

Suffolk County Department of Public Works

NOTICE TO BIDDERS

LETTING NO. 36-09.9.17

Sealed bids will be received by Suffolk County Department of Public Works, 335 Yaphank Avenue, Purchasing, Room 132, Yaphank, NY 11980 until 11:00 a.m., prevailing time, September 17, 2009 at which time they will be publicly opened and read for the purchase of the following from the lowest responsible bidders. Awards will be made to the lowest responsible bidder in conjunction with Section A4-14 of Suffolk County Administrative Code establishing a local preference program for Suffolk County vendors/contractors. This preference program allows the County the option of awarding contracts to bidders other than the lowest responsible bidder provided such other bidder is located and doing business in Suffolk or Nassau County and whose bid is not more than 10% higher than that of the otherwise lowest bidder. The County reserves the right to reject any and all bids.

EXTRUDED POTASSIUM PERMANGANTE

The above items must conform to the specifications of the Suffolk County Department of Public Works, which together with the Itemized Bidding List may be picked up at Suffolk County Department of Public Works at 335 Yaphank Avenue, Purchasing, Room 132, Yaphank, NY 11980.

SYNOPSIS

**SYNOPSIS OF DETERMINATIONS AND FINDINGS OF GEOFF MASCARO,  
AS HEARING OFFICER DULY DEISGNATED BY  
THE COMMISSIONER OF  
THE SUFFOLK COUNTY DEPARTMENT OF PUBLIC WORKS  
PURSUANT TO SECTION 204 OF THE NEW YORK STATE  
EMINENT DOMAIN PROCEDURE LAW**

Pursuant to New York State Eminent Domain Procedure Law Section 201, on  
June 30, 2009, a hearing regarding the above-entitled project was held to inform the  
public about said project and to review the public use to be served by the project and to  
determine the impact of the project upon the environment and upon the residents of the  
locality where said project will be constructed.

On September 2, 2009, the Condemnor, to wit: The County of Suffolk, by  
GEOFF MASCARO, as Hearing Officer duly designated by the Commissioner of the  
Suffolk County Department of Public Works made its Findings and Determinations based  
upon said hearing. Furthermore, on September 4, 2009, said Findings and  
Determinations, together with the Minutes and Exhibits of the Hearing, will be duly filed  
in the Office of the Clerk of the Suffolk County Legislature.

A copy of the Findings and Determinations will be forwarded to any interested  
person without cost upon written request to:

Clerk of the Suffolk County Legislature  
William Rogers Bldg.  
PO Box 6100  
Hauppauge, NY 11788-0099

Under Section 207 of the New York State Eminent Domain Procedure Law, there are thirty (30) days from the completion of the Condemnor's newspaper publication requirement to seek judicial review of the Condemnor's Determinations and Findings.

Under Sections 207 and 208 of the New York State Eminent Domain Procedure Law, the exclusive venue for Judicial Review of the Condemnor's Determinations and Findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be condemned is located.

The synopsis of said Findings and Determinations of GEOFF MASCARO, as Duly Designated Hearing Officer by the Commissioner of the Suffolk County Department of Public Works, is as follows:

- a. That the proposed acquisition of the parcel owned by the Metropolitan Transportation Authority (Proposed Acquisition Map Number 15) pursuant to the provisions of the Eminent Domain Procedure Law is not authorized by said statute because said Authority is a governmental entity higher than the County of Suffolk and may only be acquired by a voluntary transaction with said property owner.
- b. That the proposed acquisition of the parcels owned by the Pinelawn National Cemetery (Proposed Acquisition Maps Numbered 13, 14, 16, 17, and 18) is specifically exempt from acquisition under the provisions of the New York State Eminent Domain Procedure Law by operation of New York State Not-For-Profit Corporation Law §1506 and may only be acquired by a voluntary transaction with said property owner.
- c. That the remainder of the proposed project, as recommended by the Suffolk County Department of Public Works may be acquired Under the Provisions of the New York State Eminent Domain Procedure Law but no acquisition of said properties should be made unless or until Proposed Acquisition Maps 13, 14, 15, 16, 17,

and 18 are acquired by Voluntary Acquisition or other arrangements are made by DPW to accommodate the needs of the project.

Additionally, if it is determined by the Department of Public Works from an engineering standpoint that it is feasible and desirable for one or more parcels of land to be conveyed to the County by donation in lieu of acquiring Proposed Acquisition Maps 9, 10, and 19 (the Woodbourne Nursery Parcels) by eminent domain, a reasonable effort should be made to accommodate said request provided that it does not violate any of the Federal and New York State legal and funding mandates of this project.

- d. That the public, use, benefit, or purpose to be served by the proposed public project is to reduce the accident rate, reduce traffic delay times, and reduce traffic congestion.
- e. That the approximate location for the proposed public project is the intersection of County Road 3 at Colonial Springs Road in the Town of Huntington, Suffolk County, New York as well as the intersection of County Road 3 at Long Island Avenue and Conklin Street in the Town of Babylon, Suffolk County, New York.
- f. That the reason for selecting this location is that studies and meetings disclosed the following deficiencies must be resolved:
  - 1) Accident rates that are above the County average;
  - 2) Poor levels of service at both intersections;
  - 3) Excessive traffic delay times especially at the Babylon intersection;
  - 4) Insufficient drainage facilities;
  - 5) Failing roadway sections such as rutting, cracking, and poor delaminating of the existing asphalt pavement; and
  - 6) Poor stopping site distances.
- g. That the general effect of the proposed project on the environment is non-significant because:
  - 1) The proposed action will not exceed any of the criteria in Title 6 NYCRR Section 617.7, which sets forth thresholds for determining significant effect on the environment, as demonstrated in the Environmental Assessment Form;
  - 2) The proposal does not appear to significantly threaten any unique or highly valuable environmental or cultural resources as identified in or regulated by the Environmental Conservation

Law of the State of New York or the Suffolk County Charter or the Suffolk County Code;

- 3) The parcel does not appear to suffer from any severe environmental development constraints (no poor soil properties, no high groundwater and no unmanageable slopes);
- 4) Existing drainage problems will be alleviated; and
- 5) Traffic safety will be improved and traffic congestion mitigated.

This determination is supported by Suffolk County Resolution Number 981-2008 issuing a SEQRA determination of Non-significance (negative declaration) on December 15, 2008 for the proposed C.R. 3, Pinelawn Road / Wellwood Avenue Intersection Reconstruction, Towns of Babylon and Huntington, Suffolk County New York, CP 5510, that this location be considered as an Unlisted Action under SEQRA and that a determination of Non-significance was issued.

- h. That the general effect of the proposed project on the residents of the locality is positive because it will provide reduce traffic delay times and traffic accidents in the Acquisition area.
- i. That another factor considered in deciding to approve the proposed project is that fewer vehicles will be idling in traffic and thus local air quality will be improved.
