**1<sup>st</sup>** **RESOLVED**, by the County Legislature of the County of Suffolk, New York, as follows:

Section 1. Upon evidence given at the aforesaid public hearing and after due consideration of the maps, plans, reports, recommendations, and data filed with the County Legislature, it is hereby found and determined that it is in the public interest to perform the increase and improvement to process and treatment facilities at Suffolk County Sewer District No. 21 – SUNY which includes the County Sewer District No. 10 – Stony Brook and Sewer District No. 19 – Haven Hills and Brookhaven Sewer District No. 1, that the proposed work is adequate and appropriate, and will not constitute an undue burden on the property which will bear the cost thereof;

Section 2. Upon evidence given at the aforesaid public hearing and after due consideration of the maps, plans, reports, recommendations, and data filed with the County Legislature, the Legislature further finds and determines that it is in the public interest to expend \$4.3 million on the increase and improvement to process and treatment facilities at

Suffolk County Sewer District No. 21 – SUNY which includes the County Sewer District No. 10 – Stony Brook and Sewer District No. 19 – Haven Hills and Brookhaven Sewer District No. 1;

Section 3. Upon evidence given at the aforesaid public hearing and after due consideration of the maps, plans, reports, and recommendations, and data filed with the County Legislature, it further finds and determines that it is in the public interest to provide for the increase and improvement to process and treatment facilities at Suffolk County Sewer District No. 21 – SUNY which includes the County Sewer District No. 10 – Stony Brook and Sewer District No. 19 – Haven Hills and Brookhaven Sewer District No. 1 at a maximum cost of \$4.3 million which represents the aforementioned project which will be attributable to the increase and improvement to process and treatment facilities of said sewer district, those improvements defined as Phase 2A including construction of de-nitrification facilities and process enhancement. Section 4. Upon evidence given at the aforesaid public hearing and after due consideration of the maps, plans, reports, recommendations, and data filed with the County Legislature, it further finds that the total cost for the increase and improvement to Suffolk County Sewer District No. 21 – SUNY Phase 2A project is approximately \$16.0 million; \$4.3 million to be borne by the district users including SUNY (\$3,532,149) and SCSD No. 10 and SCSD No. 19 (\$767,851). The existing district is billed on a percentage of use and includes district service area components, i.e., the SUNY Stony Brook campus, Suffolk County Sewer District No. 10 – Stony Brook, Suffolk County Sewer District No. 19 – Haven Hills, and Brookhaven Sewer District No. 1. It is proposed that the project will be implemented during 2012 and that financing will include a Clean Water Clean Air Bond Act Grant of \$12.07 million. It is indicated in the map, plan, and report that the financial impact has been prepared considering the grant and ASRF subsidy that result in the cost to the typical property for the property owners of Sewer District No. 10 and Sewer District No. 19 to be \$14.95 and \$6.00 per year, respectively. There will be no fiscal impact to the benefited properties, since pursuant to the Suffolk County Assessment Stabilization Reserve Fund, all residents of Sewer District No. 10 and Sewer District No. 19 experience a 3% annual increase regardless of any improvements performed with the annual typical property increase being implemented for this district will result in an increase to the typical property of less than \$19.18;

Section 5. Upon evidence given at the aforesaid public hearing and after due consideration of the maps, plans, reports, recommendations, and data filed with the County Legislature, it is found and determined that all property and property owners within the existing Suffolk County Sewer District No. 21 – SUNY which includes the County Sewer District No. 10 – Stony Brook and Sewer District No. 19 – Haven Hills and Brookhaven Sewer District No. 1 will be benefited by such increase and improvement of facilities and that no benefited property has been excluded;
