LOCAL LAW NO. - 2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW AMENDING THE SUFFOLK COUNTY EMPIRE ZONE BOUNDARIES TO INCLUDE MITEQ, INC., SUFFOLK COUNTY TAX MAP NO's. 0800-182.00-01.00-033.022; 0800-182.00-01.00-033.023; 0800-182.00-01.00-033.029; 0800-182.00-01.00-033.041; 0800-182.00-01.00-033.042; 0800-182.00-01.00-033.049.

Section 1. Legislative Intent.

This Legislature finds and determines that pursuant to Local Law No. 14-2003, this Legislature authorized the designation of an Empire Zone; that Local Law 40-2009 established Empire Zone boundaries; and that a new local law is required to submit to New York State a request to revise the zone boundaries to include Miteq, Inc., located at premises described as Suffolk County Tax Map No's. 0800-182.00-01.00-033.022; 0800-182.00-01.00-033.023; 0800-182.00-01.00-033.029; 0800-182.00-01.00-033.041; 0800-182.00-01.00-033.042; 0800-182.00-01.00-033.049.

This Legislature also finds and determines that New York State has amended the Empire Zone Program to include specific projects deemed as Regionally Significant Projects. Regionally Significant Projects are defined as site specific projects located outside the existing zone boundaries that will create fifty (50) or more jobs.

This Legislature further finds and determines that Miteq, Inc., a manufacturer of microwave based electronics, located at 110 Davids Drive and 320, 330 and 380 Oser Avenue, Hauppauge, New York, meets the criteria of Section 957(d) of the NEW YORK GENERAL MUNICIPAL LAW for a Regionally Significant Project and has requested consideration for such designation by the Suffolk County Empire Zone - Zone Administrative Board.

A.) The Commissioner of the New York State Department of Economic Development is hereby requested to revise the boundaries of the Empire Zone in accordance with this Law.

B.) The Clerk of the Suffolk County Legislature is hereby authorized, empowered and directed to file a certified copy of this local law with said Commissioner upon its adoption.

This exemption shall be for a term of (10) years, notwithstanding that the designation of the Empire Zone may expire prior to the end of such ten (10) year term.

B.) The exemption granted pursuant to this Law shall only take effect as to the revised Empire Zone designation in the event that the revised designation is approved by New York State and placed on the tax rolls. In the event the revised Empire Zone designation is not approved, the exemption granted pursuant to Local Law No. 14-2003, as adopted, shall continue pursuant to the terms of that Law.

Section 6. Applicability.

This Law shall apply to all actions and taxable status dates occurring on or after the effective date except as otherwise provided for herein.

Section 8. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. DATE: May 13, 2010

SUBJECT: **Request for a Certificate of Necessity**
Empire Zone RSP Application for Miteq, Inc.

****

As you are aware, the Empire Zone Program is scheduled to sunset as of June 30, 2010. Typically the Local Laws for Regionally Significant Projects would be processed through two full legislative cycles which would allow for the routine holding of the required public hearing. In order to expedite the Regionally Significant Project application for Miteq, Inc., we are asking that the attached resolution be submitted as a Certificate of Necessity at the June 8th Legislative Meeting. This C/N would require that the Public Hearing Notice be posted that day and that the public hearing actually take place at the same meeting.

Attached please find the draft resolution which amends the Empire Zone to include Miteq, Inc, and the required backup information.

Intro. Res. No. -2010 Laid on Table 6/8/10
Introduced by Legislator Schneiderman

RESOLUTION NO. -2010, ESTABLISHING COMMUNITY SAFEGUARDS FROM REGISTERED SEX OFFENDERS PLACED IN EMERGENCY HOUSING

WHEREAS, the devastating impact of sex crimes, particularly against children, and the alarmingly high rate of recidivism among sex offenders has led Suffolk County to enact a series of laws designed to protect residents from the dangers posed by sex offenders; and

WHEREAS, Resolution No. 1237-2006 established a policy that the County of Suffolk would not place or facilitate the placement of more than one registered sex offender at the same residence in an area zoned for residential use; and

WHEREAS, in enacting Resolution No. 1237-2006, this Legislature determined that concentrating sex offenders in a few select communities and individual residences was dangerous and unfair to the affected communities; and

WHEREAS, beginning in early 2007, the Suffolk County Department of Social Services located a trailer in the parking lot outside the County's Correctional Facility in Riverhead for the purpose of providing emergency housing for up to 20 homeless sex offenders; and

WHEREAS, a second "overflow" trailer was sited in Westhampton; and

WHEREAS, the New York State Legislature passed a law in 2009 which requires local social service officers to consider the following factors when placing sex offenders: the concentration of sex offenders in certain communities, the number of sex offenders residing at a particular property, the proximity of entities with a vulnerable population and the sex offender's proximity to family, friends or other supporting service; and

WHEREAS, it appears the Suffolk County Department of Social Services is not considering any of the aforementioned factors when placing sex offenders in housing; and

WHEREAS, it is simply bad public policy to solve the admittedly difficult problem of providing housing for sex offenders by bringing sex offenders from all over Suffolk County to Riverhead and Westhampton; and

WHEREAS, Intro. Res. No. 1399-2010 was passed by this Legislature on May 11, 2010 directing the Department of Social Services to develop a comprehensive plan to house homeless sex offenders; now, therefore be it

1st **RESOLVED**, that until Intro. Res. No. 1399-2010 is fully implemented, the Department of Social Services will strengthen security at the County operated trailers in Westhampton and Riverhead by offering Level 2 and 3 sex offenders a GPS tracking device to wear when they leave the trailer facility; and be it further

2nd **RESOLVED**, that in the event a Level 2 or 3 sex offender refuses to use a GPS device, the Department of Social Services shall assign an employee or agent of Suffolk County to escort the sex offender each time they leave the trailer facility; and be it further

3rd **RESOLVED**, that the restrictions on the placement of sex offenders in areas zoned for residential use established by Resolution No. 1237-2006 shall remain in full force and effect; and be it further

4th **RESOLVED**, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

Dear Director MacGilvray CSW:

The NYS Office of Mental Health (OMH) is reissuing your January 1, 2010 to December 31, 2010 State Aid letter. Your total allocation amount at this time is $20,841,887.

The allocations authorized in this letter include full annual funding for initiatives previously authorized. The first six months are approved actuals and the second six months are estimates. Any changes in your authorization level based on the enactment of the 2010-11 State Budget will result in a revised State aid letter.

Final Consolidated Budget Reports will be due November 1, 2010. The Consolidated Claim Report and Consolidated Financial Report for local fiscal year 2010 are due May 1, 2011. Guidelines for completion of the CBR/CCR/CFR can be accessed through the OMH website. If any of your providers need assistance in completing these forms, they should contact the OMH Help Desk at 1-800-HELPNYS.

The Aid to Localities Spending Plan Guidelines which explain the reporting and use requirements of your authorized funding can be also be accessed through the OMH website. Please share this website with all of your subcontract providers so that they may become familiar with the guidelines that apply to them, and refer to the guidelines as necessary. As a reminder, failure to submit the PAS, CBR, CCR or CFR schedules in a timely manner may result in the delay of subsequent State aid payments and/or Medicaid payments.

Inherent in OMH's budget and claiming policy is an expectation that your Department will monitor expenditures against budgeted costs throughout the year. Please notify yout OMH field office of any significant fiscal or programmatic problems as soon as they become known. If you have questions regarding any local mental health fiscal issues, including questions regarding the information or instructions that are included in this letter, please call Gary Schiliro at (631)761-3334.

Dear Commissioner Blass:

I am delighted that Suffolk County will be participating in the statewide pilot project to address disproportionate minority representation (DMR) in out-of-home placement and services in your county. I am pleased to inform you that New York State Office of Children and Family Services (OCFS) will provide $40,000 to your agency to support planning activities, training, technical assistance, data collection; and implementation of strategies and best practices to reduce over-representation of Black and Latino children and families in out-of-home placement and services. Your county is one of five in the state that will participate in this pilot project. The participating counties are: Erie, Monroe, Westchester, Nassau, and Suffolk. Funding is derived from the State Quality Enhancement Fund and will be allocated to each county through a Memorandum of Understanding for a 12 month period.

OCFS data indicates that Black and Latino children and families consistently comprise 75% of the state's foster care cases and 80% of the juvenile justice placements. OCFS views this pilot project as an opportunity to heighten public awareness of the issue of disproportionality, and to begin to promote policies and practices which gradually reduce it. Specific areas that every participating county and its community partners are requested to consider in the design of their program and scope of services include, but are not limited to:

- Developing service strategies, approaches, and linguistic capacities that promote the delivery of services that are culturally competent and reflective of the population and community to be served;
- Collecting and analyzing data relevant to disproportionality and service provision;
- Strategically locating and tailoring services within communities, to promote better access to service delivery in high need areas; and
- Promoting cross-agency dialogue and partnership regarding service planning to address disproportionality (including but not limited to: social services, mental health, health, education, housing, substance abuse, probation agencies, and community based providers).

An Equal Opportunity Employer

Ms. Renee Bradley of the Office of Strategic Planning and Policy Development will contact your agency to provide further information and assistance with the development of your county's MOU. Please contact Ms. Bradley at (518) 486-3551 if you have any questions or would like to further discuss project development.

On behalf of NYS OCFS, I extend my appreciation to you and your staff for your willingness to partner with OCFS and other counties in this exciting project, and wish you success in the coming year.

Sincerely,

Dear Commissioner Blass:

As a follow-up to the letter of October 23, 2009 from New York State Office of Children and Family Services (OCFS) Commissioner Gladys Carrion, we are pleased to confirm OCFS's commitment to allocate funding for your county's participation in the statewide Disproportionate Minority Representation (DMR) Project. This communication provides information regarding the development of the enclosed Memorandum of Understanding (MOU) and next steps towards project implementation.

During the course of the next 12 months, OCFS will use this opportunity to partner with your county to begin to examine disproportionality and disparity as it relates to services and case practice. Efforts will focus upon data collection, analysis and utilization to inform policy and practice; mapping geographic and demographic information relating to DMR in both the child welfare and juvenile justice systems, and identifying what activities and functions we currently conduct (i.e. PIP, Integrated County Planning, etc.) that can be inclusive of DMR considerations. Preliminary reports from other states that engage in this work indicate that interjecting DMR considerations in local child welfare and juvenile justice planning and development activities yields services which achieve better case outcomes, reduce out of home placements, and achieve cost savings. OCFS has retained the services of a number of state and national experts in DMR to provide assistance to your county to facilitate dialogue, and to develop plans and strategies to address DMR. OCFS will assist your county to identify training, technical assistance and consultant resources to conduct this work.

The attached narrative provides a brief overview of OCFS expectations for the MOU, and next steps in project planning. OCFS is targeting mid- December 2009 for project start-ups. We therefore request your cooperation with sharing the MOU boilerplate with your legal staff for their review, and if required, to obtain county legislative approval to receive funds, as soon as possible.

On behalf of OCFS, I look forward to working with you and your staff during the pilot of this important initiative.

Section 2

I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to issue local districts Federal Fiscal Year (FFY) 2010 allocations for additional Food Stamp / Supplemental Nutrition Assistance Program (SNAP) administrative funding provided under the American Recovery and Reinvestment Act of 2009 (ARRA).

II. Background

ARRA, also known as the Stimulus Bill, provided significant new resources for SNAP. In addition to an across the board benefit increase that went into effect April 1, 2009, states were granted additional SNAP administrative funding to help offset the cost of implementing the benefit increase and to support states as they confront rising caseloads due to the economic downturn. New York State received a total of $24.4 million in new administrative funding for the two federal fiscal years covered by ARRA (FFY 2009 and FFY 2010). These funds are being allocated to the local districts to cover the increased costs associated with processing the growing number of Food Stamp applications. FFY 2009 allocations were issued in 09-LCM-05. A breakdown of individual county allocations for FFY 2010 are provided in this LCM.

III. Program Implications

The Office of Temporary and Disability Assistance (OTDA) has established local district allocations for the SNAP administration portion of the ARRA. The federal methodology for awarding funding to states was based on a two-part formula, with 75% of the funds allocated to states based on each state's share of SNAP households and 25% based on each state's share of the increase in the number of households participating in SNAP. NYS is allocating these funds to local districts using the same factors for the period January through December 2008. Using the discrete dollars identified by the U.S. Department of Agriculture (USDA) for NYS for each factor, each district is receiving their proportional share of funds based on statewide SNAP households and each district's proportional share of the increase in the number of statewide households participating in SNAP. Allocating funds in this manner is consistent with OTDA's commitment to increasing SNAP enrollments.

IV. Claiming Instructions

The ARRA grant is 100 percent Federal funds. There is no match requirement for these funds. The match requirement for the regular 50 percent Federal SNAP administrative funds remains in effect. It will not be necessary for the local districts to submit a separate claim in order to access the funds provided through this allocation. Since the 2010 ARRA award is available for expenditures beginning October 1, 2009, OTDA will reimburse 100% of the gross amount of certification costs with ARRA funds for expenditures beginning with the original Schedule D-7 (Distribution of Food Stamp Expenditures to Activities, LDSS-2347E) claim submission for October 2009 until a district's allocation has been expended. The dollar amount to be reimbursed will be amounts taken from Section 1, Line 8, Column 2 (Certification) and Section 2, Line 6, Column 2 and added together. This will be paid at 100 percent federal share, up to the amount of the allocation, out of a separate cost center set up specifically for these funds and will appear as a bottom line adjustment on a separate claims settlement.

Since the ARRA funds cannot be used as the match for regular (non-ARRA) USDA SNAP funding, for those costs reimbursed with 100 percent ARRA funds, there will be a bottom line adjustment to reflect the reduction of the regular 50 percent federal share of SNAP, which was reflected as part of the USDA settlement above the line. Adjusting entries related to these transactions should be processed as a debit to A4611 and a debit to A400 for the federal share adjustment amount, and as a credit to A4611 for the ARRA federal share amount. Please note that the CFDA (Catalog of Federal Domestic Assistance) number for the ARRA funds is 10.561

(State Administrative Matching Grants for Supplemental Nutrition Assistance Program), the same as for regular SNAP administration. The ARRA funds must be considered part of the SNAP cluster for single audit purposes, but they must be separately identified with the prefix "ARRA" on the Statement of Expenditures of Federal Awards (SEFA).

ARRA funds for FFY 2010 for SNAP administrative costs are available for obligation until September 30, 2010. As with regular SNAP administrative funds, these obligations must be liquidated within 90 days following the end of the respective fiscal year.

Memorandum

To: Ken Crannell, Deputy County Executive

Department of Social Services

Date: May 7, 2010

Subject: **REQUEST FOR LEGISLATION:**
Accepting 100% Funding for Additional Food Stamp / Supplemental Nutrition Assistance Program (SNAP) Administrative Funding under the American Recovery and Reinvestment Act (ARRA).

I am requesting the introduction of the attached resolution to accept Federal Stimulus funding under the American Recovery and Reinvestment Act (ARRA):

> "ACCEPTING AND APPROPRIATING 100% FUNDING FROM THE NEW YORK STATE OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE TO THE SUFFOLK COUNTY DEPARTMENT OF SOCIAL SERVICES FOR ADDITIONAL FOOD STAMP / SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) ADMINISTRATIVE FUNDING PROVIDED UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA)"

The NYS Office of Temporary and Disability Assistance awarded Suffolk County 100% Federal ARRA funds for the additional Food Stamp/Supplemental Nutrition Assistance Program (SNAP). The funding is designated for the Food Stamp program's administrative expenses and will be used for overtime and temporary salaries to support the Food Stamp Examiners in the electronic food stamp application process and the purchase of telephone call centers. A key addition to the electronic application is the ability for recipients to handle their case recertifications by conducting telephone interviews. The ability to have each of the 4 DSS centers equipped with the call centers will assist in the delivery of services to our customers.

Attached please find the above referenced resolution, the introduction form (SCIN Form 175a), the fiscal impact statement (SCIN Form 175b), and related back-up material. The e-copies relating to this resolution are titled "Reso-DSS-Food Stamp Award Funding ARRA 2010." If you have any questions, please contact Patricia Clark at 854-9939.

Long Island Maritime Museum
Attn: Felicia Polizzi

Dear Ms. Polizzi:

The Annual Sayville Run/Walk & Barbeque benefiting the Cystic Fibrosis Foundation was established thirteen years ago to raise money and awareness leading to a cure for cystic fibrosis. CF is a life threatening genetic disease that affects over 30,000 children and young adults in the United States.

The Sayville Run/Walk provides an opportunity for serious runners as well as those who are interested in a relaxing walk to support a worthy cause. The 4-mile route, starting and finishing at the Long Island Maritime Museum in West Sayville, winding along the Great South Bay through South Sayville, is a USATF certified course. After the Run/Walk, we would like to host a family barbeque, complete with live entertainment and catered food donated by Panera Bread and Lovin' Oven for participants, family members and all others interested in joining the fight for a cure.

For the past twelve years, the people of Sayville and the surrounding Long Island area have united to help find a cure for cystic fibrosis. This run allows them, each year, to come together and run for a unified cause.

Thank you so much for your support in the past and we look forward to working with you again.

Warm regards,

Madelyn Fugazy

Subject: Request for Stand Down Grant Award

Suffolk County is extremely proud of our veteran population and is dedicated to meeting the diverse needs of the men and women who have and who are currently serving our country. The county consists of ten diverse townships and is 86 miles long. Suffolk County has the largest veteran population in New York State with over 119,918 veterans, of whom 4,891 are women and 41,070 are Vietnam Era veterans (also the largest population in New York State). The Salvation Army estimates that there are approximately 12,000 homeless veterans living in Suffolk and Nassau Counties. According to the 2000 U.S. Census Bureau, veterans consist of 11.4% of the population in Suffolk County and with the current war in Iraq the County's veteran population is bound to rise. We are committed to meeting the needs of all veterans who have a lack of adequate and permanent housing in Suffolk County.

The Suffolk County Veterans Service Agency is seeking assistance from the U.S. Department of Labor, Veterans Employment and Training Service to support our 4th Annual Homeless Veterans Stand Down on Friday, April 23, 2010, located at the Suffolk County Police Academy in Brentwood, NY.

We are requesting the amount of $7,000 to support this one day Stand Down to be held on April 23, 2010.

Our 1st Annual Homeless Veterans Stand Down on April 20, 2007, was crucial to both reaching and giving assistance to the homeless veterans living within the County. We were able to provide 81 homeless veterans with services offered at the Federal, State, County and Private levels. Furthermore, these veterans were given haircuts, showers, shower bags, clothing, bagged lunches and canned food. In an effort to provide diverse assistance to Suffolk County homeless veterans, we have developed an on-going inter-governmental working relationship with the Northport VA Medical Center, New York Regional Office Department of Veterans Affairs, Suffolk County United Veterans, New York State Division of Veterans Affairs, United Veterans Beacon House, New York State VESID, New York State Department of Labor, Response of Suffolk County, Salvation Army, Long Island Association for Aids Care, Vet Center Babylon, Nassau County Veterans Service Agency, National Government Services, Social Security Administration and the Suffolk County Chapter of the American Red Cross. In addition, Suffolk County Governmental Departments such as Social Services, Health Services, One-Stop Employment, Office for the Aging, Mental Health and Handicapped Services is committed to participating in

our Annual Homeless Veterans Stand Down. With the cooperation and assistance from these agencies and 170 volunteers from the AMVETS, VFW, VVA, Adelphi University, and American Legion, we are hoping to reach and provide critical services to as many homeless veterans in Suffolk County as we can at our next Stand Down.

At our 2008 and 2009 Homeless Veterans Stand Downs, with the assistance of the U.S. Department of Labor, Veterans' Employment and Training Service Awards, we provided services to over 320 homeless veterans. We are anticipating close to 400 veterans at the April 23, 2010 Stand Down and invited more agencies to participate in the event. This $7,000 grant will enable our agency to reach more homeless veterans and provide a greater amount of material needs and concrete services at our 2010 Stand Down.

We look forward to fully utilizing the U.S. Department of Labor, Veterans' Employment and Training Service (VETS) funds to provide employment and training services to those veterans needing assistance.

Our DUNS Number is 805476756 and CCR information has been updated and valid until 2/10/2011. I affirm that I am authorized to enter into an agreement with the U.S. Department of Labor.

If any further information is necessary, please contact Susan Erickson, Head Clerk at (631) 853-8383.

Dear Mr. Ronayne:

The Veterans Employment Service of the NY State Dept of Labor welcomes the opportunity to support the 4th Annual Homeless Stand Down. We have participated in each of the past events and look forward to helping this special group of Veterans in their job search.

Suffolk County has the largest population of Veterans in New York State and it is imperative that we address the problem of homelessness among our returning warriors. At last year's Stand Down, over n160 homeless veterans received various federal, state, county and community services – evidence of the need to provide these specialized programs. We would be proud to continue this joint effort with all our partners in federal, state local governments and non profit agencies to provide these veterans with career training, workshops and job development and placement assistance.

Dear County Executive Levy:

I am very pleased to inform you that the Department of Agriculture and Markets has awarded Suffolk County the sum of $1,703,820 to assist the County in its farmland conservation efforts. Based upon your FY2008-2009 Agricultural and Farmland Protection Implementation Grants proposal, the Department has provided enough matching funds to purchase the development rights on DeLalio Sod Farms.

Before State funds can be provided for the purchase of easements or development rights on this farm, it will first be necessary to develop a contract between the Department and the County. This contract must contain an agreed upon plan of work and budget. Project expenditures, which occur prior to the approval of the contract by the State Comptroller, might not be reimbursed. Therefore, we strongly advise that you not incur any expenses for which State reimbursement will be sought until the contract is approved.

The Department intends to allow Federal Farmland Protection Program (FPP) funds as a local match for this project if the following conditions are met: (1) conservation easement provisions as required by FPP shall not unreasonably restrict or regulate farm operations in contravention of the purposes of Article 25-AA of the Agriculture and Markets Law, and (2) the participating landowner must be granted a waiver of the 2% impervious surface limit to allow for 10% impervious surfaces in the easement area.

In order to facilitate the timely development of your contract and the completion of the project, I am requesting that you identify an authorized representative of the County with whom you would like us to work with regard to all fiscal matters associated with the contract between the County and the State. Please have that person complete and sign the enclosed Contractor's Information Checklist. Also, please identify the person with whom you would like us to work with regard to all matters associated with the conservation easement(s) that will result from this contract; that person will serve as your project manager. Please provide this information to David Behm, the Department's Farmland Protection Program Manager. He may be reached by phone at 518-485-7729, by fax at 518-457-2716 or by e-mail at david.behm@agmkt.state.ny.us.

The Department looks forward to working with you in conserving your valuable farmland resources for agricultural production purposes now and in the future.

RE: Appropriating Funds in Connection with the County Share for Participation in the Installation of the Closed Loop Signal System on Various County Roads (CP 3309)

Attached are a draft resolution and duplicate copy to appropriate the sum of $1,250,000 for construction in connection with the above referenced project. There are sufficient funds included in the 2010 Capital Budget and Program for this project.

The project proposes to replace the traffic controllers at 43 intersections along 6 corridors, and to implement these controllers on the centralized traffic signal system at the County office in Yaphank. Traffic signals on these routes would be electronically interconnected and new traffic signal timing plans would be developed and installed to provide coordinated traffic movements, thus improving traffic flow.

This is a Federally funded project. Mandated milestones must be met to insure that Federal funds are obtained. Recent changes to the procedures for obtaining final Federal authorization require that the County pass a resolution and have local and State contracts in place prior to final authorization.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP3309.doc".

Intro. Res. No. -2010 Laid on Table 6/8/10

Introduced by Legislators Schneiderman and Romaine

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW TO ENSURE THE SAFE TRANSFER OF FUEL TO BOATS AND WATERCRAFT

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010, a proposed local law entitled, "**A LOCAL LAW TO ENSURE THE SAFE TRANSFER OF FUEL TO BOATS AND WATERCRAFT**" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO ENSURE THE SAFE TRANSFER OF FUEL TO BOATS AND WATERCRAFT

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that boating is a popular recreational activity enjoyed by thousands of Suffolk County families on a regular basis.

This Legislature also finds and determines that public health and environmental protection are fundamental concerns of this Legislature and that the preservation of clean water in Suffolk County's bays, ocean and sound is a critical goal.

This Legislature further finds and determines that the oil spill in the Gulf of Mexico provides a dramatic example of the substantial impact pollutants, especially hydrocarbons, can cause to a marine environment.

This Legislature finds that motor fuel is an environmental pollutant that may harm our ecosystem and County citizens when introduced into groundwater and waterways.

This Legislature determines that the use of portable fueling containers to fuel boats increases the risk of fuel spills onto the ground and/or into the water, while facilities which have and use fixed fueling facilities minimize pollution and spills through safer fueling procedures.

This Legislature also finds that minimizing the risk of spilling fuel onto our soil and into our waterways during the process of fueling boats and watercraft is important for the protection of our environment and the health of our citizens.

Therefore, the purpose of this law is to regulate the transfer of fuel to boats and watercraft so as to protect our environment and reduce pollution created by the spillage of fuel into our groundwater supply and waterways.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

"BOATS OR OTHER WATERCRAFT" shall mean floating crafts used for residential purposes, as well as pleasure or recreational watercraft. This term shall not include public vessels which are used for commercial purposes, such as freight carriers, to transport passengers or provide towing services in exchange for compensation, nor does it include commercial fishing vessels or emergency vessels.

"MOBILE FUELING SYSTEM" shall mean a vehicle that has an attached external fuel tank, the contents of which are used to provide fuel to motorized vehicles, including boats or other watercraft.

"PERMANENT FUEL TRANSFER FACILITY" shall mean a permanent fixed fuel tank which boats or other watercraft can access in order to obtain fuel.

"PERSON" shall mean any individual, firm, partnership, corporation, company, society, association, or any organized group of persons whether incorporated or not.

Section 3. Prohibition.

It shall be unlawful for any person to provide fuel to a boat or watercraft via a mobile fueling system when the boat or watercraft is located within a ½ mile radius of a permanent fuel transfer facility.

Section 4. Enforcement.

This law shall be enforced by the Suffolk County Department of Health Services in accordance with the provisions of Article II, Section 760-200 et seq., of the SUFFOLK COUNTY SANITARY CODE.

Section 5. Notice.

The Suffolk County Department of Health Services is hereby authorized, empowered and directed to notify all licensed mobile fuel distributors of the new regulations.

Section 6. Penalties.

Any person providing fuel to a boat or watercraft in violation of this law shall be subject to a civil penalty. The civil penalty shall be two hundred fifty dollars ($250.00) for a first violation, and a penalty of one thousand dollars ($1,000.00) for any subsequent violations.

Section 7. Applicability.

This law shall apply to all actions occurring on or after the effective date of this law.

Section 8. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 9. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 10. Effective Date.

This law shall take effect on the sixtieth (60^{th}) day immediately subsequent to filing in the Office of the Secretary of State.

Re: Suffolk County Show Mobile Fee

Dear Commissioner Pavacic,

This year on July 10th, 2010, with a rain date set for the 11th, the Riverhead Fire Department will be hosting an event much larger than usual. We will be hosting "The 138th Suffolk County Annual Motorized Drill & Parade". This is a fantastic event, which droves of people, of all ages and backgrounds, will attend. This is a great day of fun, best enjoyed with families and friends.

There will be water brigades, motorized pumps, fire truck racing and ladder climbing! And after the drill there will be a parade, with dozens of Suffolk County Fire Departments participating, along with the County Executive's Office, the Riverhead Town Board, Local Senators and Congressmen. This parade is I honor of The 75th anniversary of the Riverhead Fire Department's 'IRONMEN' Drill Team, The Ironmen have been drilling since 1935 and 3 of our grand marshals are from that team.

The reason for this letter is to appeal for your support, in defraying some of the expenses, of putting on this event. We are requesting that you wave the fee of the County Show mobile. Last year our total expense, were approximately twenty-three thousand dollars!. Has you can see our costs went up significantly, and this year we predict them to go even higher. Not only are we celebrating the 75th Anniversary and the 138th Suffolk County Annual Drill and Parade, we are also doing this as our yearly fundraiser.

In return for your support, we will be glad to provide you a FREE full-page black & white advertisement in our Journal and a banner on our track with your company logo.
Please contact our Drill Chairman before our printing deadline of June 3rd, 2010.

Please help us to make this a great day for our community. Thank you!

Respectfully,
James R Redmond
