

The SUFFOLK COUNTY LEGISLATURE and
PRESIDING OFFICER DUWAYNE GREGORY

Proudly introduce the...

EMPOWERING THE FUTURE OF SUFFOLK COUNTY

Are you a young professional who wants direct access
to the people making decisions about *your future*?

Do you feel your age group is
underrepresented in county government?

Want to *weigh in* on legislation and policies
affecting young professionals?

**The Suffolk County *NEXT* GENERATION
Advisory Council will give you a seat at the table.**

The council will bring together the county's top young minds
and leaders to weigh in on and help craft proposals, projects
and policies that directly affect Suffolk's Next Generation.

Help us launch this initiative by calling (631) 853-5807, emailing
