The County of Suffolk, on behalf of its duly constituted Department of Parks, Recreation and Conservation, invites Proposals from qualified persons or entities for the design, construction, renovation, operation and maintenance of marina facilities at Shinnecock Canal County Marina, Smith Point County Marina, Timber Point Creek County Marina, and/or Tuthill Point County Marina.

Proposers are advised they may submit a proposal to operate any combination of the four marinas, or one alone. The operation of marinas for recreational boaters provides a favorable setting to support creative concepts in the design, construction, renovation, operation and maintenance of said marinas for public benefit within the County's goals and objectives.

To receive a full copy of the RFEI, beginning July 24, 2009, potential responders must contact the Parks Department directly and specifically request a copy of this RFEI. The Proposer will be given a copy of the RFEI upon receipt of a Registration Form (provided at the time of inquiry). Registration is a prerequisite for attendance at any site tours and for submitting a response to the RFEI.

**KIME AVENUE/SOUTHERN STATE PARKWAY  
SANITARY SEWER INTERCEPTOR REHABILITATION  
WEST ISLIP, NEW YORK  
CAPITAL PROJECT NO. – CP8181**

The work consists of the following:

1. Slip lining of approximately 500 linear feet of existing 48” diameter reinforced concrete sanitary sewer interceptor piping (i.e., host pipe), including all equipment, tools, labor and materials for cleaning of the host pipe; removal of obstructions; providing for all necessary repairs/grouting of the host pipe and; slip lining of the host pipe with the specified slipliner pipe. Contractor shall grub, clear land, remove vegetation, excavate and prepare the required jacking/slip lining pit to accommodate the slip lining activities. The number of excavations shall be minimized by inserting the slip lining pipe in both directions from a single opening. Contractor shall provide for well point dewatering and sheeting and shoring, as required, so that the excavation for the jacking/slip lining pit is performed completely in the dry. Contractor shall provide for pre- and post televised CCTV inspection of the pipe slip lining with written logs, tapes and DVD’s.
2. Contractor shall provide all equipment, labor and materials to conduct sanitary sewer piping rehabilitation. Contractor shall bypass sections of the sanitary sewer interceptor piping that will receive rehabilitation. Contractor shall first clean sections of the sewer piping designated for rehabilitation utilizing high-pressure water and vacuum assisted cleaning vehicles and provide for proper offsite transportation and disposal of the materials. Disposal costs shall be included in the bid and an original signature copy of all disposal tickets, weigh station receipts, and other documents related to the appropriate disposal of the waste materials shall accompany any payment request that includes disposal costs. Pipe rehabilitation shall include, but not necessarily be limited to, elimination of infiltration; repair of voids; restoring structural integrity and; providing corrosion protection. Rehabilitation shall take place after cleaning. Rehabilitated lines shall be televised before and after rehabilitation is completed with written logs, tapes and DVD’s.
3. Contractor shall provide all labor, materials, tools, and equipment to restore all pavements, walks, curbs, lawns, and other exterior surfaces disturbed during performance of the Work to match the appearance and performance of existing corresponding surfaces and to fully restore to pre-construction conditions. Contractor shall provide topsoiling, fertilizing, liming, reseeding or sodding, mulching and replanting/replacement of trees and shrubs and

related work, as required. Contractor shall water as required until physical completion of the Work. Contractor shall be responsible for the work areas being left clean and in neat condition, temporary items removed, any and all damage repaired, and all refuse removed. All cleaning shall be done in a manner acceptable to the Owner and/or Owner's Representative.

4. Following award of Contract and prior to commencement of any construction activities, Contractor shall be required to secure and provide proof of all required protective liability insurance and Surety Bonds from the New York State Department of Transportation (NYSDOT). Contractor shall complete and submit the following documents as provided in Attachment 1 of the Technical Specifications Section 01100 – Summary:
  - a. Certificate of Insurance for Highway Work Permit (NYSDOT form PERM 17),
  - b. NYSDOT Highway Work Permit Application for Non-Utility Work (NYSDOT form PERM 33m)
  - c. Surety Bond (Performance) (NYSDOT form PERM 44e)
5. Contractor shall be responsible for any/all applicable fees associated with permits and Bond amount payable to the State of New York and including identification of the Contractor Federal Identification Number.
6. Contractor shall be responsible for obtaining all applicable local, state and federal Wetland Permits and Dewatering Permits. Contractor shall be responsible for any/all applicable fees associated with Wetland Permits and Dewatering Permits.
