**SENIORS & CONSUMER PROTECTION COMMITTEE**  
**OF THE**  
**SUFFOLK COUNTY LEGISLATURE**  
**MINUTES**

A meeting of the Seniors & Consumer Protection Committee of the Suffolk County Legislature was held in the Maxine S. Postal Auditorium, Evans K. Griffing Building, 300 Center Drive, Riverhead, New York held on February 27, 2017.

**MEMBERS PRESENT:**

Leg. Sarah S. Anker, Chairperson  
Leg. Steve Stern, Vice Chair  
Leg. Thomas Cilmi  
Leg. Al Krupski  
Leg. Thomas Muratore  
Leg. DuWayne Gregory, Presiding Officer

**ALSO IN ATTENDANCE:**

Leg. William J. Lindsay, III, 8th District  
George M. Nolan, Counsel to the Legislature  
Amy Ellis, Chief Deputy Clerk/Legislature  
Benny Pernice, Budget Review Office  
Andrew Tarantowicz, Budget Review Office  
Russel Calemno, Licensing Board  
Michael Towers, Licensing Board  
Charles Gardner, Kings Park Chamber of Commerce  
Robyn Fellrath, Aide to Leg. Anker  
Deborah Harris, Aide to Leg. Stern  
Kimberly Scalice, Aide to Leg. Cilmi  
Catherine Stark, Aide to Leg. Krupski  
Jennifer Hann, Aide to Leg. Lindsay  
Katie Horst, County Executive's Office  
John Marafino, County Executive's Office  
Michael Pitcher, Director of Communications/PO  
And all other interested parties

**MINUTES TAKEN BY:**

Diana Flesher, Court Stenographer

**THE MEETING WAS CALLED TO ORDER AT 12:31 PM**

**CHAIRPERSON ANKER:**

Welcome to the Senior and Consumer Protection Committee meeting. We have all our Committee members here? You guys good? Okay, please rise for the Pledge of Allegiance led by Legislator Stern.

**SALUTATION**

Please remain standing for a moment of silent meditation and prayer as we think of those in our military protecting our freedom.

**MOMENT OF SILENCE OBSERVED**

Thank you. I do not see any cards for public comment or correspondence. We did have a presentation scheduled; however, it has been cancelled. We will move right to the Tabled Resolutions.

**TABLED RESOLUTIONS**

We have IR 1887, A Local Law to clarify item pricing requirements (Cilmi). I'll make a motion to table.

**LEG. CILMI:**

Motion to approve.

**CHAIRPERSON ANKER:**

Okay. We have a motion to approve. Do I have a second to the motion to table?

**P.O. GREGORY:**

(Indicating)

**CHAIRPERSON ANKER:**

Okay, we have a second, okay. We have a motion to approve. You have a second to the motion to approve? Second?

**LEG. MURATORE:**

(Indicating)

**CHAIRPERSON ANKER:**

Okay, on the motion, would you like to talk a little bit about why -- I had heard that there's -- you're working with the County Exec's office modifying this particular resolution.

**LEG. CILMI:**

Um, Katie's joining us at the podium. Maybe that's the intent. And I'll be perfectly happy, delighted to do that actually so if that's -- if that's something that the County Exec's office is interested in doing, I'll withdraw my motion to approve and -- but I'll wait for Katie to signal if that's --

**MS. HORST:**

We are looking at amendments to our resolution. We've met with Legislator Lindsay. We sat down with the Brinkmans, the Commissioner and --

1 **LEG. CILMI:**  
2 Oh, thanks for including me.

3  
4 **MS. HORST:**  
5 Legislator Lindsay set up the meeting. Sorry to throw you under  
6 the bus.

7  
8 **LEG. CILMI:**  
9 Okay.

12:31PM 10  
11 **MS. HORST:**  
12 And the Commissioner is meeting with the Brinkmans tomorrow to  
13 discuss with them.

14  
15 **LEG. CILMI:**  
16 Okay.

17  
18 **MS. HORST:**  
19 So we're looking to come to a resolution.

12:32PM 20  
21 **LEG. CILMI:**  
22 All right. I'll let my motion to approve stand, then. And I will  
23 look forward to working with you to --

24  
25 **MS. HORST:**  
26 Of course.

27  
28 **LEG. CILMI:**  
29 -- amend what is really a horrible policy.

12:32PM 30  
31 **CHAIRPERSON ANKER:**  
32 Okay. We have a motion to table. Tabling goes first. I made the  
33 motion, we have a second. All in favor? Opposed?

34  
35 **LEG. CILMI:**  
36 Opposed to tabling.

37  
38 **LEG. KRUPSKI:**  
39 Opposed to tabling.

40  
41 **LEG. MURATORE:**  
42 (Indicating)

43  
44 **CHAIRPERSON ANKER:**  
45 Abstention? Okay, so what's --

46  
47 **MS. ELLIS:**  
48 Three. (VOTE: 3-3-0-0. IN FAVOR: LEGISLATORS ANKER, GREGORY,  
49 STERN. OPPOSED: LEGISLATORS CILMI, MURATORE, KRUPSKI)

12:32PM 50  
51 **CHAIRPERSON ANKER:**  
52 Three. Okay. Tabling fails. I'll make a -- we have a motion --

53  
54 **LEG. CILMI:**  
55 If I'm not mistaken, we have -- we have the County Executive's bill  
56 on the floor of the Legislature. Correct?

1 **MS. HORST:**

2 Correct.

3

4 **LEG. CILMI:**

5 Why don't I -- why don't I offer a motion to discharge without  
6 recommendation?

7

8 **MR. NOLAN:**

9 (Off mike)

12:33PM 10

11 **LEG. CILMI:**

12 For the moment, I'll offer a discharge without recommendation. And  
13 then if that fails before we call the vote, I'll make a motion to  
14 approve.

15

16 **MR. NOLAN:**

17 If the discharge fails, you can't make an approval. (Off mike)

18

19 **LEG. CILMI:**

20 Why not?

12:33PM 20

21

22 **MR. NOLAN:**

23 (Off mike) Because you're making a motion to discharge it. And if  
24 the discharge fails, it's my opinion you can't, then, make a motion  
25 to approve.

26

27 **LEG. CILMI:**

28 Okay. Well, we'll leave it as motion to approve, then. I don't  
29 really see anybody who's, you know, nodding their head in approval  
30 of the discharge motion so --

12:34PM 30

31

32 **CHAIRPERSON ANKER:**

33 Okay. Okay, motion to approve. We have a motion, we have a  
34 second. All in favor, raise your hand.

35

36 **LEG. MURATORE:**

37 (Indicating)

38

39 **LEG. KRUPSKI:**

40 (Indicating)

12:34PM 40

41

42 **LEG. CILMI:**

43 (Indicating)

44

45 **CHAIRPERSON ANKER:**

46 Opposed, raise your hand. (Indicating)

47

48 **LEG. STERN:**

49 (Indicating)

50

51 **P.O. GREGORY:**

52 (Indicating)

53

54 **CHAIRPERSON ANKER:**

55 Abstain? Motion fails. (VOTE: 3-3-0-0. IN FAVOR: LEGISLATORS  
56 CILMI, KRUPSKI, MURATORE. OPPOSED: LEGISLATORS ANKER, GREGORY,

1 STERN)

2  
3 LEG. CILMI:

4 Madam Chair, I only saw two with their hands raised -- oh, I didn't  
5 see Steve, sorry.

6  
7 PUBLIC PORTION

8  
9 CHAIRPERSON ANKER:

10 Okay, we just received some cards for public comment. Russ  
11 Calemmo. Oh, hi, Russ, how are you doing? Come on up. Calemmo.

12  
13 MR. CALEMMO:

14 That's close enough. I can sing a little bit, but not that good.  
15 Anyway, thank you for giving me this opportunity at this time. I  
16 am here today in regards to the Suffolk County Licensing Board and  
17 specifically in the introduction of resolution 1124.

18  
19 In that resolution there's quite a few things there that we feel  
20 very confident that'll work. It's pretty much complete with the  
21 exception of that we feel very adamant about the licensing board  
22 itself is not part of that decisionmaking. What it does, it just  
23 gives complete power to the Commissioner at that time. And we felt  
24 if we could be included in that process, we have no problem with  
25 this resolution at this time.

26  
27 You know, none of us here -- who are here today, we've seen this  
28 resolution, but unfortunately the vast majority of our licensing  
29 board has not seen this. We've seen this for the last one month, I  
30 guess, ago or two months, we've seen it -- we seen some alterations  
31 in it. So, like I said, it's all pretty good; however, we just  
32 feel that we'd like to have the licensing board included in the  
33 process.

34  
35 CHAIRPERSON ANKER:

36 Okay, we have the sponsor for the resolution here. We have  
37 Legislator Bill Lindsay.

38  
39 LEG. LINDSAY:

40 Thank you, Madam Chair. Russ, good to see you. Good to see --

41  
42 MR. CALEMMO:

43 As well.

44  
45 LEG. LINDSAY:

46 -- the other guys as well. When the bill comes up for a vote, I'm  
47 not on this Committee so I'm not able to vote for the bill, but I'm  
48 here to speak in favor of it and read into the record the intent of  
49 the legislation is to follow the guide of the licensing board,  
50 which is the purpose of the licensing board. So the licensing  
51 board would make the recommendation to the Commissioner. The  
52 ultimate decision, power and authority resolves with the  
53 Commissioner. And that's the way it's always been with the  
54 licensing board and all of our boards that we have and our  
55 commissioners throughout the different departments in our County.  
56 But it's my full intent that that recommendation come from the

1 licensing board and be followed by the Commissioner.

2  
3 So I believe the bill will get you to where you want to be and  
4 achieve what you're trying to achieve in terms of the continuing  
5 education credits. And I'm going to make a statement clearly  
6 putting on the record that that -- those recommendations for the  
7 number of credits and the number of hours to achieve those credits  
8 come based on what is recommended by the licensing board.

9  
10 **MR. CALEMMO:**

11 What if, just say, hypothetically that the Commissioner feels  
12 differently about that on the recommendation and he lays it out.  
13 Say the industry, we'll talk about very fast, the timing for the  
14 credits. So you need eight hours. Industry says, *well, that's a*  
15 *lot. How about four hours?* And then the Commissioner says, *no, I*  
16 *want it at eight*, but the industry basically is saying *we'd like to*  
17 *see at four because of the difficulty*; how do we get around that?

18  
19 **LEG. LINDSAY:**

12:38PM 20 Well, there's no guarantee that the board is going to agree a  
21 hundred percent with the Commissioner on this board or any other  
22 boards that we have. But I would ask you at that point to come  
23 back to the Legislature to this Committee and voice those concerns.  
24 Because we also have the opposite possibility. Because what we  
25 always have to understand is when we're crafting new legislation,  
26 it's not just for today, but it's in perpetuity. So if we had a  
27 board that wanted to go in a different direction or usurp more  
28 power over the Commissioner, that's something that we're always  
29 trying to be careful of in protecting the authority of the  
12:39PM 30 commissioner in all of our departments.

31  
32 But I would say if there was an instance like that where it came  
33 up, I would say come before this board, voice your concerns. And  
34 if there's good reason, I think they would go to the Commissioner's  
35 office as well as the County Exec and explain to them why they  
36 agree with the advisory board and why the licensing board should --  
37 their opinion should be listened to.

38  
39 **MR. CALEMMO:**

12:39PM 40 Okay. I think -- I certainly I do understand, you know, we've been  
41 involved in this industry for many, many years. We see what the  
42 public -- what the industry needs us to do. We try to do it to the  
43 best of our ability. Our voice should be heard, not just  
44 necessarily in the direction to the Commissioner, but the whole  
45 industry at large. The industry comes back to us and says, *listen,*  
46 *you know, is not right.* So if we go to the Commissioner, he says  
47 it is right, that means we have to come to the Leg and address this  
48 issue? Is that what you're saying to me respectfully?

49  
50 **LEG. LINDSAY:**

51 That would be my advice. And, you know, obviously, I would hope  
52 that it wouldn't come to that because the whole purpose of the  
53 licensing board is you're all obviously experts within this  
54 industry and the subsects of the industry. And the recommendations  
55 that you make are to be used to help the County in enforcing these  
56 regulations. The whole purpose or the whole idea of continuing

1 education credits came from your board; came from you and meetings  
2 that we've had with members of your board to have this, which I  
3 thought was a very valid idea and I thought it was something that  
4 we should implement. My only regret is that it's taken this long  
5 for it to happen.

6  
7 **MR. CALEMMO:**

8 Okay. Thank you very kindly.

9  
10 **LEG. LINDSAY:**

11 You're welcome.

12  
13 **CHAIRPERSON ANKER:**

14 Don't go away, Russ. Legislator Krupski has a question.

15  
16 **LEG. KRUPSKI:**

17 Good afternoon. The concern that you raise and that you and  
18 Legislator Lindsay were talking about, has that ever happened when  
19 you thought maybe the training requirements should be different  
20 than what was current?

12:41PM

21  
22 **MR. CALEMMO:**

23 Well, not that particular entity, but prior to this resolution,  
24 there was another way that, in fact, we were very adamant about  
25 based on our charter that this wasn't really required. The charter  
26 says that the Commissioner did have the right to establish  
27 something of this nature. And we suggested that to him in detail.  
28 We showed him in the law in detail. And they decided not to do  
29 that. They decided to go this route. And that was six months ago.

30  
31 So this is the type of things we deal with. We felt very confident  
32 that we had this. We had a public hearing. We did all the  
33 necessary things required by County law and the charter. And then  
34 when we approached the Commissioner with this here document and the  
35 charter saying he could this without going to Leg because maybe you  
36 want to change something and every time you change something in  
37 this category, you wouldn't need to go to the Legislature. This is  
38 my point.

39  
40 **LEG. KRUPSKI:**

41 But has it -- have you -- you know, in the past have you  
42 encountered this where you or anyone else suggested a change and it  
43 didn't happen for whatever reason?

44  
45 **MR. CALEMMO:**

46 Never; never in my 34 years.

47  
48 **LEG. KRUPSKI:**

49 But have you suggested changes and they've happened?

50  
51 **MR. CALEMMO:**

52 Based on various entities, yes, they have.

53  
54 **LEG. KRUPSKI:**

55 Okay.

1 **MR. CALEMMO:**

2 But based on policy as to what we do. When it comes to legislation  
3 parts, any time you want to make a change no matter how  
4 insignificant it may be, we have to come before you folks.

5  
6 **LEG. KRUPSKI:**

7 Okay, thank you.

8  
9 **MR. CALEMMO:**

10 Thank you.

11  
12 **CHAIRPERSON ANKER:**

13 Okay. Thank you, Russ.

14  
15 **MR. CALEMMO:**

16 Thank you for your time.

17  
18 **CHAIRPERSON ANKER:**

19 Next speaker, Michael Towers.

20  
21 **MR. TOWERS:**

22 Hi, how are you doing? My name is Mike Towers. I'm also on the  
23 licensing board. I'm the vice chair. And also I'm a past  
24 president and board member of the Suffolk County Electrical  
25 Contractors Association.

26  
27 I first want to say that, again, we're -- you know, even the  
28 industry is for the concept of the legislation. And, Legislator  
29 Lindsay, I appreciate what you just said. It actually, you know,  
30 means a lot to us to understand, you know, that basically the  
31 licensing board would have a say. Because ultimately what will  
32 happen is the Commissioner, I would expect, would reach out to the  
33 licensing board for advice on the classes and whatnot. So we have  
34 an expectation, you know, who's going to give the classes basically  
35 and what the actual rules of that are. So we have an expectation  
36 that that's probably going to be the case. And certainly we, you  
37 know, are there to do that.

38  
39 I just would like to ask, first of all, I want to mention that this  
40 originally came from the board, okay, which you had mentioned. But  
41 our board and the industry had asked for this; you know, the  
42 leaders of the industry. So we think we have a lot of backing from  
43 the industry itself. And basically -- but, you know, when I read  
44 the legislation or the bill, and I don't know if the Legislature  
45 has seen it yet or not or if it's been proposed, with regard to  
46 things like the public hearing, it'd be nice to have language in  
47 there so that it's just expected that the licensing board would be  
48 made -- would have knowledge of that hearing or any changes that  
49 are being brought about, you know. As we know, sometimes changes  
50 are made and we find out after it was done. So, you know, we'd  
51 like some checks and balances with regard to that.

52  
53 So I'm hoping, Legislator Lindsay, that, you know, you could work  
54 with us and maybe we can talk about some of those items.

1 **CHAIRPERSON ANKER:**  
2 Legislator Lindsay.

3  
4 **LEG. LINDSAY:**  
5 Yes, absolutely. I mean, this is an ongoing relationship. I  
6 wouldn't expect it to conclude just because hopefully this  
7 legislation gets passed. So we would continue to communicate with  
8 the board as long as -- as well as the entire industry as a whole.

9  
10 **CHAIRPERSON ANKER:**  
11 And just to let you know, this resolution, we can't approve it  
12 today. We're going to table it because there's a public hearing.  
13 And that's very important to attend to, again, add additional  
14 comments.

15  
16 **MR. TOWERS:**  
17 Okay. So obviously I don't know if it's possible but possibly, you  
18 know, we can talk about some of those items prior to the public  
19 hearing, if that's okay.

12:45PM

20  
21 **LEG. LINDSAY:**  
22 Absolutely. And we can discuss it at the public hearing as well.

23  
24 **MR. TOWERS:**  
25 That's great. Okay. Thank you.

26  
27 **CHAIRPERSON ANKER:**  
28 Thank you. The next speaker is Charles Gardner.

29  
30 **MR. GARDNER:**  
31 Good afternoon. I apologize for the cards being there. We were in  
32 the lobby waiting for the cards to arrive and -- we didn't realize,  
33 you know, the meeting had already started.

34  
35 I'm here today as the Vice President of the Kings Park Chamber of  
36 Commerce, immediate past president of the chamber. And I don't  
37 know what happened to 1887 because we were in the lobby. I just  
38 want to add a few remarks, if I might, about the item pricing and  
39 the enforcement in Suffolk County.

40  
41 There have been a couple of Legislative proposals in the last month  
42 or two or three. And we've seen some examples of what we consider  
43 to be exorbitant and even obscene levels of violations levied on  
44 very small businesses and -- especially in -- you know, the venue  
45 of hardware stores has come up, but you're also talking about  
46 beauty shops and beauty stores and really everything now in retail  
47 stores.

12:47PM

48  
49 I just want to be -- I just want the Legislature to remember that  
50 there is part of Article 16 New York State Ag and Markets Law that  
51 has a section concerning retail item pricing in it already. We, in  
52 effect, don't need a county law. It was there prior to the  
53 establishment of the state law; that's why it still exists.

54  
55 There are a couple of protections in that state law, however,  
56 stemming from NIST, the National Institute of Standards and

1 Technology. And they recognize that in the case of retail item  
2 pricing, there are many ways to walk in -- let's say a large  
3 supermarket. Many, many aisles, thousands of items in the aisles.  
4 You can have have a zealous -- overzealous inspector or you can  
5 have a lazy inspector, either way. You can walk up and down an  
6 aisle; you can be in the store for half an hour before you find,  
7 let's say, no violations at all. All of a sudden -- and in that  
8 half hour you might have looked at a couple hundred items, all very  
9 -- all correct. And then you walk around the corner, come up the  
10 next aisle, boom, there's several units not -- not individual item  
11 priced. *Boom, I can write that up.* The point is I can spend a  
12 couple hours in a store and find as many violations as I want or as  
13 little number of violations as I want.

12:48PM

14  
15 The protection in the state law refers to National Handbook 130,  
16 which requires a randomized inspection. In other words, an  
17 inspector can't just go walking around and deciding which items to  
18 choose to write up for his or her inspection report. There is a  
19 randomized procedure established by the National Standards -- by  
20 National Institute of Standards and it requires inspectors to  
21 follow that so that when they go into a store, they have to go to  
22 certain items as developed by this randomized inspection procedure.  
23 It takes out the subjectiveness; it takes out whether the  
24 inspector's having a good day or a bad day and allows for more  
25 uniform-type of fair inspections.

26  
27 (TIMER SOUNDED)

28  
29 So, again, that's it. I know my time is up. I just want to remind  
30 you that we don't even need that county Law. And the state law is  
31 much more fair to individual vendors. Thank you.

12:49PM

32  
33 **CHAIRPERSON ANKER:**

34 Okay. Oh, wait, wait, come back, Charlie, we have a question.  
35 Presiding Officer Gregory.

36  
37 **P.O. GREGORY:**

38 Hey, Charlie. Thank you for coming. So you're saying that the  
39 state law has protections in it that the county law does not as far  
40 as fairness?

12:49PM

41  
42 **MR. GARDNER:**

43 Yes. In other words, say, if an inspector walks into a -- as I  
44 said, there's a -- the procedure's well-developed. It's called  
45 Handbook 130. And it details the way a retail item pricing  
46 inspection should be conducted. It requires the adoption of a --  
47 before you even go into the store, you have a random -- they  
48 essentially number various parts of the store, various aisles. And  
49 those are the items that you go to inspect. It might be Hellman's  
50 mayonnaise; it might be Del Monte ketchup; might be a can of peas.  
51 But it removes the ability for an inspector to walk up and down an  
52 aisle, walk up and down the next aisle, walk up and down the next  
53 aisle. And as I said, he might find, you know, many, many  
54 violations or no violations depending on the mood he or she is in,  
55 he just writes up X amount of violations, whichever ones he wants;  
56 or he can write down 20 all that passed and forget the rest of the

1 ones that didn't pass.

2  
3 And when they refer to penalties, because that's what some of my  
4 people have been very upset about, there's wording in there about a  
5 penalty that you should take into account the size -- the gross  
6 disparity of the violation, the vendor's track record as far as  
7 violations, etcetera. And while they still have maximum penalties  
8 that may be levied as we do, it's very clear that they're saying  
9 that, you know, let's take it easy here as far as the overall, you  
10 know, assessment of the amount of penalties. Let's take a look at  
11 a case and see *is it a five cent overcharge?*

12  
13 And, by the way, I remind everybody that in item pricing  
14 inspections, these violations are levied not because anybody has  
15 been overcharged, not because there's been any fraud, not because  
16 there's been any mis-advertising; they're levied because the price  
17 of the item has not been displayed. The final sale could be 100%  
18 correct.

19  
20 **P.O. GREGORY:**  
21 Thank you.

22  
23 **CHAIRPERSON ANKER:**  
24 Legislator Krupski has a question.

25  
26 **MR. GARDNER:**  
27 Yes, sir.

28  
29 **LEG. KRUPSKI:**  
30 Thank you. So you reference the State Ag and Markets Law. Is that  
31 -- is that law being enforced?

32  
33 **MR. GARDNER:**  
34 Well, Article 16, that's the whole weights and measures law. That  
35 part of the weights and measures law is not being enforced at the  
36 county level because the county has its own item pricing law.

37  
38 **LEG. KRUPSKI:**  
39 Okay. Thank you.

40  
41 **MR. GARDNER:**  
42 You're welcome.

43  
44 **CHAIRPERSON ANKER:**  
45 Thank you, Charlie.

46  
47 **MR. GARDNER:**  
48 You're welcome.

49  
50 **INTRODUCTORY RESOLUTIONS**

51  
52 **CHAIRPERSON ANKER:**  
53 Okay, we're going to go back to our resolutions. We have IR 1086,  
54 **Accepting and appropriating 75% state grant funds from the New York**  
55 **State Office for the Aging in the amount of \$101,874 for the**  
56 **Expanded In Home Services for the Elderly Program (EISEP)**

1 administered by the Suffolk County Office for the Aging (Co. Exec).  
2 We have a motion. I'll make a second. All in favor? Opposed?  
3 Abstentions? Motion carries. (VOTE: 6-0-0-0. PO GREGORY  
4 INCLUDED IN VOTE)

5  
6 IR 1124, Adopting Local Law No. -2017, A Local Law to implement  
7 continuing education requirements for electricians in Suffolk  
8 County (Lindsay). I will make a motion to table for public  
9 hearing. Do we have a second?

10  
11 LEG. KRUPSKI:  
12 Second.

13  
14 LEG. LINDSAY:  
15 On the motion.

16  
17 CHAIRPERSON ANKER:  
18 Do we have a second? Who's the second? Krupski. Okay, got that?  
19 Great. Okay, on the motion.

20  
21 LEG. LINDSAY:  
22 Thank you, Madam Chair, I appreciate the opportunity to speak here  
23 today even though I have no voting power on this Committee. I  
24 wanted to be here just to discuss the issues with the legislation  
25 and offer my insight as to why the continuing education program is  
26 necessary for the long term success of the electrical industry.

27  
28 It's my understanding that the electrical licensing board has  
29 worked on this proposal for several years. Interceding with  
30 different commissioners of the department, different elected  
31 officials and staff, I firmly believe that we could fill the entire  
32 Dennison building with all the knowledge that they have and  
33 experience. But with their years of service within the industry  
34 and their continued effort to improve and enhance our rules and  
35 regulations relating to electrical contracting, I'm confident in  
36 the board's ability to craft and adopt rules and regulations,  
37 establishing approved continuing education courses and programs,  
38 including the number of hours and/or credits required for the  
39 renewal of master and restricted electrical -- electricians'  
40 licenses, including electrical inspectors, which is clearly stated  
41 as their powers and duties within this legislation.

42  
43 It is my intent that the board will work with the Commissioner to  
44 develop these policies and that is the Commissioner's role to  
45 formally implement the board's recommendations to the best of his  
46 ability, or her ability, with the intent to work with the board on  
47 any issues or discrepancies. Yes, the Commissioner will have  
48 oversight authority of the board just like any other board within  
49 Suffolk County, but it will ultimately be the board's  
50 recommendation that set the policies and procedures of the  
51 continuing education program.

52  
53 Throughout dozens of industries certified employees need to take  
54 continuing education courses. Myself as an insurance professional  
55 every two years have to take continuing education courses. I've  
56 seen the value of these courses. And especially within an industry

1 like electric -- that deals with electricity, the technology is  
2 constantly changing and the need to upgrade and enhance the  
3 professionals' understanding of how that -- new technologies will  
4 interact is necessary. I think it's a good thing for the consumers  
5 and I believe it's a good thing for the industry as well.

6  
7 I'm looking forward to the implementation of this program. I thank  
8 the board for their efforts and the Commissioner for trusting that  
9 this board has done some of the most educated -- has some of the  
10 most educated electricians and professionals in the industry who  
11 will outline a great framework and specifics to make the continuing  
12 education program a success. I know we'll discuss this at more  
13 detail during the public hearing, but when the time comes, I would  
14 hope that the Legislature can support this new requirement. Thank  
15 you.

16  
17 **CHAIRPERSON ANKER:**

18 Thank you, Legislator Lindsay. Legislator Krupski has a comment.

19  
20 **LEG. KRUPSKI:**

21 I don't know, is it appropriate to ask you questions now? I was  
22 going to do it after the Committee, so. Who's going to set the  
23 standards for the education courses?

24  
25 **LEG. LINDSAY:**

26 That would come -- it would be set by the Commissioner but it would  
27 be at the recommendation of the licensing board. So they would --  
28 they would go through, pick the content, the amount of hours  
29 necessary, the number of credits needed in order to satisfy  
30 continuing education requirements.

31  
32 **LEG. KRUPSKI:**

33 How does that happen today? There's no standard for how many hours  
34 you need to renew?

35  
36 **LEG. LINDSAY:**

37 No, there's not.

38  
39 **LEG. KRUPSKI:**

40 Okay.

41  
42 **LEG. LINDSAY:**

43 There's no continuing education credits requirement now. It's just  
44 a license that's renewed on, I believe, it's a two-year basis.

45  
46 **LEG. KRUPSKI:**

47 And do you see any -- any value in a longer renewal period? I  
48 mean, I'm a certified pesticide applicator for New York State and  
49 we have to take so many approved classes in order to get  
50 recertified, but it's a six-year period. Is there any value to a  
51 longer -- a longer licensing period?

52  
53 **LEG. LINDSAY:**

54 I would believe there would be, but I would believe that question  
55 better answered by the licensing board themselves.

1 **LEG. KRUPSKI:**

2 Thank you.

3  
4 **CHAIRPERSON ANKER:**

5 Presiding Officer Gregory.

6  
7 **P.O. GREGORY:**

8 So is there a specific entity that would do -- that would be  
9 responsible for the continuing education component? Or is it just  
10 --

12:57PM

11  
12 **LEG. LINDSAY:**

13 There would be -- from my understanding from the board -- and,  
14 Charlie, maybe you can come forward, or, Russ, maybe you can come  
15 forward to -- I don't want to speak for you, but the conversations  
16 that I've had with them is they would approve different educators.  
17 It wouldn't be a sole source so it wouldn't be the board directing  
18 everybody to one source to get this continuing education, but it  
19 would be a number of approved vendors that would be able to qualify  
20 themselves as approved instructors for the continuing education.  
21 Russ, if you could add anything to that.

12:57PM

22  
23 **MR. CALEMMO:**

24 That's correct. And the people who would be giving these courses  
25 would be certified in some way, shape or form by the state or  
26 otherwise. We have a lot of people who have been in this industry  
27 so many years who teach various courses whether it be for code or  
28 technology, things of that nature. So the process would be not as  
29 easy as you might think. We would have to take these applicants,  
30 look at their credentials and to make sure that they're qualified  
31 to teach that industry in whatever required hours that we will  
32 proceed to do.

12:58PM

33  
34 **LEG. LINDSAY:**

35 And how I've seen it work in other industries, and you would --  
36 basically you'd have to qualify -- to qualify for your license  
37 renewal, you'd have to take X amount of credits in order to  
38 qualify. And then you'd have an option of which courses of study  
39 you would want to pursue in order to meet those credit  
40 requirements. The industry is somewhat diverse in that there's  
41 different segments of it. So someone who's in, say, the generation  
42 -- you know, worked with generators, electrical generators, might  
43 tend to go for other courses than someone who's doing more  
44 residential-type of installation work.

45  
46 **LEG. KRUPSKI:**

47 And so that you would just get so many -- like the license would  
48 say you need so many credits for automatic renewal then. Then you  
49 would get, like, a form in the mail from Consumer Affairs saying  
50 "your license is due to expire in June of '17. Please send in your  
51 sheets from your course work," and then you would just -- they  
52 would just send you your recertification. Would it be that  
53 mechanical?

12:59PM

54  
55 **MR. CALEMMO:**

56 Typically, yes. It hasn't been set down in stone as to what we

1 feel that the Consumers Affairs people view the process, but  
2 typically that would be a two-year cycle. And upon the renewal of  
3 the license, that applicant would be required to have those courses  
4 or whatever courses he may take relevant to getting continued  
5 education.

6  
7 **P.O. GREGORY:**

8 And so there couldn't be a scenario where I were to renew my  
9 license, the board would say, no, these -- the credits that you  
01:00PM 10 took at this particular course we don't recognize or accept it.  
11 There's going to be, like, an approval process ahead of time where  
12 there's -- we know which schools or training facilities you can go  
13 to to get the credits that will be accounted towards the continuing  
14 education credit?

15  
16 **MR. CALEMMO:**

17 Yes. We have two years basically to put together a package of such  
18 -- you know, of that nature. Meaning that the courses would be  
19 involved with electrical and that it would go to the Commissioner  
01:00PM 20 for approval based on their credentials. We have two years to do  
21 this process. So when they renew the license, all the electricians  
22 who are renewing their license would have a list of those people  
23 who would give those courses and they can get the courses  
24 accordingly.

25  
26 **P.O. GREGORY:**

27 Okay. Excellent. Thank you.

28  
29 **LEG. LINDSAY:**

01:00PM 30 So what I envision would be that, and this is how it works in other  
31 industries, but I would obviously leave it up to the expertise of  
32 the board, if I want to be an instructor, I would submit some type  
33 of resume or list of qualifications as to why I am a professional  
34 and should be qualified as one to teach a course. Also include  
35 what would be taught in the course, maybe a course outline and it  
36 would go before board and the board would decide whether that's an  
37 acceptable class to be taught towards those continuation credits.

38  
39 **LEG. KRUPSKI:**

01:01PM 40 And then the department would do the outreach, say, "okay, Thursday  
41 night there's going to be a class on, you know, installing  
42 electrical outlets at the Dennison Building at seven o'clock. And  
43 if you show up there and you complete the course, you're going to  
44 get, you know, so many credits for coming." And that's how the  
45 department would do the outreach to all the current license  
46 holders? Is that how it would work?

47  
48 **MR. CALEMMO:**

01:01PM 49 No. The way we see it is that it's required for you to get  
50 continued education every two years on renewal. This is the list  
51 that you have to get within that two years to get those credits.  
52 Once you establish the credits on your renewal and you say, *I've*  
53 *had this schooling from these people and these are the amount of*  
54 *credits I have*, as long as it's recognized by the Commissioner that  
55 this is an accredited school, that's the way it works. There'll be  
56 a prerequisite for the applicants who are going to be teaching the

1 various courses.

2

3 **LEG. KRUPSKI:**

4 But who's going to -- so if you're a license holder, how do you  
5 know where to find these credits?

6

7 **MR. CALEMMO:**

8 They could be posted online basically where it is right now as far  
9 application is concerned and different things that are happening  
10 within our industry.

01:02PM

11

12 **LEG. KRUPSKI:**

13 Posted where online? I mean --

14

15 **MR. CALEMMO:**

16 Consumer Affairs does have a website.

17

18 **LEG. KRUPSKI:**

19 Oh, okay. So on the County website, okay.

01:02PM

20

21 **MR. CALEMMO:**

22 Yes, sir.

23

24 **LEG. KRUPSKI:**

25 Okay. Because you need to give people direction. You can't say,  
26 you know, "you need to have so many credits, good luck, we'll see  
27 you in two years."

28

29 **MR. CALEMMO:**

30 Oh, no, hardly at all. No, no.

31

32 **LEG. KRUPSKI:**

33 Okay.

34

35 **MR. CALEMMO:**

36 It would be a lot more, you know, explanatory.

37

38 **LEG. KRUPSKI:**

39 Okay.

40

41 **CHAIRPERSON ANKER:**

42 Charlie, did you want to say something? Come on up.

43

44 **MR. GARDNER:**

45 Thank you, Madam Chair. I'm speaking now as my National Electrical  
46 Contractors Association at Government Affairs.

47

48 In my conversations with the board, our members are in favor of the  
49 continuing education. And as it has been tentatively described,  
50 because nothing has been set down by the board yet, but for -- the  
51 board's intent as has been told to us is to make it as convenient  
52 as accessible to all licensed electricians.

01:03PM

50

51

52

53

54

55

56

56

So that, for instance, upon renewal they would get information,  
*these are the approved courses.* And even school -- I mean, it  
could be schools, but the training -- for instance, they're looking

1 at recognizing -- New York City already has continuing education.  
2 State of New Jersey does; State of Connecticut. So that if any of  
3 our guys, for instance, have gone through in the past year or two  
4 within their renewal period, New Jersey, Connecticut, Westchester  
5 has it, New York City, that would be something that the board would  
6 say, *okay, you know, that's good, that goes towards your eight*  
7 *hours of whatever.*

8  
9 So it wouldn't be necessarily something run by the County or given  
10 by the County. There's an electrical training center over in  
11 Copiague. They have all kinds of courses there. So the intent of  
12 the board as has been made known to our members is when they get to  
13 it, it's going to be convenient, it's going to be accessible.  
14 You're not going to have to, like, always go to Riverhead or go to  
15 Hauppauge, or whatever. There will be as many different avenues of  
16 obtaining those number of hours per year as possible. And upon  
17 renewal, that's when you would be -- all right, you need X amount  
18 of -- however many hours they decide you need X amount of hours,  
19 *here's a list of places you can go to, subscribe to, whatever.*

20  
21 **LEG. KRUPSKI:**

22 Thank you.

23  
24 **MR. GARDNER:**

25 You're welcome.

26  
27 **CHAIRPERSON ANKER:**

28 Okay. We have a motion to table. Ready? And we have a second.  
29 All in favor? Opposed? Abstention? Motion carries. **(VOTE:**  
30 **6-0-0-0. PO GREGORY INCLUDED IN VOTE)**

31  
32 I see no further business, this meeting is adjourned.

33  
34 **THE MEETING CONCLUDED AT 1:05 PM**
