## NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that the Legislature of the County of Suffolk New York will meet at the County Center in Riverhead, New York in said County, on 16<sup>th</sup> day of May 2017, at 2:30 pm, Prevailing Time, for the purpose of conducting a public hearing upon a proposal for an amendment to 2005 Map and Plan for the increases and improvements to the facilities of Suffolk County Sewer District No. 18 – Hauppauge Industrial; in and about the Town of Smithtown, substantially in accordance with the amended maps, plans, report and recommendations prepared by the Suffolk County Sewer Agency, with the assistance of the Suffolk County Department of Public Works, and filed with the Legislature of the County of Suffolk, at which time and place said County Legislature will consider such proposal and hear all parties interested therein concerning the same.

Suffolk County Resolution Nos. 1010-2005, 378-2008, 1019-2012, 1107-14 and 484-2016 found and determined that it was in the public interest to increase and improve the facilities of Sewer District No. 18 – Hauppauge Industrial and to extend the boundaries of said district. This work has been initiated and has progressed with the wastewater treatment facility and portions of sewer work construction completed while the remaining sewer installation will be constructed in the near future. However, additional funds are needed to complete all work. The public hearing is being held to address a proposed cost amendment to 2005 Map and Plan for the increase and improvement of the facilities of Sewer District No. 18 – Hauppauge Industrial and to extend the boundaries of said district.

### Notice of Cost

The cost of the increase and improvement of the facilities of Sewer District No. 18 – Hauppauge Industrial and the extension of the boundaries of such district has risen from an estimated cost of \$65 million in 2005 to an estimated cost of \$90.7 million as set forth in the amended Map and Plan.

There will be no fiscal impact to the benefited properties within Suffolk County Sewer District No. 18 – Hauppauge Industrial, since pursuant to the Suffolk County Assessment Stabilization Reserve Fund (ASRF), all property owners in Suffolk County sewer districts experience a 3% annual increase regardless of any increases or improvements performed. In the case of Suffolk County Sewer District No. 18, the annual ASRF increase will result in an increase of approximately \$93 per 1,000 gallons to the typical property within the District, regardless of additional funds necessary to complete the increase and improvement and extension of boundaries. Therefore, there is no fiscal impact caused to the benefited properties in the District as a result of the amendment of the 2005 Map and Plan to reflect an increase in the cost to the increases, improvements, and extension of boundaries of the District.

Copies of the map, engineering report, the public hearing report and the project summaries are available in the Hauppauge Industrial Association's office at 225 Wireless Blvd., the Office of the Department of Public Works, located in Yaphank and the Office of the Clerk of the County Legislature where they can be reviewed during normal business hours Monday through Friday. We encourage all interested parties to appear. Any questions should be forwarded to Ben Wright at 631-852-4184 at the Suffolk County Department of Public Works.

It is requested that speakers prepare a written statement to submit for the record.

Clerk of the County Legislature
