***Suffolk County Shellfish Aquaculture Lease Program in
Peconic Bay and Gardiners Bay***

PUBLIC NOTICE - PART A

**REQUEST FOR WRITTEN COMMENTS ON PROPOSED SHELLFISH
AQUACULTURE LEASE SITES**

Notice is hereby given that the Suffolk County Department of Planning has received 25 applications for Shellfish Aquaculture Leases in Peconic Bay pursuant to Local Law 25-2009, *A Local Law Establishing the Suffolk County Shellfish Aquaculture Lease Program in Peconic Bay and Gardiners Bay*. These applications were solicited under Shellfish Aquaculture Lease Application Cycle #1 from shellfish farmers who must convert their New York State Department of Environmental Conservation Temporary Marine Area Use Assignments into Suffolk County Shellfish Aquaculture Leases. Applicants were asked to select up to three preferred lease site locations in priority order. Under the administrative procedures described in the *Lease Program Management Plan* (August 2009), these alternative lease sites are subject to review and comment by the public, as notified in this Public Notice. A total of 73 lease sites were identified in the lease applications. Pertinent data and information on each of the 25 applications received, numbered SCALP-10-01-01 to SCALP-10-01-25, including the location (center point coordinates) of the lease sites, are contained in Attachment A to this Public Notice.

Suffolk County Shellfish Aquaculture Leases authorize access to public underwater lands for the controlled or partially controlled raising, breeding, growing, and containment of shellfish through on-bottom and/or off-bottom culture techniques for a term of 10 years. Pending the issuance of permits by the New York State Department of Environmental Conservation and other regulatory agencies, lessees would be allowed to deploy shellfish culture gear on their leases to facilitate shellfish grow-out activities.

Shellfish Aquaculture Leases may either be 2.5 or 5-acre circular plots, or a 10-acre square. The proposed sites are all located within the adopted Shellfish Cultivation Zone. All applicants have been participating in the New York State Department of Environmental Conservation Temporary Marine Area Use Assignment program without incident.

The Aquaculture Lease Status Map shows the location of the 73 lease sites submitted for consideration under Lease Application Cycle #1. This map is available for viewing at the Interactive Aquaculture Lease Status Website, which can be accessed at www.suffolkcountyny.gov/aquaculture. This map shows the regional distribution of the sites throughout Peconic Bay and Gardiners Bay. It is emphasized that only about one-third of the lease sites could potentially be leased at this time.

This Public Notice and maps showing the sites selected by each applicant for review have been posted at the following locations:

- Suffolk County Department of Planning, 100 Veterans Memorial Highway, Hauppauge, NY 11788
- Suffolk County Clerk's Office, 310 Center Drive, Riverhead, NY 11901
