Coordinated Camera Initiative Announced to Boost Public Safety in Huntington and Entire County

Suffolk County Police Commissioner Timothy D. Sini and 18th District Legislator William Spencer will announce the implementation of 13 overt surveillance video cameras throughout the police district.

Thirteen cameras have been strategically placed throughout SCPD's seven precincts as another tool to help officers fight crime and to better protect Suffolk County residents. The highly visible video cameras, marked with SCPD emblems, can be mounted and moved as needed within each precinct.

Images from the full-color, full motion cameras that pan, tilt and zoom (PTZ) can be accessed remotely through a secured system by SCPD officials via computer or phone. The state of the art equipment was purchased with \$130,000 from a program funded by SCPD asset forfeiture resources.
