

Introduced by Presiding Officer Lindsay

Laid on Table 8/2/2011

PROCEDURAL RESOLUTION NO. 22 -2011, TO SET A PUBLIC HEARING FOR THE PURPOSE OF CONSIDERING THE INCREASE AND IMPROVEMENT OF FACILITIES FOR SEWER DISTRICT NO. 3 - SOUTHWEST (INFILTRATION/INFLOW STUDY/SEWER REHABILITATION) (CP 8181)

WHEREAS, by proceedings heretofore duly had and taken pursuant to Article 5-A of the County Law, the County Legislature of the County of Suffolk, New York has established a County sewer district designated and known as Suffolk County Sewer District No. 3 – Southwest; and

WHEREAS, a map and plan, together with an estimate of cost, has been prepared and filed with the County Legislature pursuant to Section 268 of the County Law in relation to the proposed construction to reduce infiltration and inflow of said sewer district; and

WHEREAS, it is now desired to call a public hearing thereon; pursuant to Section 254 of County Law; now, therefore be it

1st **RESOLVED**, by the County Legislature of the County of Suffolk, New York, as Follows:

Section 1. A meeting of the County Legislature of the County of Suffolk New York shall be held at the County Center in the meeting room of the County Legislature in Riverhead, New York, in said County, on the 16th day of August 2011, at 2:30 p.m., Prevailing Time, for the purpose of conducting a public hearing on the aforesaid matter and for such other action on the part of said County Legislature as may be required by law or proper in premises.

Section 2. The Clerk of said County Legislature is hereby authorized and directed to cause a notice of said public hearing to be published once in each of the official newspapers of said County, and such other newspaper as the Legislature may designate, if any, said publication to be made in each of such newspapers not less than ten, nor more than twenty days before the day set herein for said public hearing. Such notice shall be in the following form, to wit:

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that the County Legislature of the County of Suffolk New York will meet at the County Center in the meeting room of the County Legislature in Riverhead, New York, in said County, on August 16, 2011 at 2:30 PM, Prevailing Time, for the purpose of conducting a public hearing upon a proposal to perform tasks necessary to reduce infiltration and inflow of County Sewer District No. 3 – Southwest in and about in the Towns of Babylon and Islip, in and for said County, substantially in accordance with certain maps, plans, report and recommendations prepared by and filed with the County legislature by the Suffolk County Sewer Agency with the assistance of the County Department of Public Works, at which time and place said County legislature will consider such proposal and hear all parties interested therein concerning the same.

The project is to provide construction and rehabilitation of sewers to remove and reduce extraneous flows from entering the sanitary system. The cost opinion associated with the Infiltration/Inflow Study/Sewer Rehabilitation Project is \$4.5 million. The project elements are more fully described and defined in the aforementioned maps, plans, report, and recommendations.

The existing district is billed on assessed value, a per parcel charge, and a user fee. It is proposed that the project will be implemented during 2012. Based on the project schedule, the maximum debt payment will be during 2013 at a value of \$356,400. Financing is at 4.00% over 20 years for serial bonds. This unsubsidized increased rate amounts to a value per typical property of approximately \$3.54 per year. This figure was developed using the full value of the Towns of Babylon and Islip along with the median full value of a typical property within the towns resulting in an increase of \$0.0118 per \$1,000 of full value for Capital Project 8181, the Infiltration/Inflow Study/Sewer Rehabilitation Project.

In addition to the Infiltration/Inflow Study/Sewer Rehabilitation Project, there are two concurrent projects in Sewer District No. 3 – Southwest. However, there will be no fiscal impact to the benefited properties since pursuant to the Suffolk County Assessment Stabilization Reserve Fund, all residents of sewer districts experience a 3% annual increase regardless of any improvements performed with the annual typical property increase being \$19.17 including all three projects.

A copy of the map, plan, and estimate of costs relating to said proposed increase and improvement of facilities is on file in the Office of the Clerk of said County Legislature, where the same may be examined during regular business hours.

DATED: August 2, 2011
