Shirley, NY – The sun shined on the newly constructed William Floyd Square in Shirley this past Saturday, May 17 for a large community planting organized by Legislator Kate Browning (WF-Shirley) and an umbrella beautification committee made up of members from the William Floyd Community Summit, Mastic-Moriches Shirley Library and Knights of Columbus. The volunteers planted over 1400 marigolds, which were made possible through a donation from Gould Investors, owners of the Pathmark shopping center across the street. Supplies were also donated by Nick Pursino of Water Wizard Lawn Sprinklers, who also maintains the sprinkler system at the square at no charge to taxpayers.

“It was a beautiful spring day to be out planting the first flowers of the season as the statue of William Floyd looked on,” stated Legislator Browning. “I want to thank all of the volunteers who helped make the planting a success. Our community received a major upgrade last fall with the construction of the William Floyd Square, and efforts like this continue to enhance the area. It is great to see so many passionate residents getting involved.”
