Stakeholder Meeting
Sewer District #3 – Southwest Service Area Expansion
Sewering Feasibility Study

Suffolk County Department of Public Works in coordination with Legislators Wayne Horsley, Tom Barraga, Lou D’Amaro, DuWayne Gregory and Steve Stern and the Towns of Babylon and West Islip will hold a public information meeting of project stakeholders to discuss **the Suffolk County Sewer District #3 – Southwest Service Area Expansion Sewering Feasibility Study** on Tuesday, **July 31st at 7 pm** at the **Babylon Town Hall Annex Auditorium** located at **281 Phelps Lane in North Babylon**. At this meeting, Suffolk County Department of Public Works will update stakeholders on the progress of the study and provide preliminary recommendations on sanitary sewer infrastructure needs for the six areas – Deer Park, North Babylon, West Babylon, Wheatley Heights, Wyandanch, and West Islip – to be serviced by Suffolk County Sewer District #3. Additional information about this study is available on the project website at www.swsuffolksewers.org

NOTICE TO BIDDERS

SUFFOLK COUNTY DEPARTMENT OF PUBLIC WORKS
YAPHANK, NEW YORK

Sealed bids will be received at the Office of Suffolk County Department of Public Works, Purchasing Unit, (Room 103), 335 Yaphank Avenue, Yaphank, New York 11980, until 11:00 AM local time on **August 14, 2012** at which time they will be publicly opened and read for:

**Installation of Fire Sprinkler System,
Deepwells Mansion
St. James, New York**

CAPITAL PROJECT NO. 7510

The work consists of the following:

The work consists of the following in a historic building:

- Installation of a new dry-pipe sprinkler system.
- Installation of a new fire water service and associated backflow prevention device.
- Installation of electrical power, controls and fire alarm devices associated with the new dry-pipe sprinkler system.
- Cutting and patching and miscellaneous general construction associated with the new dry-pipe sprinkler system.

CONTRACT NO. 1 - GENERAL CONSTRUCTION (Not Used)

CONTRACT NO. 2 – PLUMBING

CONTRACT NO. 3 - H.V.A.C. – (Not Used)

CONTRACT NO. 4 - ELECTRICAL (Not Used)

Note: This Project is to be bid as a **single prime project**. Bidders shall submit with their bids, a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed-upon amount to be paid to each as applicable, for: (a) plumbing and gas fitting (i.e., Plumbing Work), (b) steam heating, hot water heating, ventilating and air conditioning apparatus (i.e., HVAC Work which includes fire sprinkler) and (c) electric wiring and standard illuminating fixtures (i.e., Electrical Work). The apparent low bidder's subcontract information will be opened and read aloud at the bid opening.

Contract Documents, including Instructions to Bidders, Bid Forms, Specimen Agreement, General Conditions, Specifications, Drawings and other contract documents may be examined and obtained at the Offices of Suffolk County Department of Public Works, Purchasing Unit, Room 103, 335 Yaphank Avenue, Yaphank, New York 11980, between the hours of 9:30AM and 3:30PM daily, except Saturdays, Sundays and holidays, on or after July 19, 2012.

There is a mandatory walkthrough of the facility scheduled for **Tuesday July 31, 2012 at 10:00 AM. BIDDERS MUST ATTEND THE WALKTHROUGH.** Those not attending the walkthrough and submitting a bid will be deemed unresponsive and their bid will not be opened. Attendance will be taken.

A deposit of One Hundred dollars (\$100.00) in the form of a check will be required for one full set of Contract Documents. Deposit checks or money orders shall be made payable to the "Suffolk County Treasurer." Cash will not be accepted.

Prospective BIDDERS or their agents will be required to provide the following information in order to obtain a set of Drawings, Project Manual and Proposal Forms: Company Name, Address, Telephone and FAX Number, E-Mail Address, and Federal ID Number.

A full refund will be made to bidders for return of one set of Contract Documents. A 50% refund will be made for return of any additional sets. A 50% refund will be made to Non-Bidders for each set returned. The successful bidder will receive full refund for all sets. Contract Documents must be in good condition and must be returned within thirty (30) days of award or rejection of bids. Deposit on sets not returned within this period will be forfeited.

Bids for this contract shall be submitted in a separate sealed envelope with name of the contract clearly noted on the outside of the envelope. Bids shall be accompanied by a certified check or bid bond in an amount not less than five percent (5%) of the total Base Bid, made payable to the Suffolk County Treasurer. The bid bond will be held as a guarantee that in the event the bid is accepted and contract awarded to the Bidder, the contract will be duly executed and properly secured.

Awards will be made to the lowest responsive and responsible Bidder in conjunction with Section A4-14 of the Suffolk County Administration Code establishing an optional ten percent (10%) local (Nassau/Suffolk) preference program for Suffolk County contracts.

The bids shall be delivered in person by the Bidder or his agent at the time and place stated.

NOTE: Notice to Bidders and Bid Results are posted on the Suffolk County Web Site at <http://www.suffolkcountyny.gov>. Go to Department Directory link and scroll down menu and choose Public Works. Then click on Bids and Contracts. Bid Results will not be given out over the telephone. You are requested to access the County website for this information. If you are not in attendance at the bid opening, please be patient while we process and post the results. Results will typically be posted within 24 hours after the bid opening.

Please note that all construction projects over \$250,000 advertised after July 17, 2008 will be subject to OSHA training requirements pursuant to Section 220-h of the NYS Labor Law.

Please note that all construction contracts involving construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition, or otherwise providing for any building, facility or physical structure of any kind with a value in excess of \$250,000 and up to \$3,000,000 after March 27, 2002 will be subject to Apprenticeship Training Program requirements pursuant to Article 23, Section 816b of the NYS Labor Law and Suffolk County Resolution No. 190-2002.

The Commissioner of Public Works reserves the right to reject any and all bids.

Any Questions regarding this project shall be directed to:

PROJECT MANAGER: Martin McMorrow, P.E.

NOTICE TO BIDDERS

SUFFOLK COUNTY DEPARTMENT OF PUBLIC WORKS
YAPHANK, NEW YORK

Sealed bids will be received at the Office of Suffolk County Department of Public Works, Purchasing Unit, (Room 103), 335 Yaphank Avenue, Yaphank, New York 11980, until 11:00 AM local time on **August 23, 2012**, at which time they will be publicly opened and read for:

**SUFFOLK COUNTY SEWER DISTRICT NO. 21 SUNY STONY BROOK
WASTEWATER TREATMENT PLANT IMPROVEMENTS
CAPITAL PROJECT NO. 8121**

The work consists of furnishing labor, supervision, materials, tools, equipment and accessories, as may be required, for the proper execution and construction of the wastewater treatment plant modifications while maintaining the plant in operation. The following is a general outline of work only and shall not be construed as complete description of the Work to be performed under these Contracts.

CONTRACT NO. 1 – 8121G – GENERAL CONSTRUCTION

1. Plant Influent Chamber
 - a. Perform miscellaneous demolition work.
 - b. Extend existing concrete isolation wall to grade and provide new grating and associated supports.
2. Screen Building
 - a. Perform miscellaneous demolition work.
 - b. Remove and replace building roof system including new perimeter safety railing.
 - c. Provide new interior and exterior walls.
 - d. Provide new exterior doors.
 - e. Provide new WAS pump assemblies with motors, valves, piping, flowmeter, seal water system and accessories.
 - f. Provide new Gravity Thickener Transfer Pump assembly with motor, valves, piping, seal water system and accessories.
 - g. Provide new Sludge Storage Holding Tanks Transfer Pump assembly with motor, valves, piping, seal water system and accessories.
 - h. Provide new interconnecting piping between new and existing systems.
 - i. Provide new Sodium Hypochlorite and Sodium Hydroxide storage tanks, fill stations and accessories.
 - j. Provide new Sodium Hypochlorite and Sodium Hydroxide feed pump assemblies with motors and associated valves, piping and accessories.
 - k. Provide prefabricated containment pad at chemical fill stations.
3. Oxidation Ditch
 - a. Perform miscellaneous demolition work.
 - b. Provide new shafts, bearings, base plates and couplings for all existing disc aerator assemblies.
 - c. Provide new motors, speed reducers, base plates and VFD's for disc aerator assemblies.
 - d. Provide Effluent Control Structure new downward opening weir gates with operators and accessories.
 - e. Provide new gaskets and seals for existing weather hoods.
 - f. Provide new shaft splash guards.
 - g. Provide new process control system and associated instrumentation.

4. Final Clarifiers
 - a. Perform miscellaneous demolition work.
 - b. Install new final clarifier mechanisms and associated components.
 - c. Remove and replace influent sluice gates and operators.
5. Denitrification Facility and Methanol Feed System
 - a. Clear and grub vegetation at the denitrification filter building site.
 - b. Reconfigure the existing storm water basin.
 - c. Remove and reinstall existing concrete headwall and concrete leaching rings in the storm water basin. Extend existing piping to new headwall and leaching ring locations.
 - d. Construct new concrete headwalls in the storm water basin.
 - e. Modify the existing storm water collection system to discharge to the new storm water basin.
 - f. Construct new denitrification filter building site curbing and asphalt pavement.
 - g. Provide new storm water collection system.
 - h. Provide new interconnecting manholes.
 - i. Provide new yard piping.
 - j. Construct new Denitrification Facility Building
 - k. Provide new Denitrification Filter system including feed pumps, backwash pumps, backwash blowers, mudwell pumps, filter media, control panel, instrumentation, nitrate analyzer, valves, gates, piping and associated components.
 - l. Provide new methanol feed system including storage tank, pumping system with FRP enclosure, piping, valves, instrumentation and associated components.
 - m. Provide new methanol transfer facility containment area.
 - n. Provide new fence and gate at the denitrification filter building site.
6. Effluent Pump Station
 - a. Provide new exterior sound attenuation wall system for existing standby generator located in Effluent Pump Station.
7. Sludge Pump Station
 - a. Provide new IMLR pump assemblies with motors and associated valves, piping, flow meter and accessories.
 - b. Provide new RAS flow meters and associated piping modifications.
 - c. Replace miscellaneous RAS/drain plug valves.
8. Gravity Belt Thickener (GBT) Room Addition
 - a. Relocate existing miscellaneous underground utilities.
 - b. Construct new GBT room building addition.
 - c. Provide new GBT, wash water booster pump, sludge conditioning system, control panel and associated components.
 - d. Provide new liquid polymer feed system, control panel and associated components.
 - e. Provide new GBT Transfer Pump assembly with motor, valves, piping, seal water system and accessories.
 - f. Provide new trench drain and associated piping and manhole.
9. Odor Control System
 - a. Perform miscellaneous demolition work.
 - b. Provide new Odor Control System including piping, valves, control panel, instrumentation, FRP ducts and associated components.
10. Gravity Thickener Tank
 - a. Perform miscellaneous demolition work.
 - b. Install new Gravity Thickener mechanism, cover and associated components.
11. Process Monitoring and Control System
 - a. Provide Process Monitoring and Control System including associated process control panels, fiber optic termination cabinets, operator work station and instrumentation.

CONTRACT NO. 2 – 8121P – PLUMBING

1. Screen Building
 - a. Perform miscellaneous demolition work.
 - b. Provide modifications to existing domestic water distribution system.
 - c. Provide new hot water heater.
 - d. Provide new emergency showers and eye washes.
 - e. Provide new roof drains and associated piping.
2. Denitrification Facility and Methanol Feed System
 - a. Provide new domestic water distribution system and service sink.
 - b. Provide new hot water heaters.
 - c. Provide new floor drain system.
 - d. Provide new emergency showers and eye washes at Methanol Feed System.
3. Sludge Pump Station
 - a. Provide new RPZ assembly and associated components.
4. Gravity Belt Thickener (GBT) Room Addition
 - a. Provide new domestic water distribution system.
 - b. Provide new roof drains and associated piping.
5. WWTP Standby Generator
 - a. Provide natural gas service to new standby generator including gas meter assembly and associated components and coordinate work with National Grid.

CONTRACT NO. 3 – 8121H – H.V.A.C.

1. Screen Building
 - a. Perform miscellaneous demolition work.
 - b. Provide new heating and ventilation systems including piping, valves, ductwork, control panels and associated components.
 - c. Provide new unit heaters, piping, valves and associated components.
2. Denitrification Facility and Methanol Feed System
 - a. Provide new heating and ventilation systems including ductwork, control panels and associated components.
 - b. Provide new unit heaters and associated components.
 - c. Provide new louver dampers and actuators.
3. Gravity Belt Thickener (GBT) Room Addition
 - a. Provide new heating and ventilation systems including piping, valves, ductwork, control panels and associated components.
 - b. Provide new unit heaters, piping, valves and associated components.

CONTRACT NO. 4 – 8121E – ELECTRICAL

1. Influent Pump Station
 - a. Remove and replace fire alarm system and associated components.
 - b. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
2. Screen Building
 - a. Perform miscellaneous demolition work.
 - b. Provide new VFD's for WAS pump assemblies.
 - c. Provide modifications to existing MCC.
 - d. Remove and replace fire alarm system and associated components.
 - e. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.

3. Oxidation Ditch
 - a. Perform miscellaneous demolition work.
 - b. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
4. Final Clarifiers
 - a. Perform miscellaneous demolition work.
 - b. Provide electrical power equipment, conduits and cable for interconnecting of power, control and instrumentation.
5. Denitrification Facility and Methanol Feed System
 - a. Provide new MCC.
 - b. Provide indoor and emergency lighting systems.
 - c. Provide outdoor lighting systems.
 - d. Provide new VFD's for Denitrification Filter feed pumps and backwash pumps.
 - e. Provide new fire alarm system and associated components.
 - f. Provide new security camera's and door access scanners and associated components.
 - g. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
6. Effluent Pump Station
 - a. Provide modifications to existing pump control panel.
 - b. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
7. Sludge Pump Station
 - a. Perform miscellaneous demolition work.
 - b. Provide new motors and VFD's for RAS pump assemblies and accessories.
 - c. Provide new VFD's for IMLR pump assemblies.
 - d. Provide modifications to existing MCC.
 - e. Remove and replace fire alarm system and associated components.
 - f. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
8. Gravity Belt Thickener (GBT) Room Addition
 - a. Relocate existing miscellaneous underground electrical utilities.
 - b. Provide indoor and emergency lighting systems.
 - c. Provide outdoor lighting systems.
 - d. Provide new VFD for GBT Transfer Pump.
 - e. Provide new fire alarm system and associated components.
 - f. Provide new security camera's and door access scanners and associated components.
 - g. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
9. Odor Control System
 - a. Provide electrical power equipment, conduits and cable for interconnecting of power, control and instrumentation.
10. Gravity Thickener Tank
 - a. Perform miscellaneous demolition work.
 - b. Provide electrical power equipment, conduits and cable for interconnecting of power, control and instrumentation.
11. Process Monitoring and Control System
 - a. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
12. WWTP Standby Generator
 - a. Install new 450 KW natural gas fueled generator equipped with catalytic converter, exhaust silencer and sound attenuation enclosure and portable generator connection box.
 - b. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.
13. Administration/Service Building

- a. Perform low voltage switchgear modifications to accommodate new WWTP Standby Generator.
- b. Remove and replace fire alarm system and associated components.
- c. Provide electrical power equipment, underground duct banks, conduits and cable for interconnecting of power, control and instrumentation.

This project will be bid as a multiple prime contract. Contract Documents, including Instructions to Bidders, Bid Forms, Specimen Agreement, General Conditions, Specifications, Drawings and other contract documents may be examined and obtained at the Offices of Suffolk County Department of Public Works, Purchasing Unit, Room 132, 335 Yaphank Avenue, Yaphank, New York 11980, between the hours of 9:30AM and 3:30PM daily, except Saturdays, Sundays and holidays, on or after **Friday, July 20, 2012.**

A pre-bid walk through will be conducted at the plant (Administration/Service Building) on **Thursday, July 26, 2012 at 9:00am.**

One week later, on **Thursday August 2, 2012 at 9:00am.**, the site will be open for 2 hours between 9:00 a.m. and 11:00 a.m., to prospective bidders and contractors to informally walk the site again. The second site visit is not mandatory and questions will not be fielded by county staff. Visitors must sign in at the plant Administration/Service Building after parking. Interference or hindering the activities of county personnel or the operation of the wastewater treatment plant is prohibited on both occasions.

A deposit of **one hundred dollars (\$100.00)** in the form of a check will be required for one full set of Contract Documents. Deposit checks or money orders shall be made payable to the "Suffolk County Treasurer." Cash will not be accepted.

Prospective BIDDERS or their agents will be required to provide the following information in order to obtain a set of Drawings, Project Manual and Proposal Forms: Company Name, Address, Telephone and FAX Number, E-Mail Address, and Federal ID Number.

In addition, after picking up the bid package please fax or e-mail the following information to Lars Augustin at (516) 921-1565 (laugustin@gfnet.com): Company Name, contact person in charge of preparing bid, telephone number, fax number where addendums will be sent and email address (if available). This information will be used to send out information regarding addendums so bidder is responsible for supplying the correct contact information.

A full refund will be made to bidders for return of one set of Contract Documents. A 50% refund will be made for return of any additional sets. A 50% refund will be made to Non-Bidders for each set returned. The successful bidder will receive full refund for all sets. Contract Documents must be in good condition and must be returned within thirty (30) days of award or rejection of bids. Deposit on sets not returned within this period will be forfeited.

Bids for this contract shall be submitted in a separate sealed envelope with name of the contract clearly noted on the outside of the envelope. Bids shall be accompanied by a certified check or bid bond in an amount not less than five percent (5%) of the total Base Bid, made payable to the Suffolk County Treasurer. The bid bond will be held as a guarantee that in the event the bid is

accepted and contract awarded to the Bidder, the contract will be duly executed and properly secured.

Awards will be made to the lowest responsive and responsible Bidder in conjunction with Section A4-14 of the Suffolk County Administration Code establishing an optional ten percent (10%) local (Nassau/Suffolk) preference program for Suffolk County contracts.

The bids shall be delivered in person by the Bidder or his agent at the time and place stated.

NOTE: Notice to Bidders and Bid Results are posted on the Suffolk County Web Site at <http://www.suffolkcountyny.gov>. Go to Department Directory link and scroll down menu and choose Public Works. Then click on Bids and Contracts. Bid Results will not be given out over the telephone. You are requested to access the County website for this information. If you are not in attendance at the bid opening, please be patient while we process and post the results. Results will typically be posted within 24 hours after the bid opening.

Please note that all construction projects over \$250,000 advertised after July 17, 2008 will be subject to training requirements pursuant to Section 220-h of the NYS labor Law.

The Commissioner of Public Works reserves the right to reject any and all bids.

BOND RESOLUTION NO. 375 - 2012

BOND RESOLUTION OF THE COUNTY OF SUFFOLK, NEW YORK, AUTHORIZING THE ISSUANCE OF \$150,000 BONDS TO FINANCE THE COST OF THE PAYMENT OF A SETTLEMENT IN A BUS LIABILITY CASE

The object or purpose for which the bonds are authorized is the payment of a settlement in a bus liability case, at the estimated maximum cost of \$150,000.

The amount of obligations authorized to be issued is \$150,000.

The period of probable usefulness of the bonds is five (5) years.

A complete copy of the Bond Resolution summarized above shall be available for public inspection during normal business hours at the office of the Clerk of the Legislature, W.H. Rogers Legislature Building, 725 Veterans Memorial Highway, Smithtown, New York.

The bond resolution was adopted on May 8, 2012.

LEGAL NOTICE

The resolution, a summary of which is published herewith, has been adopted on May 8, 2012 and the validity of the obligations authorized by such resolution may be hereafter contested only if such obligations were authorized for an object or purpose for which the County of Suffolk, New York, is not authorized to expend money or if the provisions of law which should have been complied with as of the date of publication of this Notice were not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the publication of this Notice, or such obligations were authorized in violation of the provisions of the constitution.

BY ORDER OF THE COUNTY LEGISLATURE
OF THE COUNTY OF SUFFOLK

DATED: May 8, 2012
Smithtown, New York

Tim Laube
Clerk of the Legislature

BOND RESOLUTION NO. 382 - 2012
