Smithtown, New York 11787

RE: RESOLUTION 1010-2008; TO AMEND THE USER FEE SCHEDULE FOR  
SUFFOLK COUNTY PARKS

Dear Presiding Officer Lindsay and Members of the Legislature:

I am returning herein Resolution No. 1010-2008; "to amend the user fee schedule for Suffolk County Parks" vetoed in its entirety. With the national and local economy heading into a deeper recession, this is not the time to raise recreation fees on Suffolk County residents.

Raising user fees at Suffolk County golf courses, parks and marinas will have an adverse effect on usage due to the struggling economy and the associated "belt-tightening" of county residents. During tough economic times, we should be encouraging and enabling residents to enjoy the county parks rather than discouraging them by making it more expensive.

I have worked diligently to prevent any increase in park fees for the five years I have been County Executive. I believe our parks should be as accessible as possible to the public we serve.

Furthermore, providing a one-time bailout for the Vanderbilt Museum by raising fees unfairly puts the burden on individuals that regularly use golf courses and parks. I denounce the notion suggested by one legislator that only the wealthy use county golf courses and that they will not feel the effects of the increase. A raise in green's fees may push golfers towards privately owned courses taking revenue away from the County and counteracting the intended purpose of the fee increase. The same is true with campers that regularly use county parks.

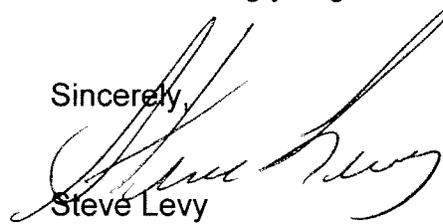

The Museum must look at all other alternatives, including borrowing against the endowment's interest, to keep it afloat. The Museum has not provided any concrete information as to how they plan on ensuring that this financial quandary will not reoccur in future years.

All options must be explored and exhausted before increasing fees on already overburdened taxpayers to bailout a currently unsustainable facility. This must be a last, not a first, resort.

It must be underscored that the bill was structured to allow the funding of the museum whether or not the park fees are increased. If my veto is sustained, it is incumbent on all who oppose this fee increase to support the follow-up legislation I will submit to defund the museum, unless alternative sources of funding are secured. We cannot create a budget deficit by opposing the fees while also supporting the spending.

For this and the other reasons enumerated above, I strongly urge the legislature to sustain my veto of this resolution.

Sincerely,

Steve Levy

County Executive of Suffolk County
