**SUFFOLK COUNTY SHELLFISH AQUACULTURE LEASE PROGRAM IN  
PECONIC BAY AND GARDINERS BAY**

**PUBLIC NOTICE**

**REQUEST FOR WRITTEN COMMENTS ON PROPOSED SHELLFISH AQUACULTURE LEASE SITES**

Notice is hereby given that the Suffolk County Department of Economic Development and Planning has received 16 applications for shellfish aquaculture leases in Peconic and Gardiners Bay pursuant to Local Law 25-2009, *A Local Law Establishing the Suffolk County Shellfish Aquaculture Lease Program in Peconic Bay and Gardiners Bay* (Chapter 475, Article II of the Suffolk County Code). Applicants were asked to select up to three preferred lease site locations in priority order, thus identifying 32 proposed lease sites. These applications were solicited under the 2015 Lease Application Cycle from prospective shellfish farmers who are interested in obtaining access to underwater lands for the controlled raising, breeding, growing, and containment of shellfish through on-bottom and/or off-bottom culture techniques for a term of 10 years. Prior to deploying any shellfish culture gear on their lease site, leaseholders must receive permits from the New York State Department of Environmental Conservation and other pertinent regulatory agencies.

Due to the annual acreage cap limitation, nine 10-acre lease sites can potentially be leased under this Application Cycle (total of 90 acres). All proposed sites are all located within the adopted Shellfish Cultivation Zone. Pertinent information on each of the 16 applications received, numbered SCALP 15-01-01 to SCALP 15-01-16, is contained in Attachment A of this Public Notice. Although 16 lease applications were received, it is emphasized that only nine 10-acre sites could potentially be leased under the 2015 Lease Application Cycle.

**PUBLIC COMMENT:**

This Public Notice and the locations of the proposed lease sites may be reviewed at the address listed below, or by accessing the Aquaculture Lease Program Website:

<http://suffolkcountyny.gov/Departments/Planning/Divisions/EnvironmentalPlanning/AquacultureLeaseProgram/PublicNotices.aspx>

All comments regarding the lease applications must be prepared in writing and mailed to the contact person listed below by close of business on **June 1, 2015**. Such comments should be targeted to a specific lease site(s) by referencing the applicable Lease Site Map ID #(s), as shown on Attachment A in this Public Notice. The comments should include supporting documentation and data to the maximum extent possible. Those parties raising an objection to the leasing of a particular site or sites based on reasons of natural productivity and commercial fishery, should send a notarized letter, stating the particular reason(s) for the objection. Documentation supporting the claim should also be provided, including a copy of the parties' commercial harvest license, and documentation on harvests and sales, as applicable.
