LEGISLATOR GREGORY INVITES RESIDENTS TO "SHED THE MEDS"

Amityville, NY - Suffolk County Legislator DuWayne Gregory (15th LD), Town of Babylon Department of Human Services and the Suffolk County Sheriff's Department are sponsoring a pharmaceutical disposal day on Wednesday, September 15th from 11:00 am to 3:00 pm at the North Amityville Senior Center located at 48 C Cedar Road, Amityville, New York.

"People abusing prescription drugs is on the rise on Long Island and why take the chance of having your unused or expired medications end up in the wrong hands," said Legislator Gregory.

This is a great way for residents to clean out their medicine cabinets while also protecting our groundwater from contamination when these prescriptions are flushed.

For more information about our "SHED THE MEDS" day, please contact Legislator Gregory's office at (631) 854-1111.
