RE: RESOLUTION 33 -2009; TO AMEND THE USER FEE SCHEDULE FOR
SUFFOLK COUNTY PARKS

Dear Presiding Officer Lindsay and Members of the Legislature:

I am returning herein Resolution No. 33 -2009; "TO AMEND THE USER FEE SCHEDULE FOR SUFFOLK COUNTY PARKS" vetoed in its entirety. I have worked diligently to prevent any increase in park fees for the five years I have been County Executive. I believe our parks should be as accessible as possible to the public we serve.

If these fees were to be increased, the money should be applied first to the core services that we as a government provide to the public; services which are in peril in this difficult economy. We should be exploring loans to get the museum through this year and to consider partnering with private entrepreneurs who may wish to run a marina or dinosaur exhibit at the facility to bring in revenues and patrons.

I also fear that once we start down the path of subsidizing operations, the museum will never break this dependency. It is a bad precedent not only for the museum but all the others that will experience operational difficulties. Despite our requests, I have yet to see the business plan created by the Vanderbilt Museum's Administration and Board of Trustees to prove that this will in fact be a one-year subsidy and that they will become self-sufficient in 2010 and onwards. All options must be explored and exhausted before increasing fees on already overburdened taxpayers to bailout a currently unsustainable facility.

Furthermore, providing a one-time bailout for the Vanderbilt Museum by raising fees unfairly puts the burden on individuals that regularly use golf courses and parks. A raise in green's fees may push golfers towards privately owned courses taking revenue away

from the county and counteracting the intended purpose of the fee increase. The same is true with campers that regularly use county parks.

Finally, while I do not concur with a raising of fees, the proposal is certainly more responsible than other alternative measures including raiding phantom revenues in the budget. Nonetheless, the increase should be denied due to the reasons enumerated above, I strongly urge the legislature to sustain my veto of this resolution.

Sincerely,

Steve Levy

County Executive of Suffolk County
