed in the GMS Property Module although the Grantee is encouraged to maintain an internal inventory for audit purposes. Upon completion of all contractual requirements by the Grantee, DCJS will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in conducting a criminal justice program.

14. Grant funds may be expended only for purposes and activities set forth in this Agreement. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Grantee receives funding from two or more sources, all necessary steps must be taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.). Grantee agrees it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

This Agreement may be subject to a fiscal audit by DCJS to ascertain financial compliance with Federal and/or State laws, regulations, and guidelines applicable to this Agreement. Such audits may include review of the Grantee's accounting, financial, and reporting practices to determine compliance with the Agreement and reporting requirements; maintenance of accurate and reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable Federal, State, and DCJS guidelines.

15. Where advance payments are approved by DCJS, the Grantee agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B.

16. DCJS reserves the right to suspend program funds if the Grantee is found to be in noncompliance with the provisions of this Agreement or other grant agreements between the Grantee and DCJS or, if the Grantee or principals of the Grantee are under investigation by a New York State or local law enforcement agency for noncompliance with State or Federal laws or regulatory provisions or, if in DCJS' judgment, the services provided by the Grantee under the Agreement are unsatisfactory or untimely. DCJS shall provide the Grantee with written notice of noncompliance. Upon the Grantee's failure to correct or comply with the written notice by DCJS, DCJS reserves the right to terminate this Agreement, recoup funds and recover any assets purchased with the proceeds of this Agreement. DCJS reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon issuance of a final audit report and appropriate notification to the Grantee, or upon reasonable assurance that the Grantee is not in compliance with Agreement terms.

17. The Grantee agrees, as a material condition of the Agreement, to comply with all applicable provisions of the Hatch Act (5 U.S.C. "1501 et seq.) as amended.

18. Program income earned by the Grantee during the funding period as a direct result of the grant award must be reported in writing to DCJS, in addition to any other statutory reporting requirements. This includes income received from seized and forfeited assets and cash, as well as: sale of grant purchased property; royalties; fees for services; and registration/tuition fees. Interest earned on grant funds is not program income unless specified in Appendix D. The Grantee agrees to report the receipt and expenditures of grant program income to DCJS. All income, including interest, generated by the use of these grant funds will be used to enhance the grant project.

19. If applicable, the Grantee agrees to obtain not-for-profit status, a federal identification number, and a charitable registration number (or a declaration of exemption) and to furnish DCJS with this information as soon as it is available.

20. Unless otherwise specified, in accordance with the State Finance Law, the availability of all State funds for liabilities already incurred thereunder shall cease on September 15th of the year following the fiscal year in which the funds were appropriated, unless such funds are reappropriated by the New York State Legislature. To ensure payment, vouchers must be received by DCJS by August 1st of the year following the fiscal year in which the funds were appropriated.

21. The Grantee will submit program progress reports to DCJS via the GMS system and additional information or amended data as required in Appendix D.

A. Program progress reports will be due on the last day of the month following the end of each calendar quarter or on an alternate schedule as prescribed in Appendix D. The first program progress report will be due on the last day of the month following the last day of the calendar quarter from the start date of the contract.

Program progress reports thereafter will continue to be made until such time as the funds subject to this Agreement are no longer available, have been accounted for, and/or throughout the Agreement period or project duration.

Calendar quarters, for the purposes of making program progress reports, shall be as follows:

Calendar Quarter
Report Due

January 1 - March 31
April 30

April 1 - June 30
July 31

July 1 - September 30
October 31

October 1 - December 31
January 31

B. The final progress report will summarize the project's achievements as well as describe activities for that quarter.

22. If for any reason the State of New York or the federal government terminates its appropriation through DCJS or fails to pay the full amount of the allocation for the operation of this program, this Agreement may be terminated or reduced at the discretion of DCJS, provided that no such reduction or termination shall apply to allowable costs already incurred by the Grantee where funds are available to DCJS for payment of such costs. Upon termination or reduction of the Agreement, all remaining funds paid to the Grantee that are not subject to allowable costs already incurred by the Grantee shall be returned to DCJS. In any event, no liability shall be incurred by DCJS or by the State of New York beyond monies available for the purposes of this Agreement. The Grantee acknowledges that any funds due to DCJS because of disallowed expenditures after audit shall be its responsibility.

23. If Appendix B, Program Budget, makes provisions for overtime payment, the Grantee agrees to submit vouchers for such payment of overtime charges by the last day of the month following the last day of the quarter for the reporting period. The Grantee further agrees to limit overtime earnings to no more than 25 percent (25%) of the employee's annual personnel cost (salary plus fringe benefits) during the term of this Agreement. No reimbursements for overtime charges in excess of this 25 percent (25%) limit will be made unless prior written approval has been obtained from DCJS.

24. None of the goals, objectives or tasks set forth in Appendix D shall be subawarded to another organization without specific prior written approval by DCJS. Where the intention to make subawards is clearly indicated in the application, DCJS' approval is deemed given, if these activities are funded as proposed.

If this Agreement makes provisions for the Grantee to subgrant funds to other recipients, the Grantee agrees that all subgrantees shall be held accountable by the Grantee for all terms and conditions set forth in this Agreement. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Agreement and the Grantee must guarantee the work of any subgrantee as if it were its own.

The Grantee agrees that all subgrantee arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

Activities to be performed;

Time schedule;

Project policies;

Other policies and procedures to be followed;

Dollar limitation of the Agreement;

Appendix A, Appendix A-1, Appendix C, Appendix M, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Agreement; and

Applicable Federal and/or State cost principles to be used in determining allowable costs.

The Grantee will not be reimbursed for subgranted funds unless all expenditures by a subgrantee are listed on certification forms. Backup documentation for such expenditures must be made available upon request. All expenditures must be programmatically consistent with the goals and objectives of this Agreement and with the financial plan set forth in Appendix B.

25. Federal Funds

A. In accordance with Federal requirements, a Grantee which receives during its fiscal year $500,000 or more of Federal funds (including pass-through and direct) from all sources, including this Agreement, must agree to have an independent audit of such Federal funds conducted in accordance with the Federal Office of Management and Budget (OMB) Circular A-133. OMB Circular A-133 further requires that the final report for such audit be completed within nine months of the end of the Grantee's fiscal year. The Grantee further agrees to provide one copy of such audit report(s) to DCJS within nine months of the end of its fiscal year(s).

B. In accordance with Federal requirements, a Grantee receiving Federal pass-through funds must also agree to comply with the terms and conditions of any and all applicable Federal OMB Circulars. For the convenience of the Grantee, the following OMB circulars are noted as the most common applicable to federal funds passed through DCJS:

OMB Circular A 21, Cost Principles for Educational Institutions;

OMB Circular A 87, Cost Principles for State, Local and Indian Tribal Governments;

OMB Circular A 102, Grants and Cooperative Agreements With State and Local Governments;

OMB Circular A 110, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Non Profit Organizations; and

OMB Circular A 122, Cost Principles for Non Profit Organizations.

The Parties agree that, dependent upon the status of the Grantee; additional circulars may also be applicable. The most current version of all Federal OMB Circulars may be viewed on-line at: http://www.whitehouse.gov/omb/circulars_default/.

The Grantee is to ensure full compliance with all cost documentation requirements of OMB Circulars as applicable directly to the Grant recipient and to any sub-recipient (or collaborative agency/organization). Failure to do so may result in disallowance of costs upon audit.

26. Any creative or literary work developed or commissioned by the Grantee with grant support provided by DCJS shall become the property of DCJS, entitling DCJS to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

A. If DCJS shares its right to copyright such work with the Grantee, DCJS reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and (b) any rights of copyright to which a Grantee, Subgrantee, or a Contractor purchases ownership with grant support.

B. If the grant support provided by DCJS is federally sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, subgrant or contract under a grant or subgrant; and (b) any rights of copyright to which a Grantee, Subgrantee, or a Contractor purchases ownership with such grant support.

C. The Grantee shall submit one copy of all reports and publications resulting from this Agreement to DCJS. Any publications must contain the following statement, in visible print, of any document generated pursuant to a grant administered by DCJS:

This project was supported by a grant administered by the New York State Division of Criminal Justice Services. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the Division of Criminal

Justice Services.

27. Original records must be retained for six years following the submission of the final claim against this Agreement. In the event of a fiscal audit, the project manager or a designated responsible party must be prepared to produce source documents that substantiate claimed expenditures. DCJS requires that all documentation materials be organized, readily accessible, and cross-referenced to the Fiscal Cost Reports previously submitted. If fiscal records, such as purchase orders, vouchers, payroll registers, payroll tax records, etc., are to be kept in a fiscal office which is separate and apart from the program office, the project manager must have access to these original records. Such fiscal records must readily identify the associated project. In addition, a separate set of records must be retained for each project year.

28. Grant-related expenditures shall be reported on Fiscal Cost Reports and detailed itemization forms provided by DCJS. These reports must be prepared periodically as defined in Appendix C of this Agreement. All reported expenditures must reconcile to the program accounting records. Prior period adjustments shall be reported in the same accounting period that the correction was made.

29. General Responsibility Language
The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of the New York State Division of Criminal Justice Services or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

30. Suspension of Work (for Non-Responsibility)
The Commissioner of the New York State Division of Criminal Justice Services or his or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of the New York State Division of Criminal Justice Services or his or her designee issues a written notice authorizing a resumption of performance under the Contract.

31. Termination (for Non-Responsibility)
Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate Agency officials or staff, the Contract may be terminated by the Commissioner of the New York State Division of Criminal Justice Services or his or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of the New York State Division of Criminal Justice Services or his or her designee to be non-responsible. In such event, the Commissioner of the New York State Division of Criminal Justice Services or his or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

APPENDIX B - Budget Summary by Participant

Suffolk County
Suffolk County Police Department - Version 1

#	Personnel	Number	Unit Cost	Total Cost	Grant Funds	Matching Funds
1	Overtime for SCPD Sworn Personnel to conduct enhanced enforcement of Motor Vehicle Theft and Motor Vehicle Insurance Fraud Crimes	1	$139,476.00	$139,476.00	$139,476.00	$0.00
Justification: Funding is requested to support overtime regarding MVT&IF investigation and enforcement details. Strategies require the ability to conduct late night sting operations and enhanced investigations, requiring time outside of normal working hours, of suspected vehicle insurance fraud incidents referred by the NYS Insurance Frauds Bureau and SIU contacts. Grant funds support the ability to conduct more effective and flexible surveillance, sting operations and Internet investigations without hours of work being limited. Funds will allow SCPD Officers the ability to locate and arrest wanted theft suspects with the timeliest information. Funding will be used for investigation of inspection of scrap yards and vehicle dismantler facilities. Grant resources will allow Detectives, SIU's and DMV investigators to jointly conduct investigations with the necessary manpower, despite disparate work hours. Due to the fluid nature of police work, it is always a best practice to have an experienced first line supervisor available, as any situation may require direction regarding the best strategy and most appropriate course an investigation should follow. Therefore, a supervisor (Sergeant, Detective Sergeant, Lieutenant, Detective Lieutenant or Captain) will oversee project operations. As the Suffolk County Police Department has decentralized its efforts to combat motor vehicle theft and motor vehicle insurance fraud it is possible that any sworn member of the Department may be involved in the enhanced enforcement efforts to reduce these crimes in Suffolk County. Therefore it is impractical to specify exactly how much time will be spent on activities by each category of personnel. It is expected that most of the enforcement activities will be handled by the following ranks Police Officer ($91.34HR/OT), Detective ($98.31HR/OT), Sergeant ($103.55HR/OT), Detective Sergeant ($108.72HR/OT), Lieutenant ($115.28HR/OT), Detective Lieutenant ($121.04HR/OT) or Captain ($123.96HR/OT).					
	Total			$139,476.00	$139,476.00	$0.00

#	Travel and Subsistence	Number	Unit Cost	Total Cost	Grant Funds	Matching Funds
1	Training & Seminars	1	$2,500.00	$2,500.00	$2,500.00	$0.00
Justification: Funding is requested to allow SCPD personnel to attend/provide MVT&IF related trainings & seminars throughout the state and/or out-of-state (when pre-approval is received by DCJS). Attending training and conferences concerning motor vehicle theft and motor vehicle insurance fraud trends allows Detectives to remain current with regard to these types of crimes and effective enforcement strategies. This is especially important with regard to motor vehicle insurance fraud which can be a hard to spot crime without knowledge of the elements that might signal possible fraudulent activity.						
	Total			$2,500.00	$2,500.00	$0.00

#	All Other Expenses	Number	Unit Cost	Total Cost	Grant Funds	Matching Funds
1	Internet and Phone Service for 2 SMART Phones for 12 Months	2	$612.00	$1,224.00	$1,224.00	$0.00
Justification: Funding to cover (2) Smart Phones for use by the Property Recovery Section detectives assigned full-time to motor vehicle theft & motor vehicle insurance fraud cases to allow for access to "apps" which can be used to read VIN bar codes to help in the identification of vehicles, forged registrations and federal stickers while in the field. Access to databases while in the field is invaluable and continuation of their use is warranted. These enhanced phones allow Detectives to access databases to retrieve information while in the field. When determining the ownership status of a vehicle or part, it is vital that immediate information be available to law enforcement personnel. This is critical in the evenings or on weekends when telephone access is limited. Detectives frequently utilize the Carco and Carfax databases to determine a vehicles history, including ownership history, salvage history and insurance claim history. In addition, photographs are used to compare a suspected retagged vehicle with prior images captured by an insurance representative.

APPENDIX C
PAYMENT AND REPORTING SCHEDULE

NOTE: Additional payment provisions associated with the schedule(s) below are detailed in Appendix A-1.

For All Grantees:

1. The Grantee agrees that this is a reimbursement-based contract; an advance may be provided through Appendix D (Special Conditions). All requests for reimbursement must reflect actual costs that have been disbursed or items received by the Grantee. A purchase order issued without receipt of the items or service is not eligible for reimbursement.

2. Grantees must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Failure to submit the final program report, or interim progress report designated as the final report, may result in a disallowance of 25 percent (25%) of the grant amount. The Grantee must also refund all unexpended advances (see item three below.) Final vouchers, reimbursement payment and reports must be submitted by the last day of the month following the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds.

3. If at the end of this grant contract there remains any unexpended balance of the monies advanced under this contract in the possession of the Grantee, the Grantee shall submit a certified check or money order for the unexpended balance payable to the order of the State of New York and return it to the DCJS Office of Financial Services with its final fiscal cost report by the last day of the month following termination of this grant contract.

4. Vouchers shall be submitted in a format acceptable to DCJS and the Office of the State Comptroller (see http://www.criminaljustice.ny.gov/ofpa/forms.htm). Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. When submitting a voucher, such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Grantee for this program. Requirement b) does not apply to Legislative sponsored State grants.

5. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the DCJS Office of Financial Services. Payment of grant vouchers shall be made in accordance with the provisions of Article XI-A of the State Finance Law. Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Grantee must notify the Office of Financial Services in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue or the required MWBE reporting is not included, vouchers will not be eligible for prompt payment.

6. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

NYS Division of Criminal Justice Services
Office of Financial Services
80 S. Swan St.

Publications: The implementing agency will submit to DCJS for review all proposed publications (written, visual or sound) prior to their public release. Any such publications shall contain the following statement... "This project is supported by a grant from the New York State Motor Vehicle Theft and Insurance Fraud Prevention Board."

The following special conditions apply to contracts with county or municipal governments as appropriate: Participating law enforcement agencies that are funded by DCJS to conduct drug, firearms or vehicle theft or vehicle related insurance fraud investigations shall register with SAFETNet. Participation in SAFETNet obligates the registered agency to submit information regarding persons or addresses under active investigation in accordance with SAFETNet standard operating procedures. In addition, the agency agrees to participate in the Upstate New York Regional Intelligence Center (UNYRIC) or the New York/New Jersey High Intensity Drug Trafficking Area Regional Intelligence Center (NY/NJ HIDTA RIC) as appropriate.

All criminal justice information management software which a grantee may purchase or develop with funds provided under the terms of this agreement must conform to established New York State criminal justice data standards as documented in the most current version of the New York Statewide Criminal Justice Data Dictionary. In addition, all such information management software purchased or developed with funds provided under the terms of this agreement must conform to statewide standards for the collection, processing and reporting of criminal justice information as documented in the New York State Standard Practices Manual for the Processing of Fingerprintable Criminal Cases. These requirements can be found on-line in the NYS Supplement to the FBI UCR Handbook at:
http://www.criminaljustice.ny.gov/crimnet/ojsa/crimereporting/ucr_refman/ucrsupplement.pdf
Failure to submit this information may result in grant funds being withheld. Agencies reporting through IBR do not submit a supplemental report for domestic violence. The required data is automatically collected through the monthly submission of an IBR file.

Grantee agrees that if the project is not implemented (as outlined in the Board approved budget) within 60 days of the award date, it will report by letter to OPDF the steps taken to initiate the project, the reasons for delay, and the expected implementation date. At the discretion of the Executive Deputy Commissioner of DCJS, in consultation with the Board, the State may either revoke and redistribute the funds or extend the implementation date of the project beyond the 90-day period when warranted by extenuating circumstances.

Title Of Bill: Accepting and appropriating a grant in the amount of $16,148 in Federal pass-through funds from the New York State Division Of Homeland Security and Emergency Services for the Explosive Detection Canine Team FY2013 grant program with 100% support.

PURPOSE OR GENERAL IDEA OF BILL: To accept $16,148 in grant funding to support the purchase and installation of an explosives storage magazine for the storage and security of the Suffolk County Police Department Canine Team's explosives training aids.

SUMMARY OF SPECIFIC PROVISIONS: This legislation will allow the County to accept pass-through Federal funding in the amount of $16,148 to be used to purchase and install an explosives storage magazine which will increase the safety of the Canine Team and the security of the Team's explosives training aids.

JUSTIFICATION: The Suffolk County Police Department Explosives Detection Canine Team is required to train their canine partners so that they are able to work at prime efficiency and capability. In order to do so, samples of explosive materials must be kept on site so that the dogs can develop a familiarity with various types of scent. It is important that these training aids be secured for safety purposes. The storage magazine, which will be equipped with security alarms and fans to control the humidity, will provide the safety and security needed.

FISCAL IMPLICATIONS: None

TITLE OF BILL: Requesting Legislative approval of a contract award for Oral Surgery Services for the Department of Health Services, Division of Patient Care Services.

PURPOSE OR GENERAL IDEA OF BILL: This legislation is needed to comply with Local Law No. 3 – 1996 requiring the County Legislature to approve any Contract in excess of $20,000 awarded pursuant to a Request for Proposal (RFP) process in which only one party responds to the County's solicitation of proposals.

SUMMARY OF SPECIAL PROVISIONS: None.

Introduced by Legislators Spencer, Hahn and Calarco

RESOLUTION NO. -2014, ADOPTING LOCAL LAW NO. -2014, A LOCAL LAW PROHIBITING THE SALE AND USE OF HYDRAULIC FRACTURING BYPRODUCTS

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2014, a proposed local law entitled, "**A LOCAL LAW PROHIBITING THE SALE AND USE OF HYDRAULIC FRACTURING BYPRODUCTS**" now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW PROHIBITING THE SALE AND USE OF HYDRAULIC FRACTURING BYPRODUCTS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that hydraulic fracturing is a technology used to extract fossil fuels that have collected in layers of porous rock.

This Legislature also finds that this technology, commonly referred to as "hydrofracking", involves the high pressure injection of fresh water mixed with chemicals and sand through a well into a rock formation, which causes fractures in the rock and the release of natural gas which is captured for further processing and use.

This Legislature determines that a certain percentage of the highly toxic fracturing fluid mixture, commonly referred to as "flowback water", returns to the surface with the gas and additional contaminants including volatile organic compounds, heavy metals, high salinity brine and radioactive elements.

This Legislature also finds that the County of Suffolk previously recognized the environmental and public health concerns associated with the byproducts of hydrofracking, prohibiting the County's sewage treatment facilities from accepting the byproducts of hydraulic fracturing (Resolution No. 244-2012) and prohibiting the use of hydraulic fracturing brine on County property or roadways (Resolution No. 1006-2012).

This Legislature further finds that several states and municipalities, including the counties of Westchester and Rockland, have enacted laws to prohibit the use or sale of hydrofracking byproducts within their jurisdictions.

This Legislature concludes that the County of Suffolk must take additional steps at this time to ensure that the waste products generated by hydrofracking do not threaten the environment of Suffolk County or the health of its citizens.

Therefore, the purpose of this local law is to prohibit the sale of hydrofracking byproducts in Suffolk County, to bar the introduction of these byproducts into the County's wastewater treatment facilities and to prohibit the use of these byproducts on any roads within the County's boundaries.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

"HYDRAULIC FRACTURING" shall mean the fracturing of shale formations by man-made fluid-driven techniques for the purpose of stimulating natural gas or other subsurface hydrocarbon production.

"NATURAL GAS EXTRACTION ACTIVITIES" shall mean all geologic or geophysical activities related to the exploration for or extraction of natural gas or other subsurface hydrocarbon deposits, including but not limited to, core and rotary drilling and hydraulic fracturing.

"NATURAL GAS WASTE" shall mean any waste that is generated as a result of natural gas extraction activities, which may consist of water, chemical additives, or naturally occurring radioactive materials ("NORMS") and heavy metals. Natural gas waste includes, but is not limited to, leachate from solid wastes associated with natural gas extraction activities.

"APPLICATION" shall mean the physical act of placing or spreading natural gas waste on any road or real property located within the County of Suffolk.

Section 3. Prohibitions.

A. The introduction of natural gas waste into any wastewater treatment facility, within the County of Suffolk or operated by the County of Suffolk, is prohibited.

B. The sale of natural gas waste within the County of Suffolk is prohibited.

C. The application of natural gas waste on any road or real property located within the County of Suffolk is prohibited.

Section 4. Applicability.

This law shall apply to actions occurring on or after the effective date of this law.

Section 5. Penalties.

Any violation of Section 3 of this law shall constitute an unclassified misdemeanor, punishable by a fine not to exceed $5,000 per violation and/or up to 30 days imprisonment. Each sale and/or application of natural gas waste shall constitute a separate and distinct violation.

Section 6. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or

unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 7. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 8. Effective Date.

This law shall take effect immediately 60 days after its filing in the Office of the Secretary of State.

RESOLUTION NO. - 2014, ADOPTING LOCAL LAW NO. - 2014, A LOCAL LAW RESTORING FINANCIAL DISCLOSURE REQUIREMENTS FOR FARMLAND COMMITTEE MEMBERS

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on 2014, a proposed local law entitled, "**A LOCAL LAW RESTORING FINANCIAL DISCLOSURE REQUIREMENTS FOR FARMLAND COMMITTEE MEMBERS**;" now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK
A LOCAL LAW RESTORING FINANCIAL DISCLOSURE REQUIREMENTS FOR FARMLAND COMMITTEE MEMBERS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that Local Law 54-2011 established financial disclosure requirements for members of the Farmland Committee.

This Legislature further finds that Local Law 44-2013 made many positive changes to the County's farmland program, but inadvertently imposed burdensome financial disclosure requirements upon members of the Farmland Committee.

This Legislature finds that it is necessary to restore financial disclosure rules for Farmland Committee members that are commensurate with their status as civilian volunteers.

Therefore, the purpose of this law is to restore the financial disclosure requirements for Farmland Committee members as originally established by Local Law 54-2011.

Section 2. Amendments.

Subsection (C) of § 8-4 of the SUFFOLK COUNTY CODE is hereby repealed and replaced as follows:

C. Financial Disclosure. Each committee member shall submit the financial disclosure statement that is annexed to this law and Chapter as Exhibit "A". Committee members shall submit this disclosure statement to the Suffolk County Board of Ethics, or any successor body, by May 15th of each year.

Section 3. Applicability.

This law shall apply to actions occurring on or after the effective date of this law..

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect immediately upon filing in the Office of the Secretary of State.

This proposed local law would amend Chapter 8 of the SUFFOLK COUNTY CODE to reinstate the short form financial disclosure statement as the official form Farmland Committee members must submit to the Board of Ethics each year.

Local Law No. 44-2013 inadvertently imposed more stringent financial disclosure requirements on Farmland Committee members and this local law is acting as a corrective.

This law will take effect immediately upon its filing in the Secretary of State.

TITLE OF BILL - A Draft Resolution Transferring Assessment Stabilization Reserve Funds to the Capital Fund, Amending the 2014 Operating Budget, Amending the 2014 Capital Budget and Program, and Appropriating Funds for Safety and Security Improvements for Sanitary Facilities in Suffolk County Sewer Districts – CP 8103

PURPOSE OR GENERAL IDEA OF BILL – The bill will provide funding to continue making safety and security improvements for the sewer district facilities within the County.

SUMMARY OF SPECIFIC PROVISONS – A wide variety of safety and security improvements have taken place at pumping stations and wastewater treatment facilities within the County and that will continue. These improvements include those related to access, equipment and electrical systems. One specific element to be further explored is ARCFlash which is an injury or accident that occurs when there is instantaneous release at electrical energy as a result of a fault.

JUSTIFICATION – It is prudent to protect the operations and maintenance staff that works at the facilities and to insure that security at all facilities is such that vandalism and other illegal activities do not take place.

FISCAL IMPLICATIONS - The Capital Program and Budget includes $750,000 which will be utilized during 2014 and 2015 to provide the security and safety improvements.

DATE: January 8, 2014

Attached is a draft resolution and appropriate forms with backup for Safety and Security Improvements to Sewer Districts filed as Reso DPW CP 8103 Safety & Security 1-8-14 and backup filed as Reso-Backup DPW CP 8103 Safety & Security 1-8-14. The project has been included in the Adopted 2014 Capital Budget and Program but is critical with respect to safety at Suffolk County Sewer Districts. The element that is the focus of the requested funds includes an ARCFlash investigation and report at pumping stations and wastewater treatment plants.

An ARCFlash has an analysis at the various pumping stations and treatment plants which will be beneficial to contractors and DPW staff. ARCFlash injuries and accidents occur when there is an instantaneous release of massive electric energy that is the result of an electrical fault. High temperatures and explosions are possible where death and badly injured staff are the result of fire, electric shock, shrapnel, and blast. An evaluation can be provided at the necessary sites throughout the County under this program.

We request this resolution be laid on the table at your earliest convenience.

SUBJECT: **A Draft Resolution Transferring Assessment Stabilization Reserve Funds to the Capital Fund, Amending the 2014 Operating Budget, Amending the 2014 Capital Budget and Program, and Appropriating Funds for Improvements to Suffolk County Sewer District No. 16 – Yaphank (CP 8158)**

DATE: January 6, 2014

Attached is a draft resolution with appropriate forms and backup for improvements to the Sewer District No. 16 – Yaphank Wastewater Treatment Facility filed as Reso DPW ASRF CP 8158 Sewer District No. 16 – Yaphank Improvements 1-6-14 and Backup DPW ASRF CP 8158 Sewer District No. 16 – Yaphank Improvements 1-6-14. The project is to replace the denitrification filtration process at the Yaphank County Center Wastewater Treatment Facility. The bids have been received and although funds are available for construction, Construction Management and Inspection Services are required and there are insufficient funds in the Adopted Capital Budget in order to provide this assistance. It is necessary to proceed with the initiation of construction during the Spring of 2014 in order to comply with directives from NYSDEC and to insure that the process can adequately treat the waste from the County Center. The resolution is, therefore, to transfer $500,000 from the Assessment Stabilization Reserve Fund into the capital project. The total project cost is approximately $3.66 million.

We would request that this resolution be laid on the table at your convenience.

TITLE OF BILL: A resolution to appropriate funds in connection with Energy Conservation & Safety Improvements to the H. Lee Dennison Building.

PURPOSE OR GENERAL IDEA OF BILL: To authorize the issuance of Suffolk County Serial Bonds in connection with design services, construction and equipment for building improvements.

SUMMARY OF SPECIFIC PROVISIONS: The H. Lee Dennison Building is in immediate need of a new larger electrical generator to replace the existing broken generator. This replacement will require new transfer switches and upgraded electrical components in order to handle the whole building load.

JUSTIFICATION: The current generator, which was originally designed to operate emergency circuits for vital egress lighting for the original courthouse occupancy has failed during recent Super Storm Sandy. As the H. Lee Dennison Building has evolved and is currently the main administrative center for Suffolk County, it is vitally important to replace the generator and related components with a system designed to support the whole building electrical load in the event of a future power failure.

FISCAL IMPLICATIONS: The generator improvements will enable Suffolk County Government to avert a shutdown in critical management and services and preserve employee productivity.

RE: CP 1659- Energy Conservation & Safety Improvements to the H. Lee Dennison Building

---

Attached for your review is a draft resolution appropriating the sum of $330,000 for construction to supplement the current generator funding.

The current emergency power generator has failed and is in need of replacement in the aftermath of Super Storm Sandy. As the building is the administrative center for Suffolk County, it is vitally important to upgrade the capacity of the new generator to handle the entire building load. The scope of work involves a large natural gas powered generator, transfer switches and related electrical upgrades.

This action is considered a Type II Action under SEQRA in accordance with NYCRR, Part 617.5(c) 1, 2 & 25.

BILL NUMBER: **Assembly** **A. 6653**

SPONSORS: **Member(s) of Assembly:** Thiele
Senator(s):

TITLE OF BILL: An Act to amend the vehicle and traffic law, in relation to establishing in each county with a population of one million or more a demonstration program to enforce maximum speed limits by means of speed limit photo devices; and providing for the repeal of such provisions upon expiration thereof

PURPOSE: To authorize the use of photo devices to capture people driving in excess of the maximum posted speed limits in certain counties.

SUMMARY OF PROVISIONS: Section 1. Amends the vehicle and traffic law by adding a new Section 1180-b to authorize and empower a county with a population of one million or more to establish a demonstration program to enforce maximum speed limits by means of speed limit photo devices.

Section 2. Effective on the 30th day after it shall have become a law; expires and will be repealed five years after taking effect.

JUSTIFICATION: Speeding motorists are a danger to themselves, their passengers, other motorists, pedestrians and cyclists. Speeding violations are often a significant factor in accidents which result in death or injury to motorists and pedestrians. Under the present provisions of law, a police officer must be present at the scene of a speeding violation to observe the violation and serve a summons. With recent budget cuts and decreases in sizes of police forces, innovative resources are need to ensure the safety of drivers, pedestrians, and cyclists.

Technology presently exists which will photographically capture vehicles which exceed the maximum speed limit without the presence of a police officer. This technology is presently in use in Utah, California, Arizona, and British Columbia, and Canada. A similar bill is pending in the Legislature to allow speed cameras for use only in New York City; however, this technology is needed in other densely populated areas of New York State.

The purpose of this legislation is to develop a system which will supplement the police effort, by using recent technology to record

speeding violations on film or other recording devices. The mobile equipment can be moved to different dangerous locations known to attract speeding.

The enactment of this legislation which is modeled after the enabling legislation which authorized the Red Light Camera Program, successfully implemented in several counties, will enable New York to better prevent accidents and save lives.

LEGISLATIVE HISTORY: 2013: New Legislation.

FISCAL IMPLICATIONS: None to the State.

EFFECTIVE DATE: This act shall take effect on the 30th day after it shall have become a law and shall expire five years after such effective date when upon such date the provisions of this act shall be deemed repealed.
