Intro. Res. No. -2013
Introduced by Legislator Stern

Laid on Table 5/7/13

**RESOLUTION NO. - 2013, ADOPTING LOCAL LAW NO.
-2013, A LOCAL LAW TO STRENGTHEN THE "PREPARED TO
PROTECT OUR MOST VULNERABLE CITIZENS ACT"**

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2013, a proposed local law entitled, "**A LOCAL LAW TO STRENGTHEN THE "PREPARED TO PROTECT OUR MOST VULNERABLE CITIZENS ACT"**"; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2013, SUFFOLK COUNTY, NEW YORK

**A LOCAL LAW TO STRENGTHEN THE "PREPARED TO
PROTECT OUR MOST VULNERABLE CITIZENS ACT"**

**BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF
SUFFOLK**, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that Local Law No. 46-2012 (codified at Chapter 627, Article III of the SUFFOLK COUNTY CODE) requires nursing homes, long-term care facilities and group homes for the disabled to file emergency preparedness plans with the Department of Fire, Rescue and Emergency Services ("FRES").

This Legislature also finds and determines that vulnerable populations reside in other types of facilities in the County of Suffolk; that there are many residential services and programs for children, adolescents and adults struggling with mental health issues in Suffolk County.

This Legislature determines that residential programs and services for the mentally ill should develop, and file with the County, emergency preparedness plans that will allow emergency responders to tailor their response to a natural disaster or other emergency based on each program's individual circumstances.

This Legislature further finds that Local Law No. 46-2012 authorizes the imposition of monetary penalties against facilities that fail to file a written emergency preparedness plan with the County.

This Legislature determines that the County can achieve the goals of Local Law No. 46-2012 more effectively by notifying the public when facilities fail to file an emergency response plan.

Therefore, the purpose of this local law is to amend Chapter 627 of the SUFFOLK COUNTY CODE to require more services and programs to file emergency preparedness plans with the Department of Fire, Rescue and Emergency Services and to authorize FRES to notify the public when a facility fails to file a plan.

Section 2. Amendments.

Chapter 627 of the SUFFOLK COUNTY CODE is hereby amended as follows:

Chapter 627. Nursing Homes and Health-Care Facilities

* * * *

Article III. Emergency Preparedness Plans.

* * * *

§ 627-16. Filing requirements.

- A. All nursing homes, long-term care facilities, [and] group homes for the disabled, residential mental health programs and/or crisis residences for adults and crisis residence mental health programs for children and adolescents located in the County of Suffolk shall file with the Department of Fire, Rescue and Emergency Services a written emergency preparedness plan. Such plan must establish the facility's policies and procedures in the event that a natural disaster or similar emergency occurs.

* * * *

§ 627-17. [Penalties for offenses.] Compliance.

[Failure to file a written emergency preparedness plan with the Department of Fire, Rescue and Emergency Service shall constitute a violation and shall be punishable by a civil fine of \$500. A civil penalty shall only be assessed by the Commissioner of the Department of Fire, Rescue and Emergency Services following a hearing and opportunity of an alleged violator to be heard.]

- A. Each facility which files a written emergency preparedness plan with the Department of Fire, Rescue and Emergency Service in accordance with this Article shall receive a "Certificate of Compliance" from the Department.
- B. The Department of Fire, Rescue and Emergency Service shall post on its official website a list of all facilities and programs required to file an emergency preparedness plan pursuant to this Article and state the compliance status of each facility and program.

Section 3. Applicability.

This law shall apply to all actions occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision,

section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect on the sixtieth (60th) day immediately subsequent to filing in the Office of the Secretary of State.

Local Law No. 46-2012 (codified at Chapter 627, Article 3 of the SUFFOLK COUNTY CODE) requires nursing homes, long-term care facilities and group homes for the disabled to file emergency preparedness plans with the Department of Fire, Rescue and Emergency Services ("FRES"). This law would amend Chapter 627 to add residential mental health programs, crisis residences for adults and crisis residence mental health programs for children to the list of facilities that must file an emergency preparedness plan with FRES.

Additionally, this law would eliminate the civil penalties that can be imposed against non-compliant facilities. Instead, FRES will publicize on its website those facilities that have filed a response plan and those that failed to do so.

This law will take effect 60 days after it is filed in the Office of the Secretary of State.

TITLE OF BILL - A Draft Resolution Transferring Escrow Account Revenues and Transferring Assessment Stabilization Reserve Funds to the Capital Fund, Amending the 2013 Operating Budget, Amending the 2013 Capital Budget and Program, and Appropriating Funds for Improvements to Sewer Collection Systems in Suffolk County Sewer District No. 1 – Port Jefferson (CP 8122)

PURPOSE OR GENERAL IDEA OF BILL – To provide funds for a consultant to evaluate and design improvements to the sewer collection system for Port Jefferson.

SUMMARY OF SPECIFIC PROVISIONS – The main pumping station in Sewer District No. 1 and the force main leading to the wastewater treatment plant requires an evaluation based on the lack of ultimate capacity.

JUSTIFICATION – Due to the age of the structure and the need for additional capacity in order to serve increased service within the Village of Port Jefferson and adjacent areas, additionally without increased capacity there is a potential for sanitary sewer overflows due to extreme flows during weather conditions.

FISCAL IMPLICATIONS - It is proposed that the ASRF and available escrow funds be utilized in a total amount of nearly \$490,000. The fiscal impact will be a repayment of the ASRF funds of \$150,000 in the future while the escrow funds are an appropriate use in order to provide funding for the project.

TITLE OF BILL: Amending the 2013 Capital Budget and Program and Appropriating funds in Connection with Safety and Drainage Improvements to the Center Medians on Various County Roads (CP 5116)

PURPOSE OR GENERAL IDEA OF BILL: This funding will provide for the continuation of engineering and design for median improvements for safety and drainage on CR 46, Wm Floyd Parkway from Ostend to Smith Point Bridge.

SUMMARY OF SPECIFIC PROVISIONS: This Capital Program is not in the current Capital Budget, therefore, an offset is required. Offset has been identified within CP 5576 – Suffolk County Highway Rehabilitation Project in the amount of \$15,000 (a revised estimate for construction has indicated a reduced construction cost) and CP 5855 – Replacement of CR 16, Horseblock Road Bridge over the Long Island Railroad in the amount of \$235,000 (the project is just entering the property acquisition phase, therefore, the Department is not ready to proceed with planning/engineering at this time).

JUSTIFICATION: These funds will enable Suffolk County Department of Public Works to continue with the study and design for median improvements.

FISCAL IMPLICATIONS: Bonds will be issued to finance this project and principal and interest costs will be incurred over the life of the Bonds.

RE: **Amending the 2013 Capital Budget and Program and Appropriating Funds in Connection with Safety and Drainage Improvements to the Center Medians on Various County Roads (CP 5116)**

Attached is a draft resolution and duplicate copy to appropriate the sum of \$250,000 for engineering in connection with the above referenced project. These funds are required for the study and design of the center medians at various locations where improvements have been indicated, and recommend options to improve these locations. The Department plans on utilizing these funds to continue the study and design along CR 46, William Floyd Parkway from Ostend Circle to Smith Point Bridge, however, it may be necessary to add and/or substitute other locations due to changes in priorities or other requirements to be determined by this Department.

There are no funds included in the 2013 Capital Budget and Program for this project and, as such, an offset must be provided. It is our intent to utilize CP 5576 – Suffolk County Highway Rehabilitation Project (\$15,000) – a revised estimate for construction has indicated a reduced construction cost; and CP 5855 – Replacement of CR 16, Horseblock Road Bridge over the Long Island Railroad (\$235,000) – this project is in the very early stages of property acquisition, therefore, the Department is not ready to proceed with planning/engineering services at this time.

The Suffolk County Council on Environmental Quality has reviewed these types of projects and has determined they constitute a Type II action, as SEQRA laws authorize information collection, including basic data collection and research, and preliminary planning processes necessary to formulate a proposal for an action, but does not commit the County to commence or approve an action, and no further review is required.

RE: **Amending the 2013 Capital Budget and Program and Appropriating Funds in Connection with the Construction of Sidewalks, Road Resurfacing and Drainage Improvements on Various County Roads (CP 5497)**

Attached is a draft resolution and duplicate copy to appropriate the sum of \$400,000 for engineering in connection with the above referenced project. These funds are required to study and design of various locations where improvements to pedestrian safety have been indicated, and recommend options to improve these locations. The Department plans on utilizing these funds to investigate the need for pedestrian safety improvements along CR 97, Nicolls Road from the vicinity of Sheep Pasture Road to the Vicinity of NYS 25A. Additionally, these funds will allow the Department to continue the study and design of CR 35, Park Avenue from the vicinity of the Long Island Railroad to the Vicinity of NYS 25A. It may be necessary to add and/or substitute other locations due to changes in priorities or other requirements to be determined by this Department.

There are insufficient funds included in the 2013 Capital Budget and Program for this project and, as such, an offset must be provided. It is our intent to utilize CP 5576 – Suffolk County Highway Rehabilitation Project (\$300,000) – a revised estimate for construction has indicated a reduced construction cost.

RE: **Appropriating Funds in Connection with Reconstruction of Drainage Systems on Various County Roads (CP 5024)**

Attached is a draft resolution and duplicate copy to appropriate the sum of \$275,000 for construction in connection with the above referenced project. There are sufficient funds included in the 2013 Capital Budget and Program for this project.

Increasing traffic volumes and the aging of the county road drainage systems require various levels of maintenance, repair and replacement. Major reconstruction projects are progressed with individual capital projects. However, the life of the drainage systems can be extended with less costly improvements. Large scale repairs, replacement in kind, and other miscellaneous drainage maintenance projects will be performed under this Capital Program.

This project includes excavation and repair or replacement of existing deteriorated drainage structures, piping and may include new concrete or asphalt pavement surrounding the system, concrete curb and sidewalk and installation of thermoplastic pavement markings.

A potential list of drainage system reconstruction projects is attached. It may be necessary to add and/or substitute other locations due to seasonal limitations, changes in priorities or other requirements to be determined by this Department.

The Suffolk County Council on Environmental Quality has reviewed projects of this nature under a previous version of the implementing rules and regulations of SEQRA and determined that the project constitutes a Type II action.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5024(drainage systems).doc".

RE: **Amending Resolution 560-2010 and 625-2011 and Amending the 2013 Capital Budget and Program to Increase Funding in Connection with Improvements to North Highway, CR 39, from Sunrise Highway to Montauk Highway, Town of Southampton (CP 5528, PIN 075736)**

Attached is a draft resolution and duplicate copy amending Resolution No. 560 of 2010 and 626 of 2011 for the above referenced project. This resolution increases funding for construction costs for the Reconstruction of CR 39, North Road in the amount of \$289,625. There are no funds included in the 2013 Capital Budget and Program for this project, however, pursuant to Suffolk County Charter, Section C4-13, an offsetting authorization is not required on amendments which are financed in an amount of at least fifty percent (50%) by Federal or State aid.

Resolution 560-2010 appropriated \$4,837,000 and apportioned the share allocation as 80% Federal funds and 20% County funds. Resolution 626-2011 amended the appropriated amount to \$5,085,000 with the same share allocation, due to an increase in Federal funds for construction. The State has subsequently increased the Federal funds again, to \$5,374,625, with the share allocation remaining as 80% Federal funds and 20% County funds. This resolution will increase and re-allocate construction funds to 80% Federal funds (\$4,299,700) and 20% County funds (\$1,074,925).

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5528(CR39 Inc Constr Aid).doc".

TITLE OF BILL: Amending the 2013 Capital Budget and Program and Appropriating Funds in Connection with Replacement of CR 16, Horseblock Road Bridge over the Long Island Railroad, Town of Brookhaven (CP 5855)

PURPOSE OR GENERAL IDEA OF BILL: Funds are required for preliminary appraisal and condemnation proceedings (seed money).

SUMMARY OF SPECIFIC PROVISIONS: This is a current Capital Budget project for land acquisition in which there is insufficient funding and an offset is required. Offsets have been identified within this existing Capital Project from budgeted planning/design funds, as the Department is not ready to proceed with engineering services at this time.

JUSTIFICATION: These funds will enable Suffolk County Department of Public Works to begin the process of appraising property in the project's vicinity and determine any applicable condemnation procedures (if any) that will be required to progress the project into design and construction.

FISCAL IMPLICATIONS: Bonds will be issued to finance this project and principal and interest costs will be incurred over the life of the Bonds.

RE: **Amending the 2013 Capital Budget and Program and Appropriating Funds in Connection with Replacement of CR 16, Horseblock Road Bridge over the Long Island Railroad, Town of Brookhaven (CP 5855)**

Attached is a draft resolution and duplicate copy to appropriate the sum of \$25,000 for seed money in preparation for land acquisition in connection with the above referenced project. There are insufficient funds included in the 2013 Capital Budget and Program for construction and, as such, an offset must be provided.

It is our intent to utilize \$15,000 from planning within this Capital Program, as the Department is not ready to proceed to the planning and design phase of this project this year.

These funds are required so that the Department can begin the process to appraise the property in the project's vicinity and determine any applicable condemnation procedures (if any) that will be required to progress the project into design and construction.

The Suffolk County Council on Environmental Quality has reviewed these types of planning projects and has determined they constitute a Type II action, as SEQRA laws authorize information collection, including basic data collection and research, and preliminary planning processes necessary to formulate a proposal for an action, but does not commit the County to commence or approve an action.

TITLE OF BILL: A resolution to amend the Capital Budget and Program and appropriate funds in connection with Energy Conservation & Safety Improvements to the H. Lee Dennison Building.

PURPOSE OR GENERAL IDEA OF BILL: To authorize the issuance of Suffolk County Serial Bonds in connection with design services, construction and equipment for building improvements.

SUMMARY OF SPECIFIC PROVISIONS: The H. Lee Dennison Building is in immediate need of a new larger electrical generator to replace the existing broken generator. This replacement will require new transfer switches and upgraded electrical components in order to handle the whole building load.

JUSTIFICATION: The current generator, which was originally designed to operate emergency circuits for vital egress lighting for the original courthouse occupancy has failed during recent Super Storm Sandy. As the H. Lee Dennison Building has evolved and is currently the main administrative center for Suffolk County, it is vitally important to replace the generator and related components with a system designed to support the whole building electrical load in the event of a future power failure.

FISCAL IMPLICATIONS: The generator improvements will enable Suffolk County Government to avert a shutdown in critical management and services and preserve employee productivity.

RE: **CP 1659- Energy Conservation & Safety Improvements to the H. Lee Dennison Building**

Attached for your review is a draft resolution amending the Capital Budget and Program and appropriating the sum of \$1,900,000 for design and construction to implement the following improvements.

The current emergency power generator has failed and is in need of replacement in the aftermath of Super Storm Sandy. As the building is the administrative center for Suffolk County, it is vitally important to upgrade the capacity of the new generator to handle the entire building load. The scope of work involves a large natural gas powered generator, transfer switches and related electrical upgrades. Since the 2013 adopted budget did not anticipate the need or include sufficient funds to cover the full cost of a 100% backup generator for the facility, we are asking for an amendment to the 2013 Adopted Capital Program to offset \$950,000 from CP1664 – Energy Conservation at Various County Facilities, to fully fund the improvement.

This action is considered a Type II Action under SEQRA in accordance with NYCRR, Part 617.5(c) 1, 2 & 25.

An e-mail copy of the resolution has been sent to CE RESO Review sent under the title Reso-DPW-CP1659.doc.

SUBJECT: **A Draft Resolution Amending the 2013 Adopted Operating Budget and the 2013 Capital Budget and Program and Accepting and Appropriating Funds in Connection with the Sewer District No. 21 – SUNY, Improvement Project - CP 8121**

DATE: February 22, 2013

Attached is a draft resolution and appropriate forms with backup for the transfer of funds for the SD 21–SUNY Improvement Project filed as Reso DPW sd21 CP 8121 improvement project dated 2-22-13 and backup filed as Reso-Backup DPW sd21 CP 8121 improvement project dated 2-22-13. The project is under construction and increased consultant construction assistance and potential scope change orders have led to the need for additional funds. Sewer District Bonds and operating fund balance funds have been included in the 2013 Capital Budget and Program in both planning and construction being a total of \$1.35 million. The 2013 operating budget contains approximately \$1.5 million in the CP 8121 operating fund balance. This resolution is to request that \$1.35 million be transferred from the fund balance into the capital project (CP 8121) that is specific for improvements to the sewer district. It is noted that a Consent Order Compliance Schedule exists and construction must continue.

We would request that this resolution be laid on the table as soon as possible.

RE: CP 1124 – Alterations to Criminal Courts Building, Southampton

Attached for your review is a draft resolution appropriating the sum of \$2,010,000 for design, construction and equipment to implement the following improvements.

The Courts have recently identified the desire to relocate the Family Court, currently located in a leased building in downtown Riverhead, into the Criminal Courts Building. This proposal will consolidate Court operations and save the County the cost of extending the current lease which expires at the end of 2014. This relocation will require interior alterations to create hearing rooms and accessory office space specific to the Family Court needs. Immediate funding is a priority in order to complete the construction and moves within the next two years. The project also addresses security and fire safety improvements along with upgrades to windows and interior finishes.

The Central Pine Barrens Joint Planning and Policy Commission, as SEQRA lead agency, on September 21, 2005, issued a Negative Declaration for all proposed development at the Riverhead County Center as contained in the Final Resolution on the Compatible Growth Area Development of Regional Significance Hardship Application.

An e-mail copy of the resolution has been sent to CE RESO Review sent under the title Reso-DPW-CP1124 Alt to Crim Cts Bldg.doc.

TITLE OF BILL: To appropriate funds in connection with the purchase and replacement of Weights and Measures inspection vehicles for the Suffolk County Department of Labor, Licensing and Consumer Affairs inspection vehicles. (CP 1813)

PURPOSE OR GENERAL IDEAL OF BILL: To purchase and replace aging vehicles for the Weights and Measures Division of the Suffolk County Department of Labor, Licensing and Consumer Affairs.

SUMMARY OF SPECIFIC PROVISIONS: The Weights and Measures Division of the Suffolk County Department of Labor, Licensing and Consumer Affairs will purchase three (3) new vehicles in 2013 to replace aging vehicles in its fleet. There are sufficient funds in the 2013 Capital Budget to cover these expenditures.

JUSTIFICATION: In 2012 the Weights and Measures Division generated \$1.7 million in revenue for Suffolk County. With the purchase of these new vehicles, it is projected there will be a major reduction of time lost in investigations due to out of service equipment; thereby allowing for greater revenue to be recognized. The vehicles being replaced are from the years 2000, 1987 and 1984. The two (2) vehicles being replaced from 2000 have over 135,000 miles each and the vehicles prior to 2000 are frequently out of service.

FISCAL IMPLICATIONS: Expenses/costs related to repairs such as parts and labor will drastically decrease with the replacement of the aging vehicles. While operating costs are projected to remain the same or be reduced due to the use of more fuel-efficient vehicles.

RE: CP 1130 – Civil Court Renovations and Addition – Courtrooms, Riverhead

Attached for your review is a draft resolution appropriating the sum of \$1,300,000 for construction to continue and expand the on-going Phase III - Exterior Restoration and Weatherproofing of the Supreme Court Complex on Griffing Avenue, Riverhead.

The additional funding will further progress the exterior building façade, stair and slate roof restorations and replacements, allowing the current progress to continue unimpeded. Restorations are being designed, supervised and executed to preserve the historic fabric of the older buildings which have been damaged over time from weather exposure and water infiltration.

The completion of the priority 1 exterior items will allow full occupancy of the old Supreme Courthouse which is also undergoing final interior renovations set to be completed by the end of 2013. Priority 2 items will be addressed in 2014.

This action is considered a Type II Action under SEQRA in accordance with NYCRR, Part 617.5(c) (1) and (2).

TITLE OF BILL: Approving the purchase of vehicles and appropriating funds in connection with the purchase of Heavy Duty Equipment for County Parks (CP 7011).

PURPOSE OR GENERAL IDEA OF BILL: To approve the purchase of vehicles by the Parks Department and appropriate the funds adopted in the 2013 Capital Budget for the equipment.

SUMMARY OF SPECIFIC PROVISIONS: This resolution appropriates the funds adopted in the 2013 Capital Budget in connection with the purchase of Heavy Duty Equipment for County Parks (CP 7011).

JUSTIFICATION: This resolution will allow the Department to purchase needed heavy equipment, which is often costly and difficult to maintain as it approaches the end of its useful life. Equipment purchased under this project is specialized in nature and allows the Department to complete projects more cost-effectively with County staff, rather than utilize outside contractors who are more expensive. One of the pieces of equipment to be purchased with this appropriation is an Excavator, which, among other projects, will allow the Department to demolish dilapidated structures that it would otherwise have to hire a contractor for. The current list of structures to be demolished will save the Department more than the cost of this equipment.

FISCAL IMPLICATIONS: Serial Bonds will be issued to finance this project. Principal and interest costs will be incurred by the County over the life of the bonds.

RE: INTRODUCTORY RESOLUTION APPROVING THE PURCHASE OF
VEHICLES AND APPROPRIATING FUNDS IN CONNECTION WITH THE
PURCHASE OF HEAVY DUTY EQUIPMENT FOR COUNTY PARKS (CP 7011)

Enclosed please find a draft resolution and supporting documentation relative to the above-captioned. An e-mail version of this resolution was sent to CE RESO REVIEW under the file name "RESO-PKS-Appropriating Funds for Heavy Duty Equipment in County Parks - CP 7011.doc".

The Parks Department is responsible for maintaining, managing and securing over 46,000 acres of land, 95 park facilities and over 200 historic structures. These responsibilities are constantly being expanded as the County continues to acquire additional park acreage. The Department's equipment needs to be more efficient with fewer employees.

TITLE OF BILL: AMENDING THE 2013 CAPITAL BUDGET AND PROGRAM APPROPRIATING FUNDS IN CONNECTION WITH THE PURCHASE OF MARINE AND HELICOPTER EQUIPMENT (CP3513)

PURPOSE OF GENERAL IDEA OF BILL: This amending resolution provides funding for the replacement of thirteen year old emergency helicopter equipment, which has expired and by regulation cannot continue to be used.

SUMMARY OF SPECIFIC PROVISIONS: There are insufficient funds in the current capital project to provide for the needed replacement of emergency equipment. An offset has been identified in CP3242 –Microwave Replacement in the amount of \$50,000.

JUSTIFICATION: During normal operations the Police Department's Aviation Section is required to fly the Astar helicopters over the County's many bodies of water. Floats on these helicopters are an essential safety of flight item, as they would allow the crew and passengers a chance to evacuate the helicopter after an emergency water landing. Currently, the thirteen year old floats on the Astar have expired and by regulation cannot be used on the helicopter, as such, the helicopter cannot be used on over water missions.

FISCAL IMPLICATIONS: Bonds will be issued and principal and interest costs will be incurred over the life of the bonds.

Attached is a draft resolution and duplicate copy to authorize a technical correction to Resolution No. 600 of 2012. This correction is necessary to correct the funding amount identified in the 8th Whereas Clause from \$100,000 to \$500,000 and to modify the incorrect placement of \$400,000 within CP 5548.310, into CP 5548.112, as the \$500,000 has been allocated by the Federal Highway Administration for planning purposes (80% Federal funds (\$400,000) and 20% County funds (\$100,000)) at this time, and not construction.

The Clerk of said County Legislature is hereby authorized and directed to cause a notice of said public hearing to be published once in each of the official newspapers of said County, and such other newspaper as the Legislature may designate, if any, said publication to be made in each of such newspapers not less than ten, nor more than twenty days before the day set herein for said public hearing. Such notice shall be in the following form, to wit:

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that the County Legislature of the County of Suffolk New York will meet at the County Center in Riverhead, New York in said County, on 18th day of June 2013 at 2:30 p.m., Prevailing Time, for the purpose of conducting a public hearing upon a proposal for increases and improvements to the facilities of Suffolk County Sewer District No. 12 – Birchwood/Holbrook, in and about the Town of Brookhaven, substantially in accordance with the maps, plans, report and recommendations prepared by and filed with the Suffolk County Legislature by the Suffolk County Sewer Agency with the assistance of the County Department of Public Works, at which time and place said County Legislature will consider such proposal and hear all parties interested therein concerning the same.

The project is to provide construction of process tanks, equipment and systems to enhance treatment, such as the equalization and filtration. The cost opinion associated with the Infrastructure Improvement Project is \$1.87 million. The project elements are more fully described and defined in the aforementioned maps, plans, report, and recommendations.

The existing district is billed on assessed value. It is proposed that the project will be implemented during 2013. Based on the project schedule, the maximum debt payment will be during 2015 at a value of \$87,120. Financing is at 4% over 20 years for serial bonds. In addition, the operation and maintenance costs will increase by \$14,000 per year. This unsubsidized increased rate amounts to a value per typical property of approximately \$146 per year. This figure was developed using the assessed full value of the sewer district and which sewer district rates are assessed along with the mode assessed value of a typical property within the sewer district resulting in an increase of \$5.31 per \$100 of assessed value for Capital Project 8143, Infrastructure Improvement Project.

All property and property owners are benefited and are included in the district and the project is in the public interest. There will be no fiscal impact to the benefited properties, since pursuant to the Suffolk County Assessment Stabilization Reserve Fund, all residents of sewer districts experience a 3% annual increase regardless of any improvements performed with the annual typical property increase being \$7.04.

A copy of the map, plan, and estimate of costs relating to said proposed increase and improvement of facilities is on file in the Office of the Clerk of said County Legislature where the same may be examined during regular business hours.

2nd **RESOLVED**, this County Legislature of the County of Suffolk, being the lead agency under the State Environmental Review Act ("SEQRA") Environmental Conservation Law Article 8, and pursuant to Resolution No. 718-2004 hereby finds and determines that this law constitutes a Type II action, pursuant to Volume 6 of the New York State Code of Rules and Regulations; and be it further

3rd **RESOLVED**, this resolution shall take effect immediately.

RE: **Amending Resolution No. 471-2012 in connection with the Resurfacing of CR 97, Nicolls Road from the Vicinity of the LIRR Tracks (Furrows Road) to the Vicinity of NY 27, Sunrise Highway; and CR 19, Waverly Avenue/Patchogue-Holbrook Road from the Vicinity of NY 27, Sunrise Highway to Broadway Avenue, Towns of Brookhaven and Islip (CP 5599.313, PIN 076007)**

Attached is a draft resolution and duplicate copy requesting an amendment to Resolution No. 471-2012. After a public Letting was held on November 29, 2012, it was determined that the lowest responsible bidder's amount was below the engineer's estimate and the appropriated funding. Upon receipt of bids for a subsequent Letting (CP 5599.312, PIN 076006 - CR 46), it was determined that additional funding was required to progress that project.

As CP 5599 is Federally-aided in the amount of 80% Federal funds and 20% County funds, the State has agreed to allow us to reallocate the funding amounts with an authorizing resolution. This request is to amend Resolution No. 471-2012 for CP 5599.313, PIN 076007 by decreasing the amount by \$360,000, resulting in a \$5,912,000 Federal share (80%) and a \$1,478,000 State share (20%). A subsequent resolution request with allow for the placement (transfer) of these funds into CP 5599.312.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5599(CR97-19 Amend Reso).doc".

RE: **Amending Resolution No. 469-2012 in connection with the Resurfacing of CR 46, William Floyd Parkway from the Vicinity of Moriches Middle Island Road to the Vicinity of NY 25A, Town of Brookhaven (CP 5599.312, PIN 076006)**

Attached is a draft resolution and duplicate copy requesting an amendment to Resolution No. 469-2012. After a public Letting was held on December 6, 2012, it was determined that the lowest responsible bidder's amount was above the engineer's estimate and the appropriated funding. A previous Letting (CP 5599.313, PIN 076007 – CR 97/CR 19), resulted in some funding availability, with a transfer.

As CP 5599 is Federally-aided in the amount of 80% Federal funds and 20% County funds, the State has agreed to allow us to reallocate the funding amounts with an authorizing resolution. This request is to amend Resolution No. 469-2012 for CP 5599.312, PIN 076006 by increasing the amount by \$359,750, resulting in a \$4,572,800 Federal share (80%) and a \$1,143,200 County share (20%). A previous amending resolution request will allow for the transfer of these funds.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5599(CR46 Amend Reso).doc".

RE: **Authorizing Planning Steps for the Acquisition of Land for Permanent Easement from the New York State Metropolitan Transportation Authority (MTA), Long Island Rail Road (LIRR), for the Replacement of a Certain Bridge on CR 16, Horseblock Road, Town of Brookhaven, Suffolk County, New York (SCTM 0200-737.00-01.00-008.000) (CP 5855, PIN 075979)**

Attached is a draft resolution and duplicate copy to authorize planning steps necessary to acquire a permanent easement from the MTA/LIRR for the installation of new abutments to support a new substructure and superstructure in connection with the replacement of the CR 16, Horseblock Road bridge over the Long Island Rail Road.

These right-of-way planning steps include surveys, title searches, audits, maps and/or appraisals and are required in order for the County to progress with the acquisition of this parcel.

The Suffolk County Council on Environmental Quality has reviewed these types of planning projects and has determined they constitute a Type II action, as SEQRA laws authorize information collection, including basic data collection and research, and preliminary planning processes necessary to formulate a proposal for an action, but does not commit the County to commence or approve an action.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso- DPW-CP5855(CR16 LIRR Prop Acq).doc".

SUBJECT: Capital Project # 1740 – UPGRADE PAYROLL SYSTEM

We are forwarding a draft resolution requesting appropriation of \$ 750,000 for the year 2013. The resolution amount represents the monies that remain un-appropriated in Capital Project # 1740. An email version of the resolution was sent to CE RESO saved under the title "Reso-ITS-CP-1740".

Program Description: This project is for the current County-wide payroll system at the Hauppauge Data Center, which is on a Unisys Libra 690 Mainframe System and the Disaster Recovery backup system at the Riverhead Data Center, which is on a Libra 595 Mainframe system. Currently, the L595 Riverhead Data Center mainframe is at EOL (end of life) on 10/2013 and will no-longer be supported and will be shutdown. In addition, the Libra 690 Mainframe at the Hauppauge Data Center is at EOL (end of life) on 10/2014 and will no-longer be supported and will be shutdown. Therefore, we need to replace both mainframes. The funds will be utilized to purchase a Unisys Libra 460 system for the D/R Riverhead Data Center and Hauppauge Production Mainframe Systems with smaller non-metered devices that can run windows applications and MCP (Unisys) programs. This project will extend the life of the current payroll system by moving it to a platform which will allow expanded development.

Operating Budget Impact: This will have a minimal impact on the operating budget.

TITLE OF BILL: CP 1740 – UPGRADE PAYROLL SYSTEM DATABASE

PURPOSE OR GENERAL IDEA OF BILL:

Funding for this project is to extend the life of the current Countywide payroll system at the Hauppauge Data Center, which is on a Unisys Libra 690 Mainframe System and the Disaster Recovery backup system at the Riverhead Data Center, which is on a Libra 595 Mainframe system. Currently, the L595 Riverhead Data Center mainframe is at EOL (end of life) on 10/2013 and will no-longer be supported and will be shutdown. In addition, the Libra 690 Mainframe at the Hauppauge Data Center is at EOL (end of life) on 10/2014 and will no-longer be supported and will shutdown. Therefore, we need to replace both mainframes by purchasing a Unisys Libra 460 system for the D/R Riverhead Data Center and Hauppauge Production Mainframe Systems with smaller non-metered devices that will have the ability to run both windows applications and MCP (Unisys) programs.

SUMMARY OF SPECIFIC PROVISIONS:

This project will replace the existing Riverhead D/R Mainframe and the existing Hauppauge Production Mainframe systems with smaller non-metered devices that can run windows applications and MCP (Unisys) programs. The current mainframes are at the EOL (end of life) and we need to ensure system continuity after the 10/2013 and 10/2014 EOL equipment shuts down and countywide payroll systems continues to process our many schedule payrolls for the County. .

JUSTIFICATION:

Funds for the Libra 460 Riverhead D/R Mainframe system is needed before the EOL of 10/2013 and funds for the Libra 460 Hauppauge Production Mainframe system is needed before the EOL of 10/2014. Both of the systems are needed to continue the multiple processing of Countywide payrolls produced throughout the month. Therefore, operation continuity is essential for all payroll processing.

APPENDIX A

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, 'the contract' or 'this contract') agree to be bound by the following clauses which are hereby made a part of the contract (the word 'Contractor' herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. **EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. **NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. **COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6.a).

4. **WORKERS' COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. **NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State

citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevail-ing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at indepen-dently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participa-ting, or shall participate in an international boycott in viola-tion of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, 'the Records'). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspec-tion, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Offi-cers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State

agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. 12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of 'a', 'b', and 'c' above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the 'Work') except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict

with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. **PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS.** The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. APPENDIX A1

AGENCY-SPECIFIC CLAUSES

1. For grant solicitations or direct grant awards announced before April 10, 2006, if this Agreement exceeds \$15,000, it shall not take effect until it is executed by the parties hereto and approved by the Attorney General and the Comptroller of the State of New York. If this Agreement is for \$15,000 or less, it shall not take effect until it is executed by both parties.

For grant solicitations or direct grant awards announced on or after April 10, 2006, if this Agreement exceeds \$50,000, it shall not take effect until it is executed by the parties hereto and approved by the Attorney General and the Comptroller of the State of New York. If this Agreement is for \$50,000 or less, it shall not take effect until it is executed by both parties.

2. This Agreement sets forth the entire understanding of the parties and may not be altered or amended except in writing and signed by the parties hereto.

3. The failure of a party to enforce a contractual obligation shall not eliminate the other party's obligation to perform such contractual obligation.

4. In the event that any provision of this Agreement is determined to be null and void, all remaining provisions shall continue to be in full force and effect.

5. The Grantee must notify DCJS in writing of any change in the number, title, job duties or rate of remuneration of project staff which changes the Personal Service Project Budget line by 10 percent or under. Any change in the number, title, job duties or rate of remuneration of project staff which changes the Project Budget line more than 10 percent must be approved in writing by DCJS prior to implementation. The Grantee agrees to provide DCJS with resumes and supporting documentation upon request.

6. The Grantee shall submit detailed itemization forms for personal service and fringe benefit expenditures, in a format determined by DCJS, with any voucher and Fiscal Cost Reports requesting payment for expenditures.

7. The Grantee must maintain specific documentation as support for project related personal service expenditures, depending upon whether this grant contract project is supported by State or Federal funds:

A. For State funded grants:

For all Grantee's staff whose salaries are paid in whole or in part from grant funds provided under this Agreement, the Grantee shall maintain a time recording system which shows the time devoted to the grant project. The system shall consist of time sheets, computerized workload distribution reports, or equivalent systems. The time devoted to grant activities must be determinable and verifiable by DCJS. If time sheets are used, each must be signed by the individual and certified by the individual's supervisor in a higher level position at the end of each time reporting period.

B. For Federally funded grants:

Depending upon the nature or extent of personal service provided under this Agreement, the Grantee shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with the requirements of the Federal Office of Management and Budget (OMB) Circulars A-21, A-87 or A-122, as applicable:

1. OMB Circular A-21 [Item J, General provisions for selected items of cost] identifies documentation required for educational institutions as support for grant project personnel costs.
2. OMB Circular A-87 [Attachment B, Selected Items of Cost] identifies the documentation required for local

government agencies as support for grant project personnel costs.

3. OMB Circular A-122 [Attachment B, Selected Items of Cost] identifies the documentation required for non-profit organizations as support for grant project personnel costs.

The most current version of these Federal OMB Circulars may be viewed on-line at:
www.whitehouse.gov/omb/circulars.

The Grantee is to ensure full compliance with specific personal service documentation requirements of these OMB Circulars as applicable directly to the Grant recipient and to any sub-recipient (or collaborative agency/organization). Failure to do so may result in disallowance of costs upon audit.

8. Budget amendments are governed as follows:

A. Any proposed modification to the contract must be submitted for prior approval by DCJS and the NYS Office of the State Comptroller (OSC) when:

1. The amount of the modification is equal to or greater than ten percent of the total value of the contract for contracts of less than five million dollars; or
2. The amount of the modification is equal to or greater than five percent of the total value of the contract for contracts of five million dollars or more.

An Appendix X setting forth the proposed amendment must be electronically signed via the Grants Management System by the Grantee for approval by DCJS and the NYS Office of the State Comptroller before the next voucher and/or fiscal cost report will be approved.

B. For proposed modifications to the contract below the DCJS/OSC approval thresholds as set forth in 8 (A), the following shall apply:

1. The Grantee is not permitted to reallocate funds between Personal Service and Non-Personal Service budget categories without the prior approval of DCJS. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.
2. The Grantee is not permitted to reallocate funds between Non-Personal Service budget categories without the prior approval of DCJS when the amount of the modification is equal to or greater than ten percent of the category. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.
3. Prior approval by DCJS is not required for Non-Personal Service budget changes which are less than 10 percent. These changes, however, must be submitted to DCJS with the next voucher or fiscal cost report submission.

Requests for modifications must be made in writing by an authorized representative of the Grantee.

9. Space rental provided by this Agreement must be supported by a written lease, maintained on file and made available by the Grantee upon request.

10. The Grantee's request for travel, meals or lodging reimbursement shall be in accordance with Appendix B, Budget, and, unless prior written authorization has been received from DCJS, shall not exceed rates authorized by the NYS Office of the State Comptroller.

11. The Grantee's employment of a consultant must be supported by a written agreement executed by the Grantee and the consultant. A consultant is defined as an individual or organization hired by the Grantee for the stated purpose of accomplishing a specific task relative to the funded project. A copy of the agreement must be submitted to DCJS with the appropriate voucher for payment. All consultant services must be obtained in a manner that provides for fair and open competition. The Grantee shall retain copies of all solicitations seeking a consultant, written agreements and documentation justifying the cost and selection of the consultant. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set

forth in the Agreement and the Grantee must guarantee the work of the consultant as if it were its own.

A. The rate for a consultant should not exceed \$450 for an eight-hour day (not including travel and subsistence costs). A rate exceeding \$450 per eight-hour day requires prior written approval from DCJS and may be approved on a case-by-case basis where adequate justification is provided and expenses are reasonable and allowable.

B. In addition to the above requirements, a Grantee that is a local government or a not-for-profit must adhere to the following guidelines at a minimum when obtaining consultant services:

1. Consultant services that cost up to \$999 under this grant agreement can be obtained at the Grantee's discretion.
2. Consultant services that cost between \$1,000 and \$4,999 under this grant agreement must be supported by at least three telephone quotes and a record created of such quotes.
3. Consultant services that cost between \$5,000 and \$9,999 under this grant agreement must be supported by at least three written quotes on a vendor's stationery and a record created of competitive procurement process utilized.
4. A Grantee obtaining consultant services that cost in excess of \$10,000 must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

C. A Grantee who proposes to obtain consultant services from a particular vendor without competitive bidding, must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and basis upon which the price was determined to be reasonable. Further, such consultant services must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS' approval must also be submitted with the voucher for payment.

D. Notwithstanding the provisions of this paragraph, the Parties agree that DCJS' prior written approval is not required for the employment of a consultant when such employment is secured in relationship to a criminal matter as an expert witness, consultant or investigator. The Parties agree that the employment shall be supported by a written agreement and that all requests for reimbursement shall be supported by documentation identifying the criminal matter involved, services provided, time commitment and schedule. Such agreement and documentation shall be submitted to DCJS with the appropriate voucher for payment.

12. All procurements, other than consultant services, shall be conducted in the following manner. Written justification and documentation for all procurements must be maintained on file and made available upon request. Detailed itemization forms for non-personal service expenditures, in a format determined by DCJS, shall accompany each voucher and Fiscal Cost Report requesting payment. All procurements must be made in a fair and open manner and in accordance with the pre-determined methodology established for evaluating bids (e.g., lowest responsive bidder or best value).

A. A Grantee that is a state entity must make all procurements in accordance with State Finance Law Article 11, and any other applicable regulations.

B. A Grantee that is a local government must make procurements in accordance with General Municipal Law Article 5-A and any other applicable regulations.

C. In addition, a Grantee that is a not-for-profit must also make all procurements as noted below:

1. If the Grantee is eligible to purchase an item or service from a government contract or is able to purchase such item or service elsewhere at a lower than or equal price, then such purchase may be made immediately.
2. A Grantee may purchase any single piece of equipment, single service or multiples of each that cost up to \$999 at its discretion.
3. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between \$1,000 and \$4,999, a Grantee must secure at least three telephone quotes and create a record for audit of such

quotes.

4. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between \$5,000 and \$9,999, the Grantee must secure at least three written quotes on a vendor's stationery and maintain a record of the competitive procurement process for audit purposes.

5. A Grantee spending in aggregate of \$10,000 and above must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

6. A Grantee who proposes to purchase from a particular vendor without competitive bidding must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. Further, such procurement must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS' approval must also be submitted with the voucher for payment.

13. Applicable equipment purchased with funds provided by this Agreement as listed in Appendix B, Budget, shall be assigned a unique inventory number. The Grantee shall list all applicable equipment purchased with such funds in the GMS Property Module and print and submit such reports to DCJS/ODPF program representatives with the final program progress report or sooner. Alternatively, the Grantee may use the Equipment Inventory reports prescribed by DCJS to list equipment purchases and submit them to DCJS via postal service. Items of equipment costing less than \$500 do not need to be reported on the Equipment Inventory Reports although the Grantee is encouraged to maintain an internal inventory for audit purposes. Upon completion of all contractual requirements by the Grantee, DCJS will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in conducting a criminal justice program.

14. Grant funds may be expended only for purposes and activities set forth in this Agreement. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Grantee receives funding from two or more sources, all necessary steps must be taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.). Grantee agrees it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

This Agreement may be subject to a fiscal audit by DCJS to ascertain financial compliance with Federal and/or State laws, regulations, and guidelines applicable to this Agreement. Such audits may include review of the Grantee's accounting, financial, and reporting practices to determine compliance with the Agreement and reporting requirements; maintenance of accurate and reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable Federal, State, and DCJS guidelines.

15. Where advance payments are approved by DCJS, the Grantee agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B.

16. DCJS reserves the right to suspend program funds if the Grantee is found to be in noncompliance with the provisions of this Agreement or other grant agreements between the Grantee and DCJS or, if the Grantee or principals of the Grantee are under investigation by a New York State or local law enforcement agency for noncompliance with State or Federal laws or regulatory provisions or, if in DCJS' judgment, the services provided by the Grantee under the Agreement are unsatisfactory or untimely. DCJS shall provide the Grantee with written notice of noncompliance. Upon the Grantee's failure to correct or comply with the written notice by DCJS, DCJS reserves the right to terminate this Agreement, recoup funds and recover any assets purchased with the proceeds of this Agreement. DCJS reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon issuance of a final audit report and appropriate notification to the Grantee, or upon reasonable assurance that the Grantee is not in compliance with

Agreement terms.

17. The Grantee agrees, as a material condition of the Agreement, to comply with all applicable provisions of the Hatch Act (5 U.S.C. "1501 et seq.) as amended.

18. Program income earned by the Grantee during the funding period as a direct result of the grant award must be reported in writing to DCJS, in addition to any other statutory reporting requirements. This includes income received from seized and forfeited assets and cash, as well as: sale of grant purchased property; royalties; fees for services; and registration/tuition fees. Interest earned on grant funds is not program income unless specified in Appendix D. The Grantee agrees to report the receipt and expenditures of grant program income to DCJS. All income, including interest, generated by the use of these grant funds will be used to enhance the grant project.

19. If applicable, the Grantee agrees to obtain not-for-profit status, a federal identification number, and a charitable registration number (or a declaration of exemption) and to furnish DCJS with this information as soon as it is available.

20. Unless otherwise specified, in accordance with the State Finance Law, the availability of all State funds for liabilities already incurred thereunder shall cease on September 15th of the year following the fiscal year in which the funds were appropriated, unless such funds are reappropriated by the New York State Legislature. To ensure payment, vouchers must be received by DCJS by August 1st of the year following the fiscal year in which the funds were appropriated.

21. The Grantee will submit program progress reports and one final report to DCJS via the GMS system and additional information or amended data as required.

A. Program progress reports will be due within 45 days of the last day of each calendar quarter or on an alternate schedule as prescribed in Appendix D. The first program progress report will be due within 45 days of the last day of the calendar quarter from the start date of the program.

Program progress reports thereafter will continue to be made until such time as the funds subject to this Agreement are no longer available, have been accounted for, and/or throughout the Agreement period or project duration.

Calendar quarters, for the purposes of making program progress reports, shall be as follows:

Calendar Quarter Report Due January 1 - March 31 May 15 April 1 - June 30 August 15 July 1 - September 30
November 15 October 1 - December 31 February 15

B. The final report, or where applicable interim progress reports, will summarize the project's achievements as well as describe activities for that quarter.

22. If for any reason the State of New York or the federal government terminates its appropriation through DCJS or fails to pay the full amount of the allocation for the operation of this program, this Agreement may be terminated or reduced at the discretion of DCJS, provided that no such reduction or termination shall apply to allowable costs already incurred by the Grantee where funds are available to DCJS for payment of such costs. Upon termination or reduction of the Agreement, all remaining funds paid to the Grantee that are not subject to allowable costs already incurred by the Grantee shall be returned to DCJS. In any event, no liability shall be incurred by DCJS or by the State of New York beyond monies available for the purposes of this Agreement. The Grantee acknowledges that any funds due to DCJS because of disallowed expenditures after audit shall be its responsibility.

23. If Appendix B, Program Budget, makes provisions for overtime payment, the Grantee agrees to submit vouchers for such payment of overtime charges within 45 days after the last day of the quarter for the reporting period. The Grantee further agrees to limit overtime earnings to no more than 25 percent (25%) of the employee's annual personnel cost (salary plus fringe benefits) during the term of this Agreement. No reimbursements for overtime charges in excess of this 25 percent (25%) limit will be made unless prior written approval has been obtained from DCJS.

24. None of the goals, objectives or tasks set forth in Appendix D shall be subawarded to another organization without specific prior written approval by DCJS. Where the intention to make subawards is clearly indicated in

the application, DCJS' approval is deemed given, if these activities are funded as proposed.

If this Agreement makes provisions for the Grantee to subgrant funds to other recipients, the Grantee agrees that all subgrantees shall be held accountable by the Grantee for all terms and conditions set forth in this Agreement. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Agreement and the Grantee must guarantee the work of any subgrantee as if it were its own.

The Grantee agrees that all subgrantee arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

Activities to be performed;

Time schedule;

Project policies;

Other policies and procedures to be followed;

Dollar limitation of the Agreement;

Appendix A, Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Agreement; and

Applicable Federal and/or State cost principles to be used in determining allowable costs.

The Grantee will not be reimbursed for subgranted funds unless all expenditures by a subgrantee are listed on certification forms. Backup documentation for such expenditures must be made available upon request. All expenditures must be programmatically consistent with the goals and objectives of this Agreement and with the financial plan set forth in Appendix B.

25. Federal Funds

A. In accordance with Federal requirements, a Grantee which receives during its fiscal year \$500,000 or more of Federal funds (including pass-through and direct) from all sources, including this Agreement, must agree to have an independent audit of such Federal funds conducted in accordance with the Federal Office of Management and Budget (OMB) Circular A-133. OMB Circular A-133 further requires that the final report for such audit be completed within nine months of the end of the Grantee's fiscal year. The Grantee further agrees to provide one copy of such audit report(s) to DCJS within nine months of the end of its fiscal year(s).

B. In accordance with Federal requirements, a Grantee receiving Federal pass-through funds must also agree to comply with the terms and conditions of any and all applicable Federal OMB Circulars. For the convenience of the Grantee, the following OMB circulars are noted as the most common applicable to federal funds passed through DCJS:

OMB Circular A 21, Cost Principles for Educational Institutions;

OMB Circular A 87, Cost Principles for State, Local and Indian Tribal Governments;

OMB Circular A 102, Grants and Cooperative Agreements With State and Local Governments;

OMB Circular A 110, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Non Profit Organizations; and

OMB Circular A 122, Cost Principles for Non Profit Organizations.

For All Grantees:

1. The Grantee agrees that this is a reimbursement-based contract; an advance may be provided through Appendix D (Special Conditions). The Grantee must also refund all unexpended advances (see item three below.) Final vouchers, reimbursement payment and reports must be submitted within 45 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds.

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. When submitting a voucher, such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Grantee for this program. Requirement b) does not apply to Legislative sponsored State grants.

Any breach of confidentiality by the Grantee, its agents or representatives will be cause for the immediate termination of this Agreement.

RE: **CP 5603 – Construction of Compressed Natural Gas (CNG) Fueling Facilities – Training Program**

Attached for your review is a draft resolution that appropriates \$250,000.00 in planning for the creation and implementation of a compressed natural gas training program. The Fire Code of the State of New York, Chapter 30-Compressed Gases-3001.1, Exception 2, requires compliance with National Fire Protection Association Standard 52 – Vehicular Gaseous Fuel System Code. Section 1.7 of NFPA-52, requires that “persons engaged in the handling and storage of LNG, CNG, GH2, LH2 and L/CNG ... be trained in the hazards and properties of these materials.”

DPW will create and implement this training program in-house for all employees who use or operate County owned CNG vehicles. This resolution also establishes the mechanism by which DPW employees’ time can be reimbursed (charged back) by the federal funding.

This action is considered a Type II action under SEQRA pursuant to Section 617.5 (C) (20) and (21) of Title 6 of New York Code of Rules and Regulations (“NYCRR”).

An e-mail copy of the resolution has been sent to CE RESO Review sent under the title Reso-DPW-CP5603-CNG Fueling Facility.doc.

RE: CEQ Review of the Proposed CP# 5603 – Yaphank CNG Fueling Facility, Town of Brookhaven

At its April 17, 2013 meeting, the CEQ reviewed the above referenced matter. Pursuant to Chapter 450 of the Suffolk County Code, and based on the information received, as well as that given in a presentation by Raymond Muxo, Associate Mechanical Engineer, Suffolk County Department of Public Works, the Council advises the Suffolk County Legislature and County Executive, in CEQ Resolution No. 19-2013, a copy of which is attached, that the proposed project be considered an Unlisted Action under SEQRA that will not have significant adverse impacts on the environment.

If the Legislature concurs with the Council on Environmental Quality's recommendation that the projects will not have a significant adverse impact on the environment, the Presiding Officer should cause to be brought before the Legislature for a vote, a resolution determining that the proposed action is an Unlisted Action pursuant to SEQRA that will not have significant adverse impacts on the environment (negative declaration). However, if the Legislature has further environmental concerns regarding this project and needs additional information, the Presiding Officer should remand the case back to the initiating unit for the necessary changes to the project and EAF or submit a resolution authorizing the initiating unit to prepare a draft environmental impact statement (positive declaration).

Enclosed for your information is a copy of CEQ Resolution No. 19-2013 which sets forth the Council's recommendations. The project EAF and supporting documentation can be viewed online at <http://www.suffolkcountyny.gov/Departments/Planning/Boards/CouncilonEnvironmentalQuality>
If the Council can be of further help in this matter, please let us know.

Dear Legislator Kennedy:

Please be advised that this office represents the Roman Catholic Church of St. Patrick, which maintains a cemetery on Mt. Pleasant Road in Smithtown. On April 18, 2013, the church purchased an adjacent parcel of property from the Smithtown Central School District, for the purpose of adding that property to the cemetery. Enclosed please find a survey depicting the subject property, identified on the Suffolk County Tax Map as District 0800, Section 131, Block 3, Lots 15.3 and part of 8.1.

Also enclosed is a fully executed and verified Petition for cemetery expansion purposes, which must be approved by the Suffolk County Legislature. Kindly review same, and contact this office should you have any questions, or require anything further before bringing this matter before the Legislature.

Your assistance with respect to this matter is greatly appreciated.
